## FARM CAMPUS PAGE

POULTRY DEPARTMENT  
HANDLES EGG PROBLEM

Would Be No National Problem, They  
Say, if Same Efficiency  
Prevailed

If poultry men throughout the country were getting results the poultry department of the agricultural college is getting, the egg problem would be solved, records of the department show. When eggs were 45 cents a dozen, the poultry department was getting 300 eggs daily from a flock of 500 laying hens.

With up-to-date equipment, the department has been able to increase the production of eggs from its flock of laying hens. Electric lights have been installed in the laying houses to lengthen the day during the winter, being turned on at 5 in the morning and left on until daylight.

The department has a number of new portable colony houses which are moved about the farm with chicks in them to give them the benefit of free range and shade. These houses will be moved to a cottonwood grove at the southeast corner of the farm as soon as warm weather begins.

COUNTY AGENT WORK  
SHOWS RESULTS IN  
CO-OPERATIVE SALES

County agent work in Nebraska is getting results in a new form—the co-operative sale of live stock. Utah interests have called upon agents of this state to supply ten carloads of pure-bred cattle and ten carloads of boar sows.

This foreign demand is the direct result of co-operation of farmers in county agent work. For some time farmers associated together in farm bureaus have been purchasing live stock co-operatively, but this is the first big sale that they have effected.

AG ENGINEERING  
STUDENTS WILL  
BUILD WAGON

Lewis Reynolds, new instructor in the agricultural engineering department, will instruct the students in forge work in wagon making. They will build a complete wagon from gears to wheels, a feat that has not been attempted in the department for a number of years.

The students in carpenter work will

## SPRING FEVER

Somehow along in th' early spring,  
When th' fust red-breast begins t' sing,  
Ez he builds his nest in th' apple tree,  
An' the sparrers're twitterin' merrily.  
When th' sun shines warm from th'  
cloudless sky,  
The snow all gone an' th' groun' all  
dry.  
'Cepin' a little patch now an' then,  
In a shaded spot, an' th' ol' barr'd hen  
Begins t' cluck an' fluster aroun'  
An' ruffle her feathers in every soun'.  
When th' air seems sort o' still an'  
sweet  
'Rith th' openin' buds, an' you hear th'  
bleat  
O' sheep in th' pastur' cross th' road,  
An' out in th' garden th' ol' wort toad  
Sits an' blinks in th' mornin' sun.  
When th' creek in th' holler begins t'  
run,  
An' fish worms wriggle an' squirm an'  
creep  
Out'n th' groun', I like t' sleep  
The hull blame day, jes' lay an' snooze,  
An' liter aroun' ez I durn choose.  
—Scuffy.

ALPHA KAPPA PSI  
INITIATING TODAY

Commercial Fraternity to Take in  
New Men—Banquet Follows  
This Evening

Alpha Kappa Psi, commercial scholarship fraternity, will hold its initiation at the Phi Alpha Delta house, 729 South Tenth street at 4 o'clock this afternoon. The annual banquet will be held this evening at 6:15 at the Lincoln hotel.

Colgate.—The annual mid-winter interfraternity carnival is being held in the hills around Hamilton, New York, this week. The fraternity men enter teams in all of the outdoor events and at the end of the week each has a formal dance and house party to close the carnival.—Ex.

make a number of wagon boxes for which advance orders have been received by Professor Baer.

## NUBBINS

H. B. Pier is in Beatrice on extension work.

A. V. Kjelson, '13, is working for a bank in Gothenberg, Nebr.

Elliott Davis was at Battle Creek at a sheep breeders meeting Monday.

W. A. Rocke, '13, is with the United States soil survey station at Waynesboro, Ga.

J. C. Wolford, '18, of Lincoln, who has been on the border for the past six months, has returned to school.

H. N. Colman and O. H. Liebers went to Beatrice to look over a shipment of dairy cattle from Ohio yesterday.

Sigma Kappa Zeta, honorary horticulture fraternity, held a special meeting at the Lindell hotel at 6 o'clock last evening.

