Joe O'Bryan and Bert Chase went to Omaha Monday to take in the Ak-Sar-Ben festivities. Mesdames O'Bryan and Chase followed yesterday to surprise them. Suppose the editors' better halves had followed Brown and "we" at the state fair. It makes us chilly to even suppose.

Last Sunday night, during a free-for-all fight among a number of Polanders on the old Si Bassett farm up in Oak Creek township, one John Lonewski had the lower half his nose cut, bitten or torn open on one side half through. He came to town about midnight and had his smeller patched up by Dr. Main.
Messrs. Siepmann and Oltman arrived from Tipton, Iowa a few days since and have leased the old John Eggers meat market and ask a share of the public patronage. They will open the market for business Saturday morning. These gentlemen are both experts in their line and guarantee satisfaction to all. Give them a trial.

The exposition of the workings of the Majestic ranges at E. S. Hayhurst's hardware store all last week was witnessed daily by large numbers of the good housewives of Loup City and the country roundabout, and the comments of the feminine creation was most flattering. We understand a sale of 22 of the stoves resulted.

Miss Keeler kindly assisted us on the paper a few days this week during a rush of work, for which she will accept our editorial thanks.

Mrs. Green, the widow of the man who was killed in the separator accident some weeks since, is having a nice home built for her at Litchfield from the proceeds raised following her husband's untimely death. This is the case in which political enemies circulated the false and damaging report that John Mathewson received a rake-off from interested parties.
The ladies of the Baptist Aid Society to the number of about fifty gave Mrs. W. S. Waite a surprise party on Tuesday afternoon of this week on the (we never tell a lady's age) anniversary of her birthday. They took luncheon along and presented the indefatigable church worker with a nice rocker and footstool as an earnest of their regards, with best wishes for many returns of the day.

Arcadia Champion: A. J. Johnson and wife were up from Loup City the fore part of the week helping Mr. Boyce invoice his stock of groceries preparatory to turning it over to Mr. Botsford. Some of the ladies surprised Mrs. Boyce last Tuesday evening by taking a lunch and going in and spending the evening. Mrs. Boyce departed for Loup City yesterday morning where she will make her home for the winter.
While taking two of her children to school in the family buggy, last Monday, and with her babe on her lap, Mrs. E. C. Thornton, living some six miles west and north of Loup City met with an exciting, though fortunately not serious accident. The horse became frightened and ran away, passing through a wire fence, the bars of which cut Mrs. Thornton on one arm, one of the little girls receiving a gash across the nose and the other a wound on the forehead. The baby was not injured. No other damage.

Jim Baine yesterday moved into the south Charlton cottage, and J. S. Casady will occupy the house he vacated.

Dr. E. G. Blinks, wife and young son arrived from Michigan City, Ind., last evening, for a fortnight's visit with Mr. and Mrs. John W. Long.

The reported sale of the Gasteyer store this week, like the story of Mark Twain's death, "is greatly exaggerated," no foundation in fact.
There seems to be some hitch in getting the home play ready for the stage, since Mr. Choate left, but all is expected to be adjusted soon and the drama dated for a set time.

Will French had a tussle with a lot of sand in a cave-in at the gravel pit, Monday, coming out of it with a badly sprained limb. He will be all right in a few days and again ready for biz.
We were unable to attend the lecture at the Methodist church last evening by Rev. Davis, but learn it was fine, though ridiculously poorly patronized by the Epworth Leaguers, for whom it was presented.
We are indebted to our good friend James Rentfrow for the first watermelon brought to this office this season the said deed committed last Saturday. Mr. Rentfrow also sends this paper for a year to his daughter, Mrs. Kennedy, in Chicago.

A card from Rev. F. D. Kenndy at St. Paul requests us to change the address of his paper to Gibbon, Neb., where he has accepted a call from the Baptist society. We wish the reverend much success in his new pastorate as he is a royal Christian gentleman and an earnest church worker.
We looked through the new Elsner residence Sunday afternoon, and believe we are safe in asserting it is one of the best planned and best made cottages in the city. The building is finished in oak and hard pine, the rooms most convenient and pleasant and all in all up-to-date. Lee Adamson, who had the contract, Messrs. Holcomb and Larcheck, his assistants, Will Draper the plaster and finisher, and Art Elsner with his paint brush, have all done themselves proud in this exhibition of their handiwork.

The grand opening week of Miss Hunt's Millinery Bazar was all that could be expected. The crowds of ladies in attendance, the elegant display of fashionable hats, the sweet music furnished by Miss Ernie Odendahl, the expert trimming of Miss Hunt and her assistant, Miss Quigley, with the distracting display of feminine creations shown, make this emporium the apex of delightful visitation for our Loup City ladies, and the consequent disarrangement of the male vision. All the same, every mother, wife, sister and daughter can find just their heart's desire in this woman's paradise.

In the store window at C. W. Conbiser's may be seen the plans for the Catholic church to be built in Loup City. This will be one of the finest church buildings in this part of the state and certainly should be a source of pride to our citizens. The edifice is to be completed by October 1, 1906, and the contract has been let to Ohlsen Bros. There has been much need for such a place of worship for the very large membership of that faith which will thus be met, and it also means a great deal to the business interests of our city, as many of the farmers of Sherman county will make this their trading point who have heretofore been visiting neighboring towns because of lack of church privileges here. This church will be builded by Loup City contractors, with Loup City labor and of Loup City material, and every assistance and encouragement should be given the trustees and all parties interested in this enterprise.

IF YOU BUY
a heating stove without a reputation, because it is low priced, and you take it home and put a fire in it and it does not do the work as you think it ought to do, what are you going to do?

There is trouble ahead, no matter what is done.
You know, or, if not, it can be proved to you, before you take a genuine Round Oak home, that it is absolutely the best of all heating stoves. It is guaranteed—you are not allowed to take any chances.
We, therefore, advise our customers that it is economy for them to buy the genuine Round Oak.
We know that, for soft coal, with the new hot blast it makes the finest fire ever seen in a heating stove; that it will also burn hard coal (with or without magazine) to your perfect satisfaction; also coke or wood, and it will last. How long do you think the ordinary cheap heating stove will stand up? There is a point it will pay you well to look into.
Only the genuine has the name "Round Oak" on the leg.

Sold by
P. O. REED

"This is the famous, genuine Round Oak, Fritz—the stove you heard about way over in Germany. It is conceded to be the best heating stove in the world. It is the most popular stove ever made, and has the largest sale."
