**EDITH FRANCIS TELLS  
OF HER Y. W. C. A. WORK**

Edith Francis is directress of Hut 25, in the Allery base hospital, France. She was the only one of a number of workers who went over on the same ship, to be made directress, the others are all assistants. The following is an extract from a letter received by her mother, dated November 22, from Allery:

"The boys seem to like this hut. It is packed from 9 a. m. to 9:30 p. m. with patient faced men, often with scarred faces or lacking one leg or an arm or an eye, often voiceless from gas, all pale from suffering, and many on crutches. You see the men who frequent this hut are those who are well enough to get about. All men here are convalescent, sick, or dying. As I write a very good band is playing because several hundred men are leaving on their way to the U. S. A. They are wild with happiness.

I have five boys who help me, all convalescent. I have one who scrubs my room, washes the towels and brings in the water, tends the fire and makes my bed, if I don't watch out. He is nineteen years old, has been seventeen months in the army and was wounded in the hip with shrapnel. I have a convalescent corporal running my canteen. The other boys are privates."

Lieutenant Robert G. Simmons and Mrs. Gladys Wiel Simmons, both of the class of 1915, were seen on the campus Thursday with Robert Simmons, Jr. Lieutenant Simmons was mustered out of the service January 14, and is returning to his home at Gering, Nebr.

Major John G. Strohm, medical corps, who was a student in the college of medicine at the University of Nebraska in the "nineties," has been recommended for promotion to Lieutenant-Colonel, according to the Portland, "Oregonian" of January 12th. Major Strohm, as a first lieutenant in the medical reserve corps since 1914, was called to active duty on April 18, 1917. He organized a field hospital unit in Portland, and took it to Camp Lewis, where he was promoted to a captaincy. Here he became assistant to the division surgeon, September 18, 1917, and was made a major December 20, 1917. He became attached to the

91st division and since October 29, 1918, has acted as division surgeon with that unit. During the participation of the 91st in the Argonne offensive Major Strohm was in command of the entire division, caring for more than 2,000 wounded men. It is the excellent manner in which he did his work during this drive that caused the recommendation for further promotion.

**DODGERS WIN TWICE  
OVER CORNHUSKERS**  
(Continued from Page 1)

with lightning speed and desperate fighting.

Only in the second half did the victors show any real advantage or superiority, for at the intermission, the Huskers were leading 15 to 14. A few minutes after the ball was again put in play, however, Captain Martin, who had been warming one of the bleacher seats during the first period, wriggled free from the brawl and succeeded in dropping the ball through the basket. Once out in the lead, the Twilighters would not be headed off and Nebraska's desperate effort to overtake the visitors within the last four minutes of play wasn't sufficient to pull the Dodgers back within striking distance, so the invading Yanks walked off with the bacon.

**Huskies Lead First**

At one time near the middle of the first half, the Huskers were heading the procession by a 10 to 5 score, and things looked pretty favorable to Nebraska. The boat tipped slightly on the crest of a Dodger spurt and momentarily the Twilighters were in the lead, but goals by Neumann and Jackson evened up the score and gave Nebraska the advantage she possessed at the end of the half.

The Twilighters exhibited unerring aim at the basket and maintained a slight advantage in teamwork in the last half. Nebraska couldn't find the basket or the score board would have told a different story. Time and again the state university men would swoop down the floor and shoot for the hoop, but the horse-shoes were lacking and the ball would not register a score.

**Sagger, Dodge Star**

Sagger, the visitors' forward, was the demon on offense with four foals to his credit, and Beresford was a sure shot at free throws, accomplishing

seven out of nine attempts Jackson was not far behind, however. He tossed six out of nine shots. Jackson and Neumann each shot two field goals but Patty, who has always been well acquainted with the loop heretofore, only managed to locate it for one score.

**Freshmen Trample Wesleyan Yearlings**

Coach Kline's Husker freshmen simply wiped the floor with Paul Schissler's second stringers from Wesleyan university in the preliminary Saturday evening, handing them a 39 to 10 drubbing. The Cornhusker lads played with their smaller opponents as a cat with a ball, never having to extend themselves in the least. Jungmeyer and Munn, the two giants, had things their own way most of the time. Jungmeyer shot seven baskets and three free throws while Munn had to be content with five cagings.

The score at the end of the first half stood 9 to 7 for Nebraska and in the second period they beat the suburbanites 33 to 3.

**Summary:**  
Goals: Jungmeyer, 7; Munn, 5; Paynter, 3; Smith, 2; and Russell, 1. Church, 1, and Duezer, 2.  
Free goals: Jungmeyer, 3; Kidd, 3, and Church, 1.

**Dancing Both Nights**

Rather disappointing crowds remained for the dancing after games both Friday and Saturday nights, but those who attended the jazz-fests were given good times. A five-piece orchestra furnished the music and the joy reigned unrefined until about 10:30 o'clock.
