"AG" FAIR TO BE POSTPONED

Farmers' Frolic Put Off Until April 24 Because of Saturday Storm.

Chairman of Board Visits Missouri Festival to Get Novel Ideas.

The Farmers' Fair, originally scheduled for April 10, has been postponed until Saturday, April 24. Inclement weather of the past week has made it impossible to complete the arrangements necessary for such an undertaking and with the approach of warmer weather, work can be rushed and when the fair is staged, everything will be in readiness.

Plans for the Fair were well under way. Committees were rapidly completing their plans and had the weather remained favorable the Fair would have been in full swing by Saturday noon. Missouri is at present staging an event of this kind and reports indicate that it is one of the largest of the events given at that school. The Farmers Fair Board at Nebraska has delegated a man to visit the Missouri carnival and with the ideas which he gains there, it will no doubt put on a fair that will make the rest of the colleges and schools in the Middle-West sit up and take notice. Although this Fair is but in its infancy at Nebraska, being the second to be given in the history of the school, it will be a real success, judging from the time and labor that have been spent on it.

With the approaching warm weather of the next two weeks, the famous "Yellow Dog" Saloon will become even more popular. Byron McMahon, keeper of the bar, has ordered several extra cases and promises to provide the drought-stricken ones with temporary relief. Extra helpers have been employed to handle the immense throng which will crowd about his doors and before the day is over Keeper McMahon expects to be well sold out.

Features Steer-Riding Contests

Steer-riding contests, greased pigs, and stunts of various kinds will enliven the day for the youthful. Spellers, games of chance, and the Pike, with all its attractions, will stimulate the tired mind and quicken the blood of the weary. Dancing will take place in the horse pavilion. Two orchestras have been engaged for this. Stands of all descriptions will be in evidence.

The Farmers' Fair is staged by the College of Agriculture and sponsored by the Agricultural and Home Economic Clubs. The parade, a feature of the day, will begin at noon. After passing down O street, and winding about the principle streets of the city, it will terminate at the Farm.

OFFICIALS SECURED FOR THANKSGIVING STRUGGLE

Birch Will Referee Gridiron Fray With Washington—Hedges to Umpire Contest.

Coach Schissler yesterday closed an agreement whereby Frank Birch will officiate as referee of the Nebraska-Washington State football game to be played on the Lincoln field next Thanksgiving. This contest will be one of the most important inter-sectional clashes of the year and the Husker department is fortunate, indeed, to secure the services of one of the best officials in the country. Birch is well known in Nebraska circles as a referee of both football and basketball games. He refereed the Husker-Indiana basketball games at Lincoln this winter. He also acted as referee in the recent games between Chicago and Pennsylvania for the championship of the East.

George T. Hedges, of Cedar Rapids, Iowa, will umpire the Washington fray. Hedges is a well known Western conference official and with him and Birch both officiating, a fast, clean game is assured.

FORTY HOME-MAKERS TO BE GRADUATED IN 1920

Forty girls who can bake and sew will be graduated from the Nebraska College and School of Agriculture this spring. All are proficient in home making and twenty-two of them will receive degrees of bachelor of science in home economics. They have been trained in the best methods of housekeeping, with special emphasis on satisfying the appetite of man and avoiding the ready-made clothing merchant. Many of them will make their own graduating gowns and some have made most of their clothes since entering school.

TRACKSTERS MEET REDMEN APRIL 17

Reports from Haskell Camp Indicate that Indians Have Crack Cinder Team.

Plans Under Way for the State High School Meet to be Held May 15.

Tomorrow and Saturday will see the Cornhusker track aspirants fighting it out for places on the team that will face the Haskell Indians, April 17. The Indians are stronger than ever this spring and with the calibre of men Nebraska has, some first class time should be hung up.

The meet will consist of all the events included in a regular standard dual meet. If the bear stories which have leaked out from the Indian camp are true, the Redmen will roll into town with a world of power. They boast of an Olympic aspiring candidate and four or five first class veterans, backed up by a troupe of winged black horses. Both teams will enter three men in each event except the four-man relay teams.

This is the first track meet to be held here this season and it deserves the support of every loyal Husker fan. An Indian never knows when he's "down," so it promises to be a wonderful exhibition of keen competition. On May 15 the Husker outfit meets Minnesota and as yet May 8 and May 22 are open dates on the bill.

Plans are under way to get the high schools of the state together here on May 15 for their annual spring track meet. Coach Schulte is sending out application blanks this week to at least 350 schools in the state. The schools will be classed in groups according to the material they are expected to have. Just as large an entry and the same amount of enthusiasm is expected as was shown during the state basketball tournament.

