

FEW BANQUET TICKETS LEFT

Expect Thirteen Hundred Cornhuskers at Windup of Football Season.

TO ENTERTAIN SQUAD OF FORTY GRIDSTERS

Facts About The Banquet.
Date—Friday evening, Dec. 12, 1924.
Place—Scottish Rite Temple, 15th and R Streets.
Time—6 o'clock.
Entertainment—Banquet, toasts, orchestra.
Tickets—Sold for \$1.00.

Tickets to the Cornhusker Banquet must be obtained today or Thursday from fraternity representative sellers on the campus or from Bennett S. Martin at the Employment Bureau in the Temple, it was announced yesterday by Arthur Whitworth, chairman of the committee in charge. To date, the tickets have sold rapidly, but a limited number are still available. All Cornhusker men planning to attend are urged to secure tickets today. No tickets will be on sale after Thursday, as a positive check must be determined by Friday morning.

The football squad of forty men, together with the coaching staff and football managers will be the guests of honor. The invitation list includes: H. Almy, W. Ballah, P. Bize, E. Bloodgood, W. Bronson, W. Burnham, G. Cogan, M. Collins, E. Dailey, W. Dover, E. Du Teau, G. Ford, H. Gillan, N. Gray, W. Cross, L. Grow, L. Hubka, H. Hutchinson, P. Kamm, H. Kuska, J. Kuska, R. Locke, A. Mandery, R. Mandery, F. Mielenz, C. Mohlen, D. Myers, W. Ogden, F. Pospisil, M. Reller, J. Rhodes, F. Ristine, R. Robertson, W. Scholz, M. Shostak, T. Smith, E. Weir, J. Weir, J. Wickman, R. Worrest, J. Wostoupal. Coaches: F. W. Dawson, H. F. Schulte, W. G. Kline, O. A. Frank, Bill Day, Leo Scherer. Managers: E. L. Stemen, H. D. Walter.

Thirteen hundred Cornhusker men are expected to be present Friday night at the annual windup of the Nebraska football season. This tradition is held at the close of each gridiron season, and Friday night will be the final chance for all Husker followers to exhibit their appreciation for their efforts on the gridiron during the past season.

Plans for entertainment of the large crowd expected will include several well-known speakers and humorists. The affair will not interfere with any plans made for that evening, and all entertainment will be of a light nature. The Kandy Kids have been secured to furnish music during the meal. The decorations are in charge of the Green Goblins.

Y. W. C. A. BAZAAR DECIDED SUCCESS

Conference Committee Raises Half of Sum for Convention Delegates.

About \$150 has been made from the Y. W. C. A. bazaar and it is expected that another \$15 will be turned in as a result of the auction sale held yesterday to sell the remaining articles. This year's bazaar sold about \$20 more than the one held last year.

The conference committee of the Y. W. C. A. was in charge. The committee chairman is Betty Raymond, '27, Lincoln. Members of her staff are: Mary Lou Parker, '26, Denver; Polly Robbins, '25, Omaha; Jessie Sutter, '26, College View; Doris Baker, '27, Sioux City; La Myra Waite, '28, Arcadia; Eva Osborne, '27, Genoa.

The committee expects to raise \$300 before the time to send representatives to the Y. W. C. A. annual conference. Candy bars have been placed on sale in the various sorority houses and dormitories and the profit from these sales will be put into the fund.

Parker To Talk on Hook-worm Diseases

Dr. Parker, of the Zoology Department, will give a popular lecture on the hook-worm and hook-worm diseases. This lecture will be illustrated by demonstrations, lantern slides and a moving picture. The lecture will be given at 5 o'clock in Bessey Hall Auditorium this afternoon. All students are invited.

NEW YORK UNIVERSITY—Two hundred black canes have been ordered for members of the junior class. It is claimed that not only do the canes last longer than paddles, but they can be welded to a much better advantage.

COUNCIL PLAN NOW WORKING

Dormitories, Rooming and Sorority Houses Are Represented.

