

VACATION TUESDAY

Embryo Lawyers Plan Barbecue With Freshman Law Hop in Evening.

Tuesday, May 18, will be a gala day for students in the University Law College, when they celebrate their annual barbecue and program at Epworth park all day, followed by the Freshman Law Hop in the evening at the Lincoln hotel ballroom.

The day will be filled with pleasure from 8:30 when festivities start until the last couple leaves the dance floor. The barristers have declared a holiday from their studies for that day. Special cars have been chartered from the Lincoln Traction Company and will be waiting in front of the Law Building after the parade to take the Laws to the park.

The day will begin with a parade and yell-fest. A baseball game between the Freshman and a team composed of both Junior and Senior Laws will be a feature of the day. The first-year lawyers have a string of good pitchers, and are looking for an easy victory, although the upperclassmen are more than confident.

A track meet will be another special attraction, and men are not only urged to wear their old clothes on that day, but to put on tennis shoes for the track events they intend to enter. Several speeches along with the program of "big eats" will follow the athletic games. Tickets for the barbecue are selling for \$1.25. Law students are urged to purchase before Friday of this week, so the committee in charge of the affair can make definite arrangements.

The party to be staged by the Freshman Laws in the evening will be one of the best of the year, according to Ward Randall, president of the yearling class. Gayle Grubb's "Southern Rag-a-Jazz Band" has been engaged to furnish the music, and this assures a "peppy" time. Tickets are on sale for the party and may be procured from the Freshman Law Hop Committee.

JUNIORS OVERWHELM SENIOR GIRLS 43-22

Scoring Seemed Easy to Upper-classes in Co-eds' Diamond Tournament Wednesday.

The Junior girls baseball team overwhelmed the Senior slingers by taking the long end of a 43 to 22 score in the finals of the Girls' Inter-Class Baseball Tournament played on the Armory floor Wednesday afternoon. The game was one of the best of the tournament.

The Seniors did not begin to score until the third inning while the Juniors amassed 15 points in the first two. Ten scores for the Juniors and 7 for the Seniors was the record for the third stanza. The fourth frame only three Seniors came home while the number of Juniors crossed the plate. The record for the fifth was Juniors 4 and Seniors 2. In the sixth inning the Seniors began to sweat the ball and the Juniors played wild. Ten Senior scores were chalked up and 6 Junior scores. Three Senior players in succession were put out in the first half of the seventh and as the score stood in favor of the Juniors they did not go to bat. Lillian Story and Ruth McKenney in the box for the Juniors and Irene Springer for the Seniors did not allow a player to walk to first. Sue Stille, Junior catcher, and Martha Hellner, Senior catcher, played the best ball they have played in the tournament. All of the players were keyed up to play good baseball.

The members of the winning team are Sue Stille, Lillian Story, Mary Shepherd, Ada Stidworthy, Ruby Swenson, Ruth Carr, Mary Stephens, Ethel DeYoung, Ruth McKenney and Ruth DuBois and Ruth Swenson, substitutes. The Senior nine is Martha Hellner, Marjorie Haycock, Irene Springer, Ruth Hutton, Kathleen Hargrave, Irene Shuff, Grace Shuff, Grace Troup, Marguerite Morrissey and June Fredrickson.

Acacia announces the pledging of Floyd Johnson, of Wahoo.

IVY DAY GOWNS GIVEN TO GIRLS NEXT WEEK

Gowns which University girls will don for the outdoor dances to be given Ivy Day may be procured at Woman's Hall either Monday or Tuesday from three until six o'clock in the afternoon. A deposit of one dollar must be made when the gown is taken out and seventy-five cents of this amount will be refunded when the gown is returned. The money is paid to members of the Silver Serpent and Xi Delta societies who will be on hand to collect it.

Senior girls are expected to wear white gowns. All gowns must be taken back on Ivy Day after the program or on Thursday, May 20, from three until five.

Any girl who wishes to take part in the Ivy Day dances will be welcome, says the committee.

LARGE UNIVERSITY MASS MEETING HELD TUESDAY

Architectural Drawings of Proposed Soldiers' Memorial Exhibited at Gathering.

Pursuant to action by the Senate at its last meeting, a University mass meeting was held Tuesday afternoon at five o'clock, to which was invited every person connected, in any way whatever, with the University of Nebraska. The meeting was held in the large lecture room of the Social Science Building and was well attended. Professor E. H. Barbour presided and the meeting was called to order shortly after five o'clock.

The first speaker on the program was Guy Reed who exhibited large architectural drawings of the proposed Soldiers' Memorial Building. Mr. Barbour then explained the growth of the student body showing a large 9-foot graph. Dean C. C. Engberg was then called upon to speak on the subject, "The Prospective Growth of the Student Body." By means of probability curves, he showed that a great growth was undoubtedly assured. Professor Alexander explained his scheme for University extension. Dean Burnett gave the next address. Judge H. H. Wilson was called upon to discuss "The Old and New Campus." He is one of the oldest of the alumni of the University and his talk was forceful and to the point, and made a fitting climax for the meeting. Chancellor Avey was to have spoken, but owing to the lateness of the hour, asked to be excused from the program.

