PRICE FIVE CENTS

PAGEANT TO DEPICT MARCH OF FREEDOM

Elaborate Program Will Be Shown as Part of Fifties Anniversary Celebration.

One Hundred Characters Take Part.—Uni Campus Scene of Production.

"The Pageant of Freedom," depicting in the form of a series of symbolic representations the progress of political freedom and the characteristic contributions of the allied nations to this cause, will be given in connection with the Semi-Centennial celebration on the University campus May 23 and 24.

Nearly 100 people, most of whom are students of the University, will take part in this production. The University chorus will appear and the instrumental music will be furnished entirely by the band. Tableaus, choruses, pantomimes and interpretative dancing are features of the pageant.

Dr. Hartley Alexander is the author of the pageant. It is divided into two parts and has eight scenes. The dramatic department and the Kosmet Klub have scenes in charge. Prof. Stout is directing the rehearsals, which are in full swing.

The "Sibyl of History"

In the first scene the "Sibyl of History," represented by Gertrude Munger, '18, reveals the images of the great military despots and conquerors who have tyrannized ever man.

The first step in the direction of self government is represented in the second scene, where King John grants the Magna Charta to the barons of England. The Kosmet Klub will present this scene of medieval knights and kings.

The Declaration of Independence is the theme of scene three. A pantomime based on the making of the first star-spangled banner by Betsey Ross according to the design given by George Washington is included. The dramatic department has charge of this scene.

Allied Contributions

Part two will be devoted to the French, Italian and Belgian contributions to the cause of human freedom. France is symbolized in scene five by Joan of Arc and by those Frenchmen who have been in America—LaSalle, Father Marquette and especially LaFayette. The French revolution as the great contribution of France to liberty will be enacted by the interpretation of the Marseillaise. Mrs. Charlotte Whedon Scott has charge of this.

Italy, home of the world's great law-giving nation, Rome, is represented in the sixth scene by Law and Justice, and the episode of unification under Garibaldi and his followers.

"Via Crucis Belgica"

"Via Crucis Belgica" will be the most impressive scene it is expected. The Belgian stand of 1914 was truly a way of the cross. An interpretation of the patriotic poem by Cammaerts, the Belgian, and given a magnificent setting by the English composer, Elgar, will be presented by Mrs. Scott.

The finale is the symbolic representation of the part of America in the war, and of the future of the united nations of men. The historic figures which have given us the foundation of our freedom and the colors of the allied nations who fought side by side will pass in review.

The Student Should Know--

OMICRON NU

Omicron Nu is the honorary home economics sorority. The Nebraska chapter was installed in 1912. The purpose of this society is to promote scholarship and interest in the home economics field. In order to be eligible for membership, girls must be in the second semester of their junior year and be of high standing in their classes. Miss Estella Warner was re-

O. W. HANSEN NEW HEAD OF COMMERCIAL CLUB

The University Commercial Club met Thursday morning, May 8, at 11 o'clock, in Law 101. The following officers were elected for the next school year:

President—O. W. Hansen.
Vice President—Arnold Wessel.
Secretary—Otis Applegate.
Treasurer—John Burley.

The plans for the work of the club next year when the new college of business administration will have charge of all commercial matters, were discussed. The advisability of combining the business women's club with the men's commercial club was also considered. This will be the last important formal meeting of the club this year.

RAISE THOUSAND DOLLARS IN Y. M. C. A. CAMPAIGN

Nearly Third of Goal Pledged in First Day of Drive—Division B Ahead in Race.

Over \$1,160 was pledged by one hundred and fifty-four students in yesterday's Y. M. C. A. drive. Although eighteen per cent of the students and faculty have been solicited, the remainder will have to pledge a very high average if the remaining sum of \$2,340 is to be raised.

Extra canvassing will have to be done between now and tomorrow noon if the goal is to be reached by that time. A large number of people will have to make pledges. They will need the co-operation of every man on the campus. The report of the teams Thursday noon was as follows:

LIEUT.-COLONEL LEWIS AT R.O.T.C. INSPECTION

Lieutenant-Colonel C. R. Lewis, liaison officer from district headquarters, inspected the R. O. T. C. regiment Thursday afternoon from five to six o'clock. Colonel Lewis represents the eighth district of the R. O. T. C. summer camp in which Nebraska is included with North Dakota, South Dakota, Iowa and Minnesota.

Lieutenant-Colonel Lewis in an advocate of universal military service.

"It is the women of the country who will compel universal service," he said just before the inspection. And by "universal service" I mean, not only military instruction but a thousand other things, the physical, mental and spiritual education of the men and their respect for law and order.

"Every citizen of our country is a potential soldier and the same qualities that make a good citizen, make a good soldier. University training, when looked at from this point of view is an excellent thing and it is the women of the nation who will insist upon it."

STUDENTS FAVOR AN ATHLETIC TAG DAY

Junior Class Organizations Make Arrangements for Carrying Out the Plan.

Money to Be Collected For Athletic Sweaters and Send Team to National Meet.

During the past week an ever increasing stream of students and Lincoln business men who are interested in Nebraska relay team which made such a wonderful showing in the Penn Relays have come to Coach Stewart and pledged their support to any campaign for sending the boys to the National Intercollegiate Meet at Harvard on May 31.

Many students also feel that a great injustice has been done the men who in football, basketball, track and have made the varsity the past year wrestling and will get no sweaters in recognition of their services unless the student body takes it upon itself to buy them. This sentiment has crystallized rapidly into a movement for a booming campaign next week to raise the necessary funds.

The Vikings, Silver Serpents, and Women's Athletic Association have taken it upon themselves to push the campaign over the top with a big rush next week. No definite plans have been laid but a general tag day will probably be set aside for the raising of the thousand or so dollars needed.

