## Dirty Politics.

For some time past, in fact ever since John Mathewson received the Republican nomination for county clerk, certain hellish ghouls, who fatten their putrid carcasses on defamatory stories on good men's character, in endeavors to bring them down to their level, have been circulating false and malicious lies in regard to Mr. Mathewson's connection with the Green case near Litchfield. The case of the sad death of Green by an exploded cream separator, and of Honest John Mathewson's big-hearted endeavors to help the widow and fatherless orphans is too well known to need repeat the history. The following affidavits in regard to the matter should forever still the mouthings of the scandal-mongers:

State of Iowa,  
Black Hawk County, ss.

I, J. T. Sullivan, being first duly sworn upon oath say that I am engaged in practicing law at Waterloo, Iowa, that I am general attorney for the Iowa Dairy Separator Company; that I am personally acquainted with John Mathewson and Mrs. Charles Green, of Litchfield, Nebraska; that in June 1905, I went to Litchfield as counsel for the Iowa Dairy Separator Company of Waterloo, Iowa, after the death of Charles Green for the purpose of investigating the facts connected with the accident which caused the death of Charles Green; that after investigating the facts, I arrived at the conclusion that there was no liability whatever against the Iowa Dairy Separator Company on account of said accident. The separator in question which caused the accident, had been in operation for about five years, many repairs having been made on it by Mr. Stewart, the owner of said machine and farm upon which it was located, also the guard had been removed from the machine and also that it was operated without a guard at the time of the accident. That the apparent destitute condition of Mrs. Green and her small children appealed to me and I felt the desire to give her some assistance. I said to her at the time that I wanted to help her and asked her what amount would be satisfactory to her. She stated that about would appreciate anything that I would give her. She then stated that one Hundred-fifty Dollars (\$150.00) would be of great value to her and would carry her through the winter and would put them in position where she could support her family without any difficulty. I told her that I would give her a check for this amount as soon as she became administratrix of her husband's estate. After this conversation Mr. John Mathewson came to me at Litchfield and insisted that I was not giving Mrs. Green as much money as I should under the circumstances. He insisted that she should have Five Hundred Dollars (\$500.00), in order to purchase a small home for herself and children. After discussing the matter over for some considerable length of time, I finally consented to give her Three Hundred-Fifty Dollars (\$350), provided that the people of Litchfield would add One Hundred-Fifty Dollars (\$150) to buy her a home. Mr. John Mathewson agreed to see that the additional One Hundred-Fifty Dollars would be raised upon subscription. I have been informed since that time that rumors have been circulated in the vicinity of Litchfield that Mr. John Mathewson received One Hundred Dollars from me as compensation for assisting me in making the settlement. This statement is absolutely false and untrue. Mr. John Mathewson did not receive a single penny from me or any other person connected with the Iowa Dairy Separator Company for any services rendered, but upon the contrary the affiant states that he was compelled to pay to the estate of Charles Green Two Hundred Dollars (\$200) more than Mrs. Green had agreed to accept for her claim for damages against the said company.

By reason of the persistent efforts of said John Mathewson and because of the said John Mathewson's guaranteeing that he would raise enough money in addition to this Three Hundred-fifty Dollars to buy Mrs. Green a home in Litchfield, and that such rumors as has been circulated against John Mathewson is false and untrue and malicious, and without any foundation whatever therefore.

J. T. SULLIVAN,  
Subscribed in my presence by the said J. T. Sullivan and sworn to before me this 23rd day of September, 1905. J. W. ARTHUR, Notary Public for Black Hawk County, Ia.

LITCHFIELD, Nebraska, Sept. 25th, 1905.  
Sophia Green being first duly sworn, deposes and says she is the widow of Charles Greer, deceased, who was killed in the summer of 1905 by the breaking of a cream separator, near Litchfield, Nebraska. I offered to settle with the manufacturers of the Separator for One Hundred and Fifty Dollars before I saw John Mathewson about the matter and the Company afterward paid me Three Hundred and Fifty Dollars and the extra Two Hundred Dollars was obtained for me entirely through the efforts of said John Mathewson. Mr. Mathewson did not charge, nor did he get anything for obtaining this money for me. Mr. Mathewson was a neighbor, and his efforts were made as a neighborly act to help me out in the loss of my husband and my destitute condition.

SOPHIA GREEN,  
State of Nebraska, ss.  
Sherman County.

Subscribed and sworn to before me this 23rd day of September, 1905. D. W. TIRRE, Notary Public.

Only 23 counties in the state sent delegates to the state pop convention at Lincoln last week. And these 23 counties only had some forty delegates there to deliver over the party to the democrats

Bro. Brown did not return from Lincoln till last Friday, although the pop-demo conventions did their work on the Wednesday preceding. It is suggested it took an extra day or two for him to get his face back into shape after his party fused with the democrats, a thing he bitterly opposed. But he should be used to being swallowed by this time.

There seems to be no opposition to the re-election of Sheriff Williams this fall. To be sure, our populist friends placed some one on their ticket for the place, but so far we have not even heard their nominee mentioned since their convention, while Lou Williams is conceded to be the winner in an easy race. And why not? His first term has been flawless, and by common consent he is entitled to a second term.

Speaking of the coming election and the superintendency of our county schools, one of the most prominent educators of the state, who has known Professor M. H. Mead for years, said: "There should be no question as to who shall be elected to that most important office. Mead's eminent fitness, attained by education and years of experience in educational work make him one of the very best equipped men nominated by either party this year for county superintendent of schools. His nomination should, in the best interests of Sherman county, be followed by his election by a handsome majority." Patrons of our glorious school system will see to it that his election is assured.

At Mr. Johnson's stacks were blown down and his big barn moved off the foundation and the roof blown in. At Sweetwater, H. The MAJESTIC MALLEABLE and steel range a formerly turned out by the Majestic people has been considered throughout the entire country par-excellence, and far ahead of any other range made.
