

THE DAILY NEBRASKAN

VOL. XVII, NO. 36.

UNIVERSITY OF NEBRASKA, LINCOLN, WEDNESDAY, OCTOBER 31, 1917.

PRICE FIVE CENTS

STUDENTS MAY CORRECT ADDRESSES IN DIRECTORY

Proof Sheets at College Book Store Today

BOOK MUST BE ACCURATE

Each Year Are Many Mistakes—Students May Leave Corrections in Register in Store

The proof sheets of the new Student directory have just been received from the printer and have been placed in the window of the College Book Store where students may look over them today to see if their names and addresses are correct. If they are not the correction may be left inside in a register that has been provided.

In former editions of the directory there have always been a large number of mistakes and these have caused a great deal of inconvenience and loss of time throughout the year. Realizing the importance of having correct addresses the editors this year have decided to give the students a chance to correct their addresses before the printing is begun.

The directory will not be ready for sale until about November 11 this year, as scarcity of help in the printing has caused delay. All the material has been in the hands of the printers for some time, but they have been unable to get the work done.

Corrections Big Benefit

The book is in every way as complete this year as before and with the new plan of student corrections will be one of the most accurate that has been published.

There will be the lists of faculty members and their addresses, rank and telephone numbers, the general alphabetical list of students with addresses, and the list of students arranged by towns. The sororities and fraternities will have their section and all members will be listed.

The price of the book this year will be twenty-five cents, a slight increase owing to the increased cost of publication. All those who wish leather covered books are asked to leave their orders at the Y. M. C. A. office, as only those will be printed that are ordered.

DAIRY JUDGING TEAM TIES FOR SECOND PLACE

Make Excellent Record at National Show—Shepherd Wins Scholarship

Regarding the dairy contests at the National Dairy show, Professor Frandsen, head of the dairy husbandry department, made the following statement:

"The Nebraska dairy judging team, consisting of J. R. Shepherd, L. F. Lindgren, J. D. McKelvey and Eli Duncombe, has just returned from the annual dairy judging contest held in connection with the national dairy show. The Nebraska team this year stood first in the judging of Holsteins and won the splendid Holstein-Friesian silver trophy for the best work in this breed.

J. R. Shepherd of the team also has the distinction of having the highest standing of any student participating in the contest in the judging of Holsteins and, therefore, received the \$400 scholarship awarded by the Holstein-Friesian association.

McKelvey High Man

J. D. McKelvey, '18, is the highest ranking man in the Nebraska team.

The Nebraska team also took part in the contest for the judging of dairy products which is the second national contest of its kind held. In this contest, Nebraska team stood first in the judging of cheese and second in judging milk and butter, winning the silver trophy offered by Hoad's Dairy.

Glady Rohrabough at Y. W. C. A. Vespers Yesterday

Miss Gladys Rohrabough, national field secretary for one of the foreign mission boards for the Methodist Episcopal church, spoke at Vespers Tuesday afternoon in the Y. W. C. A. rooms in the Temple. Her subject was "Conquest of Facts." Helen Loftman presided at the meeting.

"We are not really happy with things as they are and we want to

change them," said Miss Rohrabough. "A fact cannot be removed entirely but may be changed. The missionary board is trying to do this.

"Out of one hundred million or more, one-half of the population are not connected with any church. Fully thirteen million children have never been in a Sunday school. There are about 350,000 North American Indians, one-third of whom are heathens.

"There is also the great Mormon question. Polygamy still exists among the million of Mormons.

"There are over four millions of emigrants from heathen lands. A number of the Chinese and Japanese brought their idols along and there are now seventy-two heathen temples in this country.

"Besides the emigrants there are seventy millions of negroes to be educated. This affords a great problem for the mission board to solve."

ORIGINAL PROGRAM FOR HALLOWE'EN PARTY

Plans Nearing Completion and Point to One of Most Successful University Affairs

Plans for the second All-University party are nearing completion. The entertainment committee announced yesterday that there would be several fortune telling booths as well as several original stunts. They are planning on having a short sketch by members of the University Players.

The usual admission of twenty-five cents will be charged. Harry Reed and Vesta Mawe have charge of the refreshments which will be secured from the University cafeteria. Pumpkins will be used among the decorations.

A large reception committee of students and faculty are being selected by the reception committee to help receive and introduce students. There will be two orchestras.

Wisconsin Students Put Gold Into "Melting Pot"

The students of the University of Wisconsin have been asked to contribute all their old bits of jewelry and scraps of gold and silver to a "melting pot," the contents of which will be sold for the benefit of French orphans. Any cash contributions will also be accepted.

Any subscriber of \$36.50 will upon request receive the name and address of the orphan assigned to him, and the orphan will receive the name and address of the "donor."

Minnesotans at Front Receive War Cross

Five former members of the University of Minnesota who have been at the French front for the past year have been awarded the French war cross for bravery under artillery fire and for removing the wounded from the field. Robert Hall, who was killed in action, was a member of Delta Kappa Epsilon, and Walter Bartlett, Roland Schmid, Frank Kelley, and Marshall Bartlett are all members of the Phi Kappa Psi fraternity.