The Council plan which has been successfully used by the Junior League of Iowa University will go into effect today. The council will be made up of a representative from each sorority, dormitory and council will also include the officers and committee chairman of the organization.

The council will meet before each meeting of the organization to discuss and forward plans for that meeting. This body is to be made up of women interested in the work of the League who will be able to keep the plans of the organization more clearly before their house members. The first meeting of the league will be held at five o'clock today in Ellen Smith Hall.

READS "THE FOOL" TO BIG AUDIENCE

Bess Gearhart Morrison Is Nebraska; Calls Self "Hick Elocutionist."

Bess Gearhart Morrison drew a large audience of Lincoln and University people to her reading of Channing Pollock's "The Fool" at the Temple theater Tuesday evening. She called herself a "hick elocutionist" from Lincoln, Nebraska, and informed her hearers, in an opening speech, that Channing Pollock called himself a "hick playwright" from Omaha, Nebraska.

She gave to each character an outstanding personality without the advantages of costume and stage setting. Each figure in the play she made definite through working out accurately the details of personality. Mrs. Morrison's words were well-colored. She used a large range of voice.

Daniel Gilchrist, the man whose philosophy of life is worked out in the play, begins as the assistant rector in a fashionable New York church. He loses his position through a determination to preach the truth with uncompromising words. Claire Jewett, breaks their engagement because he insists on giving his wealth to the poor and Gilchrist accepts employment as a labor mediator for George F. Goodkind, father of "Jerry." Jerry is the villain of the plot and wins Claire because he can assure her of luxury.

Gilchrist becomes too interested in the happiness of the miners with whom he deals as Goodkind's agent and leaves again. He opens "Overcoat Hall" where anyone who asks for an overcoat receives one, and goes on with his ideal of living.

ENGBERG TALKS TO GUILD

Need of Religion in Student's Life Is Subject of Speech.

Dean Carl C. Engberg told of the need of religion in a student's life at a regular dinner of the Wesley Guild, Methodist men students' organization, Tuesday evening at the Grand Hotel. The speaker was introduced by Dr. Huntington, the Methodist student pastor.

"There are three types of development essential to the fullest growth of a student's life: Physical, mental and spiritual and of these the latter is the most important," said Dean Engberg. He went on to say that the soul is the home of the body, and without a moral background a sharp mind is a dangerous instrument.

He further stated that the student's life is so filled with so many events that he must choose a dividing line on which things he will take part in, and in the choosing of these things he should not leave out his religion. That he should not choose so many activities that he could not do his best work in each. Another point that he brought out is the fact that we should not merely get wisdom but that we should also get understanding.

UNIVERSITY OF COLORADO

A passport to the Dean's office is the reward for loud talking or undue disturbance in the library. Expulsion from the library for a certain length of time will be the penalty inflicted upon those who are convicted of the crime. "The erstwhile stamping ground of fusers, pugilists, gossips, vampires, sleek shieks, and law students" is no more.

UNIVERSITY OF WASHINGTON—Booster dances will be held in the principal cities of the state during the Christmas vacation. The idea of these dances is to interest high school students in the University of Washington.

Graduate Gives Talk On Cuba at Vespers

Miss Mary B. McCracken, a graduate at the University who was for six years a missionary in Cuba, was the speaker at Vespers Tuesday evening in Ellen Smith Hall. She related a very vivid account of the life, the work, and the experience of a missionary in that country. Miss McCracken is now on furlough for rest and for special study. She will resume her work in Cuba shortly.

The vesper choir sang a special anthem, and Josephine Schaefer sang a solo. Eloise McAnan presided.

UPSON SPEAKS TO FRESHMEN

Chairman of Department Lectures Before Monday and Tuesday Classes.

ORGANIC CHEMISTRY IS MAKING REAL PROGRESS

How chemistry has aided in the war on disease and sickness and its relation to the medicinal profession was explained by F. W. Upson, chairman of the department of chemistry, to the weekly freshman lecture periods Monday and Tuesday. Discoveries in the chemical world which have led to great advances in combatting disease were explained by the lecturer.

