The Haddix-Butler murder case on trial at Broken Bow last week was finished Saturday, the jury bringing in a verdict of murder in the second degree against Scott Haddix. Judge Hoste reserved sentence till after the defense has presented argument for a new trial. In rendering its verdict, the jury requested the prisoner receive the mercy of the court. Later—the court overruled the motion for a new trial and Haddix was sentenced to serve two years in the penitentiary. The case will undoubtedly be carried to the supreme court.

The ladies of the Baptist Aid Society held an old-fashioned social and supper at their church, last Thursday evening, to celebrate the advent of the new lighting system for the church in place of the tin-honored chandeliers which have shed their refrugent rays over the worshippers of that church for years. A splendid supper, prepared by the ladies was eagerly sought by hungry humanity, the tables being well filled from 6 to 8 o'clock. Following the supper, at a given signal, the old lights were replaced by the new, the church being in momentary darkness during the change, the new lights being hailed with delight by those present. Following came a short but interesting program prepared for the occasion, preceded by a felicitous speech by Jud. E. Angier on the happy change and then after a social time of greetings the most enjoyable evening was at an end. Financially, as well as socially, the occasion was a grand success.

Last Sunday, while a ten-year-old son of John Czaplowski, living a few miles east of town, was driving a team, the horses ran away, throwing the boy from the wagon, one wheel running over his head, severing an ear in two and almost mashing the member into a pulp. Dr. Long attended the injured boy, taking several stitches in the ear and rendering the patient as comfortable as possible.

Decent Politics and Reforms.

Lincoln Evening News: Enclosed find check for \$5. for one year's subscription to The Lincoln Daily News. I like the paper very much indeed and have often taken occasion to commend its stand for decent politics and fundamental reforms. It is worth a good deal to the advocates of such measures as the single tax, direct primary, direct legislation, etc. to have an influential paper which will give moral support, or at any rate, fair treatment to their efforts, and I am glad The Lincoln News has grit enough to say that right is right and wrong is wrong, no matter by whom advocated or by whom opposed. This is not saying that I approve of every position you take. It is merely saying that I think you are trying to be fair, and that spirit among daily papers seems almost as rare as it is desirable. Respectfully,
A. G. CHAPMAN.

Reader, don't you want this kind of a paper? It costs only 25 cents a month.