ENGINEERS WILL ELECT NEW OFFICERS TUESDAY

College Association Leaders and Blue Print Staff to be Selected Next Week.

A special meeting of the local student chapter of the American Association of Engineers will be held Tuesday evening in Room 206, Mechanical Engineering Building to elect officers and the staff of the Blue Print for the coming year. A sample ballot has been prepared which is as follows:

American Association of Engineers
President.....R. E. Tracy
Vice-President.....
Phil M. Parker, E. M. Critchfield
Secretary.....
Kent Holloway, Hawley Barnard
Treasurer.....Hedges, Foxwell, Byng

Blue Print
Editor.....Minnich
Business Manager.....Lendgren
Circulation Manager.....Salter
Assistant Editor.....Epps, Barnard
Assistant Circulation Manager.....
McCandless, Scott
Assistant Business Manager.....
Van Brunt, Chatburn

The officers elected will begin their duties at once and hold their positions one year. R. W. Scott and R. N. Tracy, president and vice-president, are the retiring officers of the Society.

TOWNS PLEASSED WITH PROGRAMS

University Week Tour Proves Financially Successful—Students Praised.

Newspapers of Cities Visited Contain Complimentary Accounts of Students' Efforts.

The students who went out on the road University Week report a cordial reception in the towns visited and a series of entertainments highly successful as a whole. The papers published in those towns give much praise to most of the entertainments and especially to the type of young people who represented the University.

Not a flaw appeared in the working out of the business management. Large crowds attended the entertainments and the towns are making their financial guarantees good. The returns fully cover the expenses.

The students were given the best of entertainment. Most of them were entertained in private homes. They were taken over the towns in automobiles, and in some towns dances were given for them. "I'm for the small town," one of the students remarked since her return. "The people are pure gold."

The Creston Statesman says, "Truly our people were fortunate in securing this talent from our state University. The type of young men and women which it brought shows what money is used for, and what kind of citizens are being developed at this great state institution. . . . And we hope very sincerely that it will be Creston's great privilege to have our University represented here again next year."

All the towns visited want to be included in the University Week tour in 1921.

Criticisms in Newspapers

ANNUAL FUN-FEST TO COME APRIL 17

University Night Will be Held Week from Saturday at High School Auditorium.

UNEQUALLED IN HISTORY

Tickets for the University Night festivities will be on sale Tuesday, April 13, at the University Y. M. C. A. Temple Building. The faculty will be served first and members may purchase their reservations from eight to eleven o'clock Tuesday morning. After eleven o'clock the student body will be allowed to make their reservations for the annual joy-fest. No one will be allowed more than two tickets, since room will be at a premium.

The performances will take place at the Lincoln High School auditorium, Saturday evening, April 17. The committee in charge serves notice that the stunts and skits will be the most varied, unusual, sensational and spectacular ever shown to a University audience. "Those Laws" will live up to their reputation as producers of the most unexpected original pieces staged at any University function. The "Ags" have imported some thoroughbred "stuff" which they will place before the school public on that night. Other branches of the University will devote a great deal of their time to productions with which to startle both men and co-eds. To cap the evening's entertainment will come the annual distribution of the world's most libelous giggle-producing publication, the "Shun." This year it warns students that it is more shining and shocking than ever before in its long laugh-producing history.

The committee in charge consists of Eugene Dinsmore, chairman; John Linn, property; George Driver, Oscar Hanson, Russell King, George Stone, Gerald Maryott, Zoe Schalek, Marian Hompes and Ruth Lindsay.

MARCH BLUE PRINT WILL FEATURE SPECIAL ITEMS

The March number of the Nebraska Blue Print has been issued. Articles by Professors Davis, De Baufre, Gehrig and Shedd are featured. A. A. Miller, of the Westinghouse Electric and Manufacturing Company, Seattle district, R. B. Saxon, of the Hebb Motors Company, and N. A. Kemmish, of York, also have contributed. This issue is the first published under the auspices of the student chapter of the American Association of Engineers.

EQUIPMENT READY FOR R. O. T. C. UNIT

New System Adopted for Checking Rifles in and Out.

Captain Hauser Succeeds Colonel Morrison as Commandant.

"The rifles are here," cried a few hundred members of the R. O. T. C. unit Wednesday when each one received a bright and shining firing-piece from the Quartermaster's Department. The military officials announce that all students taking drill will be allowed five minutes of the fifty-minute period in order to procure rifles and equipment. Roll call will be held promptly five minutes after the beginning of the hour. Those who are not fully equipped by that time will be marked absent. Men will be dismissed five minutes earlier in order to allow for the return of equipment to the lockers.