"With the present progress in this field—organic chemistry," said Professor Upson, "we may soon know how to make chemical combinations which will be identical with all secretive gland substances of our bodies. We have already made many discoveries of this kind."

The chemist, according to the lecturer, is interested in the composition of molecules, as distinguished from the physicist, who studies the actions and motions of them. The chemist's work is divided into two parts—analyzing the molecule, and putting the atoms back together again.

The department known as organic chemistry came into existence about one hundred years ago. It is the study of the substances which are present in all living matter, both animals and plants. Early in the study of this branch of chemistry it was discovered that all compounds of living matter contained carbon.

Professor Upson explained the system of chemical symbols used to designate chemical compounds to show their composition. Not only does the chemist write the symbols in regular form, but he also makes a plan showing how the different elements are combined. His plan corresponds to the architect's working plan of a structure.

One organic substance which has been successfully duplicated by chemists is indigo. By analyzing the molecule of indigo, which is a tropical plant, chemists have been able to combine the separate elements and manufacture indigo. This is not a substitute for the dye, but is the real object and has the same effects as indigo itself.

Cocaine, a local anesthetic often used in medicine, comes from the leaves of a tropical plant. Its effects as an anesthetic are very pronounced, but it is also poisonous and some times so much so that it has a bad effect. Chemistry has solved this problem by producing such substances as procaine and butyn, which possess all the anesthetic qualities without the poisonous factors.

When it is necessary to produce a substance with certain properties the chemist is called upon, said Professor Upson. Arsenamine is an example of a compound which took 606 attempts to make, but which when manufactured produced the very things desired.

Many other examples of chemical compounds were explained. Adrenaline, for treatment of glands which regulate the blood pressure, and thyroxin, for treatment of the disease known as goitre, were two of the compounds explained.

Haney Returns From Engineers' Meeting

Jiles W. Haney, associate professor of mechanical engineering, returned Monday from New York city where he attended the annual meeting of the American Society of Mechanical Engineers. Professor Haney reports that among the various inspection trips was one made to Lakehurst, N. J., where five hundred engineers were guests of the naval air service, at which time the Shenandoah and the Los Angeles, two large naval airships, were inspected.

UNIVERSITY OF CINCINNATI—A cross-word puzzle is published in the Bearcat every day. The answer is the name of one of the popular girls.

HOLD DEBATE TOURNAMENT

"Should State Government Declare Ku Klux Klan Illegal?" Is Question.

FRESHMEN TO BATTLE SOPHOMORES THURSDAY

The first debate of the annual inter-class debate tournament will be held Thursday evening, December 18, in Social Science Auditorium. At this time the freshmen will oppose the sophomores on the question, "Should State Government declare the Ku Klux Klan illegal?" The freshman team will uphold the negative side of the issue.

Each team is composed of three speakers, who are allowed ten minutes of direct argument and five minutes of refutation each.

The members of the sophomore team in the order in which they will speak are: Donald Becker, Grand Island, Philip Nemire, Stanford, and Rudolph Hedges, Pawnee City. The freshmen team includes George Healy, Lincoln, first speaker, Charles Speedie, Lincoln, second speaker, and Dave Sher, Omaha, third speaker. All of the men on the freshman team, including the alternate, George Johnson, Lincoln, have had previous experience as high school debaters.

A junior team has also been chosen and in the event that there is no senior team this year, the juniors will debate the winner of the freshman-sophomore debate for the school championship. The freshman team carried off the honors in the inter-class debates last year.

GOOD POSTURE DRIVE OPEN FOR ONE WEEK

Physical Education Department Sponsors Movement To Be Annual Affair.

A good posture drive which begins today and continues until next Wednesday is being sponsored by the physical education department of the University. Posture talks are given in all classes under that department and posters are being used to demonstrate good and bad posture. Hereafter this drive will be an annual affair. A similar campaign is held in nearly all large universities and colleges.

