THURSDAY, SEPTEMBER 30, 1915

Be a doer, not a dreamer.

CAPS AGAIN

Good for you, Freshmen. We like to see you with your green caps—it shows that you take pride in your class.

ANSWER THIS

Voltaire tells us that, "Originality is nothing but judicious imitation." The question is, does this also apply to the new dances?

THE YOUNG AT THE RALLY

Mr. Freshman: Do not be one of the few of your class to be at the rally today without your green cap. You will be thought less of if you do.

THE OLD TOO

Mr. Upperclassman: You should not take it upon yourself to stay away from the rally because you are not a Freshman. You are a unit of this institution and every unit counts, or should at least. Will you?

A DRY LAND

"Nebraska Dry 1916." Chance for you Public Speaking students to take advantage of an opportunity. That is, if you so see fit.

POLITICS

Dr. Baker says, "better vote for a good man on another ticket than a poor one on your own." Timely advice, for the University will soon be in the hands of the political worker. The parties are here even if sub-rosa.

FOR THE STUDENTS

"Not a question about it," said Mr. Whitten, Secretary of the Lincoln Commercial Club, "we have everything arranged for the big all-University reception and it will be held in the Auditorium on the evening of the 8th of October." Ask your fellow student if how ill he will be there. The odds are in favor of his being there.

Luck is a great word, with U the most important letter.

HITS BY BILLY SUNDAY

After all has been said religion is the measure of concern of men—their real base line of character. Many may revile it, but in their hearts men feel that in religion life finds its highest expression.

Beauty may please us, truth may strengthen us, but goodness commands us. A genius charms us, a philosopher instructs us, but a saint feeds us.

Christianity has always been a personal religion. Jesus was no organizer like Caesar or Mohammed. He formulated no plans. He founded no ecclesiastical system.

Men may deny the historical Christ or the metaphysical Christ and leave only the ideal, and they still have to reckon with a power of the first magnitude.

If Christ came to this city, do you think he would be received differently than he was in Judea? I would like to think that He would but I am not so sure. I do not believe you would have to go outside of this city to find people who would vote to crucify Him if He should enter this city today.

If the presence of Jesus Christ in your city would worry you, you may know that you are living in sin. If His presence would trouble you, it is a bad thing.

If Christ came to Omaha, where would you want Him to find you? In a saloon? In a house of disrepute, or with some crowd of scoffers?

If Christ came to Omaha, would you tell the brewery wagon not to call at your house in the future? Are there any books in your library that you would throw out or any pictures on the wall that you would tear down? Would you take anything out of your ice box?

If you want to avoid Christ it is because you are uneasily conscious that there is something in your life that He does not approve. It is a practical impossibility for a man to put himself face to face with Jesus and unblushingly lead a bad life.