Several Shorthorn steers from the Farm herd will be shipped to Grand Island for the combination Shorthorn sale March 5 and 6.

The state high school judging contest will be held at the State Farm March 31, under the direction of the animal husbandry department.

Prof. L. F. Seaton of the agricultural engineering department was in Omaha to the auto and tractor show Monday and Tuesday.

The dairy department has finished a ten-day digestion trial in an experiment which was to determine food requirements for growing a dairy heifer.

H. C. Gramlich, head of the department of animal husbandry, leaves today for Oklahoma City to judge in the students' contest at the Southwest American live stock show.

Two hundred head of experimental spring lambs are to be shipped out to Omaha today. The lambs have been fed on special feed for ninety-five days and were fed seven different rations.

THINK FEVER IS  
AT ITS HEIGHT

(Continued from Page 1)

action other than a possible slight sickness.

**Six Released From Farm House**  
Six of the members of the Farm House fraternity, shut off from the rest of the world yesterday when the whole chapter was quarantined, were officially removed from isolation by the health department yesterday. All six of them have had the disease, and, after being properly fumigated, were in no danger either of taking it themselves or of spreading the epidemic. The six men are Paul H. Stewart, '16; Arthur W. Tell, '17; Dana F. Bigelow, '19; Fred Kelly, '18; Francis Coulson, '18; and Carl A. Olson, '18.

## A College Student

The Purdue Exponent, in a recent article, defined a college student as a "phase of existence." It goes further to classify between adult and "kid" college students as those who are sent to college and those who go; those who get an education and those who "get by."—Ex.

## Ohio Gets Large Appropriation

The State Legislature of Ohio has appropriated \$1,383,927.22 for the University to be used as expenses for the current year. This includes the building of a new wing on the Chemistry Building. A bill was also introduced to change the name of the institution from The Ohio State University to The University of Ohio.—Ex.

Knox.—New fraternity rushing rules recently drafted make it a misdemeanor for any fraternity to tamper with the pledges of any other and in cases of pledge releases, to rush or pledge until the expiration of six months after the release.—Ex.

## SOCIETY

## SOCIAL CALENDAR

## March 2

Delta Zeta banquet—Lincoln.  
Sigma Nu dance—Lincoln.  
Phi Delta Phi dance—Lindell.  
Kansas club dance—Faculty hall.  
Pre-Medic hop.  
Beta Theta Pi house dance.

## March 3

Alpha Phi banquet—Lincoln.  
Delta Zeta formal—Lincoln.  
University night—Auditorium.  
Sigma Nu banquet—Lincoln.

The Alpha Phi banquet Saturday evening has been postponed on account of scarlet fever scare, because out-of-town alumnae who have children are afraid to come.

## PERSONALS

Mary Hughey, '20, is going to Omaha Saturday.

Gladys West, '20, is going to Nebraska Friday.

Marie Pettit, '18, is visiting at her home in Fremont this week.

Lucille Nitche went to Omaha Monday and expects to return to Lincoln next week.

Edgar McGee, '18, who has just returned from the Mexican border, registered yesterday.

## THE UKULELE

THE languorous charm of the Hawaiian native instruments—so moving in appeal, so observably in vogue—is strikingly characteristic of the Ukulele. Its tone possesses that curiously beautiful timbre, that exotic charm of tonal quality which has made these instruments so sensational and popular.

The Ukulele has a pleasing grace of form. The finer models are made of genuine Hawaiian Koa wood. It is much in request today among the smarter college and other musical organizations.

It is easy to learn. Its price includes an Instruction Book.

## Hawaiian Steel Guitar

Every chord struck upon this typically representative Hawaiian instrument is marked by a weird, plaintive harmony and strangely beautiful qualities of tone. It brings, to any music, qualities full of vivid color and varied charm.

Price \$2.00 and upwards, including Steel and Case of Three Thimbles for playing, and Instruction Book.

Catalogs on application.