Captain J. N. Hauser, by virtue of rank, has succeeded Colonel Morrison as commandant of the Department and professor of Military Science and Tactics. Colonel Morrison left Friday in compliance with the War Department for Lakehurst, New Jersey, where he will engage in research work in connection with the chemical warfare service.

Cogs in the R. O. T. C. machine will be running smoothly in a short time when the last shipment of hats, now in transit, are received at the Military Department. Belts, bayonets and rifles were distributed Wednesday to all the companies. Some keen competition in drill work is being manifested by the members of the unit. The men are looking forward to a big battle on "Compet" day this spring.

Fools occasionally find opportunities, but wise men make them.

That which calls out the largest response from college students is the challenge of a hard job for a great cause.

55 TO GRADUATE FROM "AG" SCHOOL NEXT WEEK

Class Includes Thirty-Nine Boys and Sixteen Girls.

Thirty-nine boys and sixteen girls will be graduated from the University of Nebraska School of Agriculture at the Seventeenth Annual Commencement next week. Dr. William M. Jardine, president of the Kansas State Agricultural College, will deliver the Commencement address Friday evening, April 16, at the Temple Theater. The following is the Commencement Week program.

April 8
8:00 p. m.—Temple Theater, class play.

April 12
8:00 p. m.—Agricultural Hall, Junior reception in honor of Seniors.

April 13
3:00 p. m.—Agricultural Hall, Senior Class Day program.

April 14
Dedication of Agricultural Engineering Building.

April 15
2:30 p. m.—Farm Campus, competitive drill.

April 16
8:00 p. m.—Temple Theater, Commencement exercises.

HUSKER TOSSERS RESUME PRACTICE

Diamond Artists Back on Field After Weeks' Vacation.

Wesleyan Opens Season April 16-17—New Uniforms Are Here.

After a week's vacation the Cornhusker ball tossers will be back on the diamond this afternoon equipped with brand new uniforms. No practice has been held during the spring vacation and weather conditions made outside work impractical yesterday. It is thought that the diamond will be in condition for use by this afternoon, however, and the work will once more begin in earnest. Coach Schissler has returned from a few days' sojourn in Hastings and says that from now on every minute will be devoted to hard work in order to whip the squad into shape for the opening games.

The season formally opens on April 16 and 17 when the Huskers clash with the Wesleyan Coyotes at the M street park. The Methodists have an excellent ball team this year and the initial contests will no doubt give the Huskers a real test. The following week Schissler's artists invade Oklahoma for two games with Oklahoma University at Norman and two with Oklahoma A. & M. School at Stillwater. Negotiations are now under way for another trip, this time a northern invasion. If the plans materialize the Huskers will play Morningside at Sioux City on May 5 and the South Dakota aggregation at Vermillion on May 6 and 7.

The new uniforms which arrived yesterday are the latest word in baseball equipment. The 1920 Cornhusker ball team will wear maroon jerseys, on which is emblazoned a white "Nebraska," trousers of the same color with white stripes on the seams, and white stockings and red caps with a white "N." These uniforms will be worn at practice by the Varsity players.

JAZZ PLUS HOME-MADE CAKE WILL COST \$1.25

Only seventy-five tickets have been validated for the Spring Party to be held from three until six o'clock Saturday afternoon, April 10, at the Woman's Building. The dance will be given to raise money to pay for the "Baby Grand" piano, which was recently purchased for Woman's Hall.

The jazz intermixed with the waltzes in vogue will be furnished by Beck's Syncopated Symphony and tickets will cost \$1.25, which includes refreshments consisting of home-made cake.

Dorothy Hipple, chairman of the dance committee, has charge of the sale of tickets, and they may also be obtained from any of the following members of the committee: True Jack, Helen Nieman, Helen Wahl and Roberta Prince.

NEWS OF THE DAY

Boiled Down for Busy Readers

Muscataine, Ia., April 7.—A gap 300 feet wide broke through the Muscataine dam and rushed through inundating some 20,000 acres of farm lands. The roar of the water could be heard for many miles.

Chicago, April 7.—The strike of locomotive engineers and firemen is still in force. The walkout threatens to tie up all railway transportation and already the food and fuel supplies are running low. As a result of the strike several thousand stockyard employees are out of work.

Coblentz, April 7.—Two thousand communists have crossed the Rhine into British-occupied territory. They have been interned and fully 1200 more are expected to come over. This is believed to be breaking up the Ruhr Valley revolt which has brought San Diego, April 7.—The Prince of Wales, heir to the British throne, is in San Diego and begins today on a two days' round of entertainment.
