Entered at the postoffice at Lincoln, Nebraska, as second class mail matter under the Act of Congress of March 3, 1879.

Baseball has again been made a varsity sport at Nebraska. According to the Missouri valley conference rules, no one has been allowed to play on a conference baseball team if he has played the game professionally.

When the eligibility of players has been investigated, some of the schools have been rather unscrupulous in their declarations. Nebraska has refused to forget her principles, and as a result, there has not been enough material in the school for a good team.

Now, there is a new understanding in the Conference, and men who play on quasi-professional teams in the summer, instead of selling aluminum ware, or magazines, can play on a university team.

The other universities in the conference were anxious to have Nebraska as a rival in baseball as well as football—and Nebraska is anxious to have another means of "showing them a few things."

A game has been scheduled with Missouri, for next year. It has been several years since Nebraska has met Missouri and the name looks good on next year's program.

Syracuse university has asked to play the Thanksgiving game with Nebraska, in Lincoln, and there is a question whether Nebraska shall play the eastern team or schedule another game with Notre Dame.

We know what Notre Dame can do. They have a good team and a wide reputation. But on the other hand, a game with Syracuse would be a far better advertising proposition for the University, especially if Nebraska should win. Syracuse plays such schools as Colgate, Brown, Harvard, Yale and Michigan. Notre Dame plays almost exclusively with mid-western schools, in practically the same part of the country.

If Notre Dame should bring a crowd to the Thanksgiving game, surely Syracuse, traveling half way across the continent, would bring more than a crowd.

Kansas again! This time it is a debate between Nebraska and the Jayhawks. According to the Daily Kansan, the team is coming up here Wednesday evening to "beat 'em again."

Surely if Nebraska can't "walk away" with victory it can talk it away!

BRIEF BITS OF NEWS

Cards announcing the beginning of Christmas vacation Tuesday, December 19, at 6 p. m., have been posted around the University. Some grumbling has been found with the new plan, as it deprives the students of one week end at home. Under the old system, with vacation commencing on Friday and ending Monday, three week ends could be enjoyed at home. This year there will be but two. The vacation is also shortened two days, in practice.

Plans for the Christmas festival next Saturday night are near completion, committee members say. The affair promises to be one of the best of the

DRAMATIC CLUB IN "PENSION SCHOELLER"

LARGE AUDIENCE ENJOYED PLAY IN FOREIGN TONGUE

Axel Swenson Distinguished Himself in the Leading Role—Music by Club Orchestra

A large and enthusiastic audience witnessed "Pension Schoeller," one of the best comedies ever produced by the German Dramatic club, at the Temple theatre, Saturday night. Not only did University students, but also the general public of Lincoln enjoyed the many unique situations in which Axel Swenson as Herr Klapproth, found himself. This is not the first time that Mr. Swenson has pleased his audience with his ease and versatility upon the stage.

Other parts especially well taken were those of Magdelene Craft, as Josephine Krueger, who eagerly utilized every opportunity to add to her material for romantic novels; Friederich Rabe, as Alfred Klapproth; Martha Winter, as Ulrike Sprosser; Anna Luckey, as Ida Sprosser; Hermine Hatfield, as Amalie Pfeiffer, and Gerhard Naber as Bernhardy. Alfred Hinze as Eugen Rumpel, an aspiring actor, received much applause.

The orchestra of the club played some very interesting and appropriate selections during intermissions. The orchestra included the Misses Anderson, Lorenzon, Schulte and Messrs. Luckey, Kier, Keimer, Redelfs and Wilson.

A. I. E. E. GIVES OUT 1916-17 PROGRAM

Meetings Will be Broad in Scope, Uniting With Other Societies

The American Institute of Electrical Engineers has just published its program for 1916-17. The events and lectures deal with the live questions of electrical engineers tending to a broader educational scope than is usually given, and including a number of subjects interesting to all engineers.

The meetings are held in conjunction with other engineering societies of Nebraska and the program will occasionally be turned over to some other department of the engineering college.

E. M. Kadleck and H. B. Whitfield, seniors, will address the next meeting to be held January 17, on "The Application of Electricity to Automobiles."

The program also gives notice of the coming announcement of the annual inspection trip.

fixed. Nebraska's schedule shows seven meets, two dual meets in Lincoln, the rest out of the city.

The track season opens with the Drake relay games on April 21, at Des Moines. On April 28 Nebraska meets Ames at Ames in the first dual meet. Drake comes here for a meet May 5. The next Saturday Nebraska goes to Minneapolis to meet Minnesota. Kansas comes to Lincoln May 19. The Missouri valley conference meet will be held May 25 and 26 at Ames. The

western conference meet will be held at Madison, Wisconsin, June 1 and 2. No Freshmen Games

The movement to grant permission to the schools to schedule games between freshmen teams in the conference was given a setback, the proposition losing 4 to 3. Professor Barber, Nebraska's faculty representative, voted in favor of the plan and the Kansas Aggies and Drake also were for it. The other four schools killed it. There is a chance that this action will be reversed, however, and permission given the freshmen to play, when the conference heads meet again in May.

The number of men who can compete in intercollegiate tennis was limited to four men from each school on a team.

Professor Barber said last night that the best of spirit prevailed at the conference, and that the feeling of suspicion that used to be evident was gone.

J. E. Pike, ex-'12, civil, recently paying inspector at Hastings, has gone to Kansas City to work with the board of control of the Kansas City Railroad company.