Bixby to Speak at Y. M. C. A. Meeting Tonight

A. L. Bixby, associate editor of the State Journal, will speak at the All-University Men's meeting at the Temple tonight at 7 o'clock.

Mr. Bixby is perhaps better known to University students as the "Daily Drift" man and a number are already familiar with him. The Y. M. C. A. feel fortunate in securing him at this time and promises a treat to those who attend.

Captain Robert Harley, who was in Lincoln last week, has been transferred to Camp Dodge, Des Moines.

Edward Taylor, '19, now at Harvard, has enlisted and goes to France with the next Harvard unit. He is already in uniform and is drilling every day.

Leta Stetter Hollingsworth, '06, Ph. D. (Columbia) '16, is the author of "Echolalia in Idiots: Its Meaning for Modern Theories of Imitation," published in a recent issue of the Journal of Educational Psychology. She is also joint author, with Charlotte G. Garrison and Agnes Burke of "The Psychology of a Prodigious Child," which appeared in the June issue of the Journal of Applied Psychology.

E. BENJAMIN ANDREWS CHANCELLOR EMER. DIES

News Received Yesterday From Florida by Chancellor

AT NEBRASKA EIGHT YEARS

University Will Send Representative to Funeral at Granville, O.—Dr. Andrew's First Charge

News of the death of Chancellor Emeritus E. Benjamin Andrews of the University of Nebraska was received yesterday by Chancellor Avery in a telegram sent from Interlachen, Fla. It was sent by Louise Phelps, Dr. Andrews private secretary, and stated that death had occurred early the same morning.

Dr. Andrews became chancellor of the University in 1900 and occupied

E. BENJAMIN ANDREWS

that position until in 1908 when failing health made his retirement necessary. His resignation was accepted by the board of regents. In 1900 he was elected Chancellor Emeritus of the University for life.

Following his leave from Nebraska he removed to Florida, hoping that the climate would prove a help to him. He has returned to Nebraska twice since the time of his departure. He was 73 years of age and is survived by a wife and one son.

Dr. Andrews was one of the most loved chancellors that Nebraska has ever had and students and faculty who knew him receive the news of his death with deep regret.

Chancellor Avery announced yesterday that the University would send a representative to the funeral at Granville, where the body will be laid to rest on Dennison campus, Dr. Andrews' first charge. It is very probable that at the same time a memorial service will be held at the University. The representative will very likely be one of the older members of the

CONVOCATION

The Lillian Eiche String trio, of Lincoln, will give a musical program at Convocation at 11 o'clock Thursday morning in Art hall. Rubenstein's Trio op. 52 will be played.

Jessie Wilkins will play the violin, Lillian Eiche the cello, and LaRue Moore the piano.

The program:
Trio op. 52—Rubinstein.
Andante.
Scherzo.
Allegro.

Reports on Food Conference
The department of geography and conservation has received many requests lately for the report of the state food conference held at Omaha May 22 to 25. These reports are at the office of the state conservation committee, in Nebraska hall, and may be obtained free of charge while they last.

Seats Now on Sale for Missouri Game

Seats for the Missouri football game a week from Saturday are now on sale. Reservations for students' athletic tickets may be made at the College Book Store. Single admission tickets are on sale at Harley's drug store. While the demand so far has been light, it is expected that as the game draws near there will be heavy sales. One of the biggest crowds of the season is expected, because of the fact that the game is to be played on

Home-Coming Day, and many alumni will be present.

The students' activities office has already received several orders for seats for the Syracuse game, on Thanksgiving Day.

Exhibit of State Resources

The department of geography and conservation is installing a series of wall cases in the hall way of Nebraska hall. An exhibit will be arranged in these cases that will show the resources of the state. The exhibit will consist principally of a number of soils sections showing the various kinds of soils in the state.

Motion Pictures of Notre Dame

The negatives of the motion picture films of the Nebraska Notre Dame game have been developed and some very good results have been obtained.

The positives will be printed and ready for distribution within a few days.

ACCUSES GERMAN PEOPLE OF IMPERIALISTIC IDEALS

Rev. S. Mills Hayes Says it Is Found Throughout the Empire

"Germany is obsessed with the imperialistic ideal," Rev. S. Mills Hayes, pastor of the Lincoln Episcopal church, told students and faculty at Convocation yesterday morning at 11 o'clock in Memorial hall.

"We have been talking too superficially when we say this ideal does not represent the German people but the Prussian element alone," Reverend Hayes continued. "The German people as well as Emperor William, wish the Germanification of the world."

"This idea of dominion has been developed in Germany, not because of the warlike Prussian ruler. It is an ideal, a dream, if you wish, which has for centuries been seething in the German brain," Reverend Hayes asserted.

