SIMMONS FILES AS ATTORNEY

Graduated from the University Last Spring—Stands Good to Win in Scottsbluff County

Many Nebraska men are being heard of as they leave the University and make their way in the world. Word has been received from Robert G. Simmons, through the Scottsbluff County Republican, as follows:

"Robert G. Simmons, who is well and favorably known to a great many of the people of Scottsbluff county, and especially to all old settlers living on the north side of the river, fled as a republican yesterday, for the office of county attorney, subject to the will of the republican voters of the county at the primaries to be held April 18, 1916. Robert Simmons was born on a farm known as the Simmons homestead about half way between here and Mitchell, and after the town was started came here to live with his parents, who were pioneer settlers in the town. His father, C. H. Simmons, being the postmaster here for over ten years. It was here that 'Bob' as he is commonly called by his friends, went from the grades through the high school and graduated with the class of 1909. Later he spent four years at the State University and graduated from there last spring, at the end of the school year.

"Late in the summer he opened a law office in Gering and has acquired considerable business and it is conceded that this worthy young man is deserving of any position and as the office of county attorney is a stepping stone to something higher and gives an attorney considerable prestige in his future practice, he has a host of friends all over the country who wish him success in the coming campaign."
 —Scottsbluff County Republican.

MILLER TO BE DISBARRED

Guilty of Conspiracy to Defraud the Burlington Railroad—Attorney-General Investigates

Mr. O. W. Miller, Law '13, is in danger of disbarment because of alleged conspiracy to defraud the Burlington railroad of money paid in settlement for damages received by Ershal Knight. The supreme court ordered the attorney general to investigate the case.

The charge against Miller was settled with consent of the county attorney of Lancaster county on condition that Miller would pay a fine of \$100 each for himself and Knight and William Redding, the latter having been charged with complicity in the conspiracy. Miller was also to reimburse the railroad company for \$350 which the company had paid him in settlement for the Knight claim for damages, and was to remain out of the state. Miller agreed to all this and left with his father for Atlantic, Ia. Knight alleged he was ruptured by stepping into a defective portion of the walk in front of the Burlington depot in Lincoln. The company settled with him and later Miller, as attorney for Knight was arrested on the conspiracy charge. It is alleged that Knight had been ruptured two years before while riding a horse and that Redding took him to Miller and exhibited his injury as a "gold mine." Then plans were alleged to have been laid to have Knight "hurt" himself by falling on the depot platform. The supreme court has taken notice of the matter and desires an investigation with a view to disbarment proceedings, if the facts warrant.

Barker Likes Missouri

A letter recently received from Prof. P. B. Barker, of the College of Agriculture, University of Missouri, says that he likes Columbia and his new work very much. At the time of writing he said that preparations were being

made for the annual farmers week. Speaking of this year's corn show, he said: "It is wonderful the intense interest that is being manifested in good corn in Missouri." Prof. Barker last fall resigned his position as head of the Department of Instructional Agronomy at the Nebraska College of Agriculture to become associate professor of Farm Crops at the Missouri College of Agriculture.

COACH STIEHM IN HOT WATER

Some Talk of His Resignation—He Denies Any Wrong—Athletic Board to Investigate

Jumbo Stiehm is certainly getting plenty of publicity out of Rutherford's signing up with Indiana. Maybe he is enjoying it, but he denies the assertion and says that he was true to his first love, even though he threw her over for a job with which was connected a more alluring salary.

Stiehm had been crowned king of the gridiron by about every Nebraskan football fan and now come some demands that he give up the halo and also the unearned salary. It seems, however, that he is loath to leave Nebraska until that institution had fulfilled its contract with him—in short hand over the full salary for this year.

The coach denies that he had anything to do with Dick's decision to leave here. If this is so, it is admitted that no blame can attach to him. On the other hand, if he wished to further Indiana's cause he certainly should have severed his connection

with this institution—plus the salary, before he upset the machine he had worked so long to perfect.

The Athletic Board will hold a meeting shortly to go into the matter in detail. It may ask Stiehm to see that Rutherford is released from his contract with the Hoosiers and it certainly is up to Stiehm to see that Richard gets through this mess with a clean record.

COLLECT FIFTY DOLLARS

Tag Day for the European Students' Relief Fund is Considered Successful One

The Tag day for the European Students' relief fund was a great success. About fifty dollars was taken in. Although this is a very poor showing for an institution as large as Nebraska, all that was contributed was very gratefully accepted. This money will go for the help of those students who are cut off from home on account of the war or are in the active service.

So much good can be done by a little sum of money that those fifty dollars are certain to be appreciated abroad. The men and women who are in the hospitals will be greatly benefited by this money, in that they may be given proper food and clothing. Those who are not in active service will be benefited, because it means