A similar mass meeting was held at the University Farm campus at four o'clock, Wednesday.

INTER-GREEK GAMES POSTPONED TILL NEXT WEEK

Because of the Varsity games and the two track meets scheduled for this week the semi-finals of the Inter-Fraternity Baseball Tournament will not be held until next week.

But four teams, Phi Kappa Psi, Alpha Tau Omega, Sigma Phi Epsilon and Delta Chi, remain in the running. With this additional practice, the games on the first of the week should be marked for the team work and real baseball ability shown.

SPECIAL ENTERTAINMENT AT FRESHMAN HOP MAY 18

Judging from the sale of tickets, the semi-annual Freshman Hop to be held on the evening of May 18 at the K. of C. Hall will be a huge success. One hundred and fifteen tickets have been validated and are going fast.

Special entertainment has been provided in addition to the music by Beck's Orchestra. The best of refreshments will be served. The hall has been re-finished and re-decorated which in addition to the decoration by the committee will make this one of the prettiest parties of the year. Tickets for this Hop may still be obtained from the following members of the committee: Ray Stryker, chairman; Genevieve Gallagher, Maude Miller, Frances Hopper, Dorothy Lyons, Eulalia Ryans, Ray Cook, Wilber Wolfe, Lurene Boone.

John Riddell, '20, William Day, '21, and Herman Thomas, '20, went to Kansas City Wednesday evening to attend the Redpath-Horner Chautauqua Conference which is being held this week. They will return Sunday.

ALL SET FOR BIG GAMES WITH DRAKE

Muddy Weather Prevents Diamond Practice—California is Coming Next Wednesday.

No further practice will be given the Varsity nine before the Drake games because of the muddy field, but the recent 2 and 2 tie played with the Freshman squad is evidence that the team will play first class ball on Friday and Saturday. Captain Pickett will probably pitch the first game against the Drake team and either Ely, Reynolds or Kline will start the second game.

Next week will bring the California ball team, who will play on Ivy Day. They are making a trip which will include such teams as Yale, Princeton and Harvard and to win this game means that Nebraska must have the support of every loyal Cornhusker. The California team has won six out of seven of the University games played on the Western coast and expect to add the Eastern teams to their list.

The batting list which will be followed out on Friday will be:

- Linn, second base.
- Bekins, first base.
- Swanson, left field.
- McClary, right field.
- Hubka, center field.
- Russell, third base.
- Balley, shortstop.
- Smith, catcher.
- Pickett, pitcher.

The game on Friday is called for four-thirty in order to allow attendance at both the track meet with Minnesota and the ball game. Saturday morning's game will begin at tenthirty so as not to conflict with the High School Meet and at the same time allow the high school athletes the opportunity to witness the Varsity in action.

VAN ORSDEL RECOMMENDS MORE ALUMNI SOCIETIES

Only Few "Grad" Clubs Organized Before He Took Up Movement.

A movement to organize University of Nebraska clubs among the alumni has been started by R. A. Van Orsdel, president of the alumni association. The organization of such clubs in fifteen counties of this state has been reported at the Alumni Office. More are in process of organization.

More than 7,000 graduates have gone out from the University. Over half of these live in Nebraska; the others are widely scattered. In most of the large cities alumni have expressed their loyalty to Alma Mater by organizing into University of Nebraska clubs.

A few clubs had been organized in Nebraska before President Van Orsdel took up the matter. Some of them were no longer active. He wrote to these and to prominent alumni in all the other counties urging the organization of clubs where there were none and the revival of those that did exist. The result was a general movement among the alumni to organize. The counties having clubs are Fillmore, Frontier, Kimball, Lincoln, Red Willow, Richardson, Seward, Washington, Lancaster, Otoe, Nuckolls, Custer, Nemaha, Johnson and Cass. Cass was the last to be organized. In some of these organizations there are a president and a secretary for the county and a vice-president for each town in the county. The rapidity with which clubs are being organized makes it impossible for the Alumni Office to have a complete record.

The purpose of these clubs is defined in the constitution of the Alumni Association, which reads:

"The alumni clubs shall be charged with the conservation and promotion of the alumni loyalty, co-operation and enthusiasm in the territory in which the organization operates. They shall seek to stimulate interest in the University and to extend knowledge of its activities. They shall make known to the Board of Directors any information of value to the University of the alumni."

The club in Lincoln county reports that it is doing what it can to encourage high school seniors to go to college next year.

Good Shoes are Not an Extravagance

Don't let a misconception of "economy" lead you into getting cheap shoes. Repairs will make them cost as much as good shoes in a short time. And you'll lose the satisfaction that only good shoes can give. Count the cost per year, and not per pair.

The sudden popularity of the straight last is causing comment among shoemen throughout the country, what was once considered an ideal last for business men is now the most popular number with the young man as well.