"Emperor William has been one of the ablest of rulers," Mr. Hayes said. "He has brought his empire to a degree of efficiency which amazes the world. It takes a big brain to have big ideas. I can quote from prominent German thinkers before the war who asserted that South America and even North America must be Germanized. One writer explains that at first the people of these countries will not like the idea of dominion by Germany, but that later they will see that it was all for the best."

Traces From Roman Empire

Reverend Hayes traced the imperialistic idea of Germany from the Roman empire. The claim Emperor William is making now, and which is the fundamental basis of the other claims Germany is making, terms Mr. Hayes described as "assertions of colossal arrogance and even of blasphemy," is based upon the old Roman ideal of the divine right of kings. Emperor William has said, Mr. Hayes asserted, that "I reign as the instrument of the Lord."

"Go behind superficial views," Mr. Hayes urged, "and see that the idea has come down to them through the generations and through the centuries. Then you will be able to understand how a nation like Germany would adopt measures that are so uncalled for, so cruel, barbarous and brutal."

"In order to defeat these people whose big ideal is 'The Holy Empire of Germany,'" Reverend Hayes said, "the rest of the world must adopt a bigger ideal, the ideal of 'The Holy Empire of Man.'"

Kathryn Howey spent the end of the week at her home in Beatrice.

Margaret McDougal will leave Friday for Ohio, where she intends to visit her sister the latter part of the week.

D. W. Spencer, 20, returned Monday from a three days' trip of official testing on a Jersey herd at Fairfield, Neb.

Leota Combes, after spending two weeks at the Alpha Chi Omega house, returned to her home in Fairfax, S. D., Tuesday.

Mrs. Leland Dale of David City, Neb., former student of the conservatory, spent Tuesday at the Alpha Chi Omega house.

Alpha Gamma Rho announces the pledging of the following men: Eliot Davis, '18; C. L. Dietz, '19; A. I. Rogers, '21, and L. W. Ingham, '21.

C. E. Barth, ex-'20, who is doing official testing work for the dairy department, has just completed a 10-day test at the Friesland farm, owned by Dr. B. B. Dairs at Omaha.

HUSKERS SCRIMMAGE WITH MID-SEMESTERS

Hard Work for Missouri Game to Start Next Week

MEN IN GOOD SHAPE

All Except Riddell Will Be Ready for Hard Week's Practice Before First Valley Game

Mid-semester were the chief topics of conversation around the Cornhusker football camp yesterday afternoon. Most of the men did not turn out for practice but spent the afternoon "cramming." The threat of ineligibility hangs over a few of the men and the next few days will be spent in getting rid of the examinations.

Practice this week will be confined for the most part to working out the stiffness and soreness from muscles and bones. Next week will see the varsity down to hard working, starting with a scrimmage Monday preparing a string of pet plays for the entertainment of the Missouri Tigers on the following Saturday.

Captain Shaw will probably not get into many hard workouts until a day or two before the Missouri game. Practically every other man on the squad with the exception of Riddell will be in shape next week to go through a hard four days' work to get into condition to battle the Missourians.

Dobson, who has been playing a fine brand of ball all season, and who was the Cornhusker star last Saturday came through the game with hardly a scratch although subjected to some extraordinarily rough handling by the Wolverines. Weiman, the husky Michigan fullback, succeeded in planting his foot on Dobson's mouth three times during the game, and on four separate occasions a number of the Wolverine linemen piled on Dobson after he had gotten a punt away.

Engineering Dept. Obtains Truck

The department of mechanical engineering has obtained a motor truck from the state farm to be used in collecting samples for the coal analysis to be made by that department. Work on the real analysis is expected to begin the last of the week.

PIPER PROFITS WILL GO TO FRENCH ORPHAN FUND

Leading Part by Prof. Alice Howell—Collier's Makes Favorable Comment

Tickets for "The Piper" which is to be given November 9, at the Temple, are being sold by the various girls' organizations. Every seat in the theatre will be sold for 50c.

All profits will go to the French orphan fund.

The part of the Piper will be taken by Miss Alice Howell, the mayor by Earl Starboard, Cheat-the-Devil by Everett Randall and Veronica by Carolyn Kimball. Others taking part are: Katharine Pierce, Herbert Yenne, Herman Thomas, Elizabeth Brown, Florence Maryott, Metzinger, Eldridge, Reese and Richards.

The play is not a conventional one. Collier's says of it, "The Piper voices the spirit of revolt against pharisaical convention, smugness, and greed and all that society has done to cramp and distort life and make it dead and artificial."

Something startlingly new is promised in the line of scenery and the ushers are far from ordinary ushers. Thomas, Starboard and Yenne are in charge of the stage management and Miss McPhee, Elizabeth Erasm and Eleanor Fogg have charge of the house arrangements.

NEBRASKAN FREE TO UNIVERSITY SOLDIERS

Believing that Nebraska men actively engaged in the war are just as anxious for news from the campus as their former classmates are for word from them, the management of The Nebraskan will send the paper free of charge to every Cornhusker soldier whose address is known. You can help by sending lists of addresses to The Nebraskan, either mailing them to Station A or telephoning them to the business office, B-2597.
