Clare Bowman, captain of the 1932 Nebraska cross-country squad, won first place in the annual Y. M. C. A. Thanksgiving cross-country meet held on a four-mile course Saturday afternoon. The time was twenty minutes and fifty-four seconds. Pierce Rogers won second place.

The first annual high school cross-country meet was held Sat. under the auspices of the University. Ten men entered but the hope was expressed by officials in charge that many more would be entered in the future contests. Hastings was first and Tobias second in high school contest.

Coach J. Lloyd McMasters, cross-country coach, is asking that all entrants for the fraternity meet which will be held next Saturday be turned into him at the earliest possible time. No entry fee is charged for this annual event and it is expected that many of the fraternities which did not enter the race last year will be represented Saturday.

Shoes. Which kind gets you there the quickest?

Two college men were walking down the road. When a classmate whizzed by in his car. "Pretty soft!" sighed one. Said the other, "I'll show him. Some day I'll own a car that's got his stopped thirty ways." The more some men want a thing, the harder they work to get it. And the time to start working—such men at college know—is right now. All question of classroom honors aside, men would make college count for more if they realized this fact: You can buy a text book for two or three dollars, but you can sell it for as many thousand—once you have digested the contents. This is worth remembering, should you be inclined to the self-pity which social comparisons sometimes cause. And anyway, these distinctions are bound to be felt, even though your college authorities bar certain luxuries as undemocratic—as perhaps they are. The philosophy that will carry you through is this: "My day will come—and the more work I crowd into these four years, the quicker I'll make good."