Schmetograph tracings of the unimpeachable women which point out the defects and the good points of posture have been made. These tracings are divided into four classes: A, B, C, and D, representing excellent, good, fair, and poor postures respectively. The rating of each new woman taking work in the physical education department will be posted. Of these women one-half per cent are in the excellent posture class, 26 per cent in the good, 63 per cent in the fair, and 10 1-2 per cent in the poor.

Later in the year a foot campaign, that is, a drive to promote correct walking and the wearing of proper shoes, will be held.

UNIVERSITY OF OREGON—The Oregon debaters defeated the Oxford England, team by a vote of 676 to 143. The audience voted on the debate as they do in England. Over 1000 persons attended the debate although a few did not remain to vote. Balcon McDonald, ex-Prime Minister of England was a member of the English team, which will participate in thirty debates on the tour.

UNIVERSITY OF TORONTO—This university boasts of the smallest freshman in their history. He is just three feet six inches tall.

Grumann Commends Wilfred's Clavilux

Prof. Paul H. Grumann, director of the School of Fine Arts, issued the following statement yesterday in regard to the Clavilux:

"Mr. Thomas Wilfred will appear in a recital, with his invention, the Clavilux, at the Lincoln City Auditorium on December 16. The invention attempts to use light instead of tones in the way of artistic composition. It has unusual possibilities for the stage and everyone who is interested in the development of theatrical art should have first hand acquaintance with it. All Fine Arts students, especially those who are studying dramatic art, should avail themselves of this opportunity to see Mr. Wilfred's work.

"The School of Fine Arts has repeatedly tried to bring Mr. Wilfred here and is very grateful to the Legion for making the attraction available for Lincoln."—Prof. Paul H. Grumann.

Jorgenson Will Open Discussion on Orient

Arthur Jorgenson, general secretary of the University Y. M. C. A., who spent twelve years in Japan, will open the discussion at the World Forum luncheon at the Grand hotel this noon on the Oriental view of life. This will be the second of a series of discussions on various views of life.

The Hebrew and Christian views will be considered the next two weeks. Rabbi Starrels of the reform Jewish congregation in Lincoln will present the discussion of the Hebrew philosophy. Last week Prof. J. A. Rice, Jr., chairman of the department of ancient languages discussed the Greek view of life.

WILL PRESENT ONE-ACT PLAYS

All Students and Patrons of University Plays to Be Admitted Free.

PLAYERS CLASS WILL APPEAR DECEMBER 16

Five one-act plays will be presented Tuesday afternoon, December 16, by the dramatic department of the School of Fine Arts. All patrons of the University Players and all students interested are invited to come and no admission will be charged.

During the year the "Players" class has been working on one-act plays. As it is not possible for all of the members of the dramatic department to appear in one of the longer plays of the year this presentation of five plays of the classes best work, provides a practical opportunity for the casts and at the same time presents for public approval examples of the work of the department.

The first play will begin at 2:30. They will be presented in the following order:

"Op-O-Mi-Thumb."
Cast—
Madame Didier—Edna Leming.
Mrs. Clem Galloway—Lillian Schimneck.
Rose Gordan—Helen Bonner.
Celeste—Dela Weatherhogg.
Amanda Affleck—Frances McChesney.
Horace Affleck—Harold Felton.
"A Minuet."

Cast—
Marquis—Helene Phillips.
Marchioness—Coleita Aitkin.
Goaler—Ruth Schrank.
"The Bishop's Candlesticks."

Cast—
The Bishop—Edward Taylor.
The Convict—Darrel Starnes.
Persome—Dolores Bosse.
Marie—Glenne Curry.
Sergeant of Gendarmes—Henry Ley.

Cast—
Penfield Parker, Jr.—James Miller.
Wallie—Robert Read.
Enid Birdsall—Pauline Gellatly.
"Noble Lord."