CHATBURN MADE MEMBER OF INVENTION SOCIETY

Professor George R. Chatburn of the engineering department has been asked to become a member of the executive committee of a newly endowed society, called the National Laboratory for Invention and Research, and he has accepted the honor. This society, just in its infancy, is sponsored by the National Institute of Invention of New York City. Its prime object is to encourage and promote scientific invention and research. Many prominent people hold membership in this society. Among them are President Eliot of Harvard University, and a score of national scientific leaders. Several Lincoln men and university professors are already members. The latter include Professors Fossler, Chase and Sjogren.

KAPPA SIGMA WINS FROM A. T. O. IN SEMI-FINALS

Winner Will Face Sigma Phi Epsilon in Final Round Monday Afternoon.

Kappa Sigma humbled Alpha Tau Omega yesterday evening in a little session of the national pastime to the tune of 11 to 0. The victory puts the Kappa Sigs in the finals of the interfraternity tourney with Sig Eps. This last game will be staged next Monday afternoon.

The result of the game Thursday was somewhat of a surprise to the dopesters who had failed to realize before the strength of the Kappa Sig team. The game was fast from start to finish but the outcome was not at all doubtful after the first two innings.

Brown with a home run, and Harvey with a three-base hit were the chief sluggers of the game.

The lineup:

Kappa Sig—11	A.T.O.—0
Brown.....c.....	Schellenberg
Samuelson.....p.....	Lanphere
Walters.....1b.....	Brown
Slonniger.....2b.....	Bush
Albrecht.....3b.....	Lees

R. O. T. C. NOTICE

In order to receive full credit for drill this semester it is imperative that members of the University R. O. T. C. unit shall remain in Lincoln until after the competitive drill, which will be held the latter part of May. All those who are absent on this day without special permission will lose their credit of one hour for the semester's work.

MICKEY AND CONDRA AT GOOD ROADS CONVENTION

Professor Clark E. Mickey of the engineering department will leave soon for Holdrege where he will attend the Ninth Annual Convention of the O. L. D. Good Roads Association, as a delegate from the Lincoln Auto Club. Dr. George E. Condra will also attend this meeting from the university. The sessions will begin Tuesday morning May 13th, and will conclude Wednesday evening, May 14th. Mr. George E. Johnson, state engineer will speak at a round table discussion of Nebraska's road laws. Professor Mickey will give a resume of the United States Good Roads Association meeting, which he attended recently at Mineral Wells, Texas.

Charles H. Roper of Lincoln is president of the O. L. D. Good Roads Association; O. M. Parke of Lincoln, secretary; and Arthur H. Edgren, constructing highway engineer.

From the Holdrege meeting Professor Mickey and Dr. Condra will go to Superior, Nebr., where the former will

ATHLETES ENTRAIN FOR GRINNELL MEET

Fifteen Track Artists Compose Team for Dual Meet With Iowa School.

With Crippled Outfit and Limited Material, Dope Is Against Husker Stars.

The fourteen or fifteen Cornhuskers who will defend the home track honors at Grinnell Saturday leave this afternoon at 4 o'clock. It is generally acknowledged that Nebraska is doomed to go under by fifteen or twenty points. By beating Ames last week 69 to 57 Grinnell disclosed her strength and as the Huskers expected a drubbing at the hands of the Ames squad it is easy to compute how they feel about the coming battle.

Accidents, and frowns from the eligibility committee have crippled the team temporarily and it will probably not be up to full strength till the Missouri Valley speedfest at Ames on the 24th of this month.

As near as Coach Steward could compute last night after the final tryouts he will run the men according to the program given below. The decision of the eligibility committee this morning on the standing of two or three doubtfuls and one or two last minute tryouts this afternoon may change the lineup slightly:

Nebraska Entries

100-yard dash—McMahon and either Henry or Gibbs.

220-yard dash—McMahon and either Fuchs or Henry.

440-yard dash—McMahon, Fuchs.

880-yard dash—Newman, McGuire.

1 Mile—Egan, McGuire.

Two-mile—Egan, McGuire.

880-yard relay—McMahon, Fuchs, and two from the following four: Henry, Bryans, Stephens, Gibbs.

1 Mile relay—McMahon, Fuchs, Stromer and either Gibbs, Stephens or Bryans.

High hurdles—Flood and either Beckord or Wright.

Low hurdles—Wright, Flood and perhaps Beckord or Bryans.

High jump—Flint.

Broad jump—Dobson, Flint.

Discus—Reavis, Schellenberg.

Shot put—Reavis, Schellenberg.

Pole vault—Gerhart, Lees.

ART STUDENTS VISIT INTERESTING EXHIBITS IN TRIP ABOUT OMAHA

Seventy students visited the metropolis with the Fine Arts group on Omaha Day. The Lininger Art Gallery was first visited in the morning, where access was had to both the picture gallery and the private room containing valuable art objects.

From there they went to the court house to view the paintings in the dome. By special invitation of the sheriff they visited the Douglas county jail.

After the lunch the group went to the residence of Mr. and Mrs. C. N. Dietz, who went to a great deal of trouble to show their interesting pictures and art objects. The visitors were urged to make themselves at home and examine everything with a total absence of restriction. The Dietz catalog contains more than 500 numbers of art objects. They include works of Knight, Bougeureau, Lamplough, Saddler and many others. A remarkable case of carved ivories was an object of much interest.

The home of Mr. and Mrs. Charles Kountze, a splendid example of the modern home, was next visited. This residence contains interesting paintings and tapestries, and is quite remarkable for its consistent interior decoration. The students also visited the Athletic Club to view the architectural features.