Cast—
He—Dwight Merriam.
She—Celeste Leech.
Peters—Bernard Maxey.

SISTERS SHOULD GO TO PARTY

Arrange To Take Freshmen to Girls' Cornhusker Affair.

Big sisters should see that their Little Sisters are going to the Girls' Cornhusker party, a traditional event of the year, which will be given Friday evening at the Armory. Girls who live too far out to come otherwise will be called for if they will give their names and addresses to Frances McChesney or to some member of the Women's Self-Government Association.

This party is the only event of its type given and is one of the big events of the year. It will be a costume party and every University woman is invited to attend. Admission will be twenty-five cents.

Skits by the women's honorary organizations, by the Tassels and the University Players will be included in the evening's entertainment. The Polyanna Syncopters will play for dancing.

Valkyrie To Give Tea for Freshmen

Members of Valkyrie, senior society of the University, will entertain at tea Friday afternoon from 4 to 6 o'clock at Ellen Smith hall for all freshman women.

UNIVERSITY OF CALIFORNIA—Of the sixteen violations of the honor system reported this semester, nine were found guilty, six not guilty and one case was dismissed for lack of evidence. Cheating in examinations was the charge in twelve cases.

LELAND SPEAKS AT Y.W.C.A.

"Beauty, Truth and Grace" is Subject of Talk.

Dr. D. R. Leland spoke on "Beauty, Truth, and Grace" at a meeting of the Agricultural College branch of the University Y. W. C. A. He pointed out "Beauty, Truth, and Grace" as means of broadening one's life. Dr. Leland said, "A university education is a great aid in developing these points."

Mildred Behrens, who had charge of the meeting, announced that a special program had been arranged for the next meeting which will be held Tuesday, December 9, at the Home Economics building.

CHRISTMAS PARTY TO BE HELD IN ARMORY

Eight-Piece Orchestra Will Play; Cruise and Andrews To Entertain.

Christmas decorations and the holiday spirit will prevail at the fourth All-University party Saturday evening in the Armory. Arrangements are being made for one of the largest crowds at an All-University event.

Music will be furnished by an eight-piece Kandy Kid orchestra, all time entertainers at University parties. During the intermission Orville Andrews and Harriet Cruise will entertain.

Refreshments will consist of coffee, sandwiches and candy. The admission is thirty-five cents.

ORGANIZATIONS MUST ARRANGE FOR SPACE

Cornhusker Announces December 19 as Deadline; Will Index Book.

All University organizations, except fraternities and sororities, that expect to have space in the 1925 Cornhusker must make their space reservations before Friday, December 19, according to an announcement made by Cornhusker officials yesterday.

"We are going to index the book during Christmas vacation and we won't take it for granted that organizations which do not make reservations expect to have space in the Cornhusker," said Wendell Berge, editor. "Because an organization had space in the Cornhusker last year does not exempt it from making a reservation this year if they want space."

Work of taking group pictures of campus organizations will start Thursday or Friday of this week at the Campus studio. Organizations must make their own appointments at the studio. No group pictures except those from the Campus studio will be used.

ORGANIZE NEW LOCAL CALLED DELTA SIGMA

Faculty Committee on Student Organization Recognizes Fraternity.

A new local social fraternity to be known as Delta Sigma has been organized at the University of Nebraska and has been approved by the faculty committee on student organizations. The fraternity has been established with the hope of some day becoming a chapter of a national academic fraternity. Delta Sigma will occupy a house at 1620 R Street.

"To uphold, support, and defend the standards, ideals, and traditions of the University of Nebraska, and to promote the educational, social, and athletic activities of the University" is the purpose set forth by the new fraternity.

The active members of Delta Sigma are: Harry Rife, '25, Wray, Colo.; Alber Kendall, '26, Norfolk; Ross Ely, '26, Broken Bow; Clayton Sahlgel, '26, McCool Jet.; Dwight Dahlgren, '27, Allison, Ia.; Fred Barmore, '25, Adams; Dwight E. sh, '27, Nebraska City; Earl Hall, '25, Lincoln; Willard Dutton, '25, McCook; Raymond McDonald, '27, McCool Jet.; Raymond Curran, '26, Lincoln; Frances Hirschman, '27, Hartington; Everett Sloggett, '25, Broken Bow.

The pledges to the new fraternity are: James Schneider, '27, Lincoln; Kenneth Ayers, '28, Lincoln; Earl Gillette, '27, Omaha; Don Howard, '28, Gordon; Claude Saults, '28, Gordon; Charles Dickey, '29, Spencer; Charles Good, '28, Wray, Colo.; Harold White, '27, Burwell; Elwood Glosbrenner, '28, Fort Robinson; Russell Byrne, '28, Lincoln; Marion Viquain, '28, Denver, Colo.; William Day, '27, Omaha; Charles Heacock, '28, Rapid City, S. D.; Eugene Bowyer, '29, Yankton, S. D.

PHI GAMMA DELTA, AND A.T.O. WIN

Hard Fight Eliminates Silver Lynx, Sigma Nu and Phi Delta Chi.

THREE FRATERNITIES GO TO SEMI-FINALS

YESTERDAY'S RESULTS.

Phi Gamma Delta, 13; Silver Lynx, 12.
Delta Tau Delta, 13; Sigma Nu, 10.
Alpha Tau Omega, 27; Phi Delta Chi, 4.

TODAY'S GAMES.

Xi Psi Phi—Alpha Gamma Rho, 4 o'clock.
Sigma Alpha Epsilon—Delta Upsilon, 4:20.
Delta Sigma Delta—Sigma Phi Epsilon, 5:20.

With an exhibition of the best playing so far exhibited three fraternity teams went into the semi-finals of the tournament yesterday. In the hardest fought contests of the tournament Phi Gamma Delta won over Silver Lynx and Delta Tau Delta eliminated Sigma Nu. The feature of the afternoon came when a goal in the last few seconds of play put the Phi Gam team out in front of Silver Lynx. It was Reiff's tally that decided the game.

The mix was fast and replete with thrills. Both teams were guarding closely and favored the cautious playing in the first half. Silver Lynx was leading, 6-5, at the first period. Grace and Locke led their teams in scoring, each counting three baskets. At the jump in the second half Locke led off with a neatly shot goal and Grace of Silver Lynx immediately followed, putting the score at 8-7.

Play was faster than ever in the last period. Few goals were scored by either side but good floor work featured the work of both teams. Shaner of the winners showed up well on offense. With one minute to play the score stood at 12-11, in favor of the Lynx men. Reiff's goal a moment before the whistle put the game on ice.

Delta—Sig Nu Game Close.

The second game on the card rivaled the first for thrills and interest. It was faster than the first scrap. Andrews of Delta Tau got behind the Sigma Nu defense in the first moment of play for the initial score. The loser's defense was found open several times but poor goal shooting saved the Sig Nu team. Rhodes received several razzings when he apparently resorted to rough play but was good for two goals. When Thompson of the Sigma Nus bagged two free throws on a foul, Lawson of the winners scored two immediately afterwards on a Sig Nu foul. The game was put on ice late in the second half.

A. T. O. Is Easy Winner.

Alpha Tau Omega was an easy winner over Phi Delta Chi. The losers had no defense and the A. T. O. team broke up play after play, putting the final score at 24-7. Alpha Tau Omega, who won over Farm House in the first round, may prove serious contenders for the championship. Their floor work was excellent yesterday and they exhibited a good amount of team work. Every member of the team showed up well.

Grace, center on the Silver Lynx team, is still the leader in individual scoring. He has twenty-two points to his credit, with Dickey of Phi Delta Chi in second place with fourteen points. Toft, Acacia, and Anderson, Sigma Alpha Epsilon, are tied for third honors with twelve points each. The summaries:

Silver Lynx—Phi Gamma Delta.
