

ENGINEERS TO STAGE PARADE AT NOON TODAY

Seven Floats Will Parade Down O Street From Ninth To Eighteenth Street

BAND WILL BE IN LEAD

All Departments Of Engineering College Will Be Represented by a Characteristic Display

Seven floats led by the university band will parade down O street from ninth to eighteenth at 12 o'clock noon today. Each department of the Engineering College, and also the Geology department will be represented with a display characteristic of the work done there. Four engineering students dressed as clowns will also be a feature of the parade. Don Hannon is in charge.

The civil engineering float will consist of a surveying display. Various types of instruments and apparatus used in surveying work will be mounted in position for taking readings. Posters giving descriptions of the different instruments will be placed on the side.

For the agricultural engineer's display a machine will be mounted on a truck into which paper will be fed in large sheets and out of which confetti will be blown in large clouds onto the streets.

Will Have Electrical Locomotive

The electrical engineers will be represented by a large electric locomotive to be built around an automobile which will provide the motive power. The locomotive will be of the latest design and will be true in all outward appearances to the most powerful in use today.

The float to be shown by the architectural engineers will be a view of a modern, large city skyline. Models of various noted buildings will be shown and in the center will be a model of the large steel framework necessary for sky scrapers of today.

The chemical engineers will show apparatus for a complete coal tar distillery. The many by-products and synthetic compounds will all be shown in the process of preparation. The apparatus used for making dyes, artificial silk, fertilizers, explosives, celluloid, bakelite and other products will be on exhibit in order that the manufacture of these things may be more clearly shown.

Geologists Will Have a Float

The geology float will consist of signs and pictures giving humorous comments on experiences encountered by geologists.

The mechanical engineers will have a large model of the world mounted so as to turn around slowly while the parade is in progress. Apparatus and signs will be used to show the many different parts of the world in which mechanical engineering plays a major part.

The parade will assemble on tenth street west of the mechanical engineering building at 11:30 today. This event is given annually in order to advertise Engineers' Night at which time all the engineering buildings will be opened for inspection by the public. Engineers' Night this year will be held the evening of Thursday, May 6. The laboratories will be open from 7 until 11 o'clock. Over six thousand people are expected to attend the event this year.

CHEMICAL SOCIETY TO MEET

Dr. Parsons Will Speak on "Chemistry in Bacteriological Science"

The one hundred and twenty-seventh meeting of the Nebraska Section of the American Chemical Society will be held Wednesday, May 5, at eight o'clock, in Room 208, in Chemistry Hall. This is the last meeting of the year.

Dr. L. B. Parsons, in charge of the Research Laboratory of the Cudahy Packing Company, Omaha, Neb., will speak on "Chemistry in Bacteriological Science."

Dr. Parsons completed his work for the Doctor's degree at the University of Wisconsin. He is at present the Chairman of the Omaha Section of the Society. The meeting is open to the public and all those interested are cordially invited to attend.

New Colors To Be Displayed Friday

The new R. O. T. C. colors were received this week and will be displayed for the first time at the federal inspection Friday. The Governor's parade on May 12, which follows the War Department inspection, will be reviewed by the regimental sponsors. Invitations to the sponsors were mailed yesterday from Colonel Jewett's office.

Big Sister Board Will Initiate Three Hundred

The three-hundred university women recently selected by the Big Sister Board to carry on the work of the organization for the coming year will be initiated at the annual initiation to be held at the Agricultural College campus on Thursday at 5 o'clock. The women who are to be initiated are asked to meet at Agricultural Hall.

A picnic supper will be served by a committee which includes Wilhelmina Schellak, May Field, and Florence Brinton, and the tickets which are 35 cents may be obtained at Miss Elsie Piper's desk in the Dean of Women's office. Cars leave Tenth and O on the hour and every fifteen minutes.

OPEN RATES FOR HIGH STUDENTS

Railroad Rates Reduced Because of High School Contests Here This Week

MANY EXPECTED TO COME

Announcement of open railroad rates of one and one-half fares to Lincoln for the interscholastic academic contests, the state debate, and the annual high school track and field meet, May 7 and 8, is expected to bring a large number of high school students to the city this weekend. Director A. A. Reed of the Extension division which is sponsoring the interscholastic academic contests, expects the largest number of applicants in its history. Four hundred entry blanks have already been received, not counting those who will enter direct from the territory around Lincoln and Omaha.

The preliminary rounds in the academic contests were held the latter part of April throughout the state under auspices of state colleges. Winners will participate in the finals at Lincoln, May 8.

Start Debates Thursday

The state debate league championship debates will be held beginning Thursday, with the finals on Saturday. Thirteen teams are entered, representing the debating districts into which the state has been divided.

Over five hundred high school athletes are entered for the state track and field meet, which is divided into three classes according to the size of the school.

The annual Blue Star inspection of the R. O. T. C. unit Friday afternoon will probably be an additional attraction for the outstate visitors, who will be treated to a full regimental review and parade.

R. O. T. C. OFFICERS ASSIGN

Members of Nebraska Staff are Given Summer Appointments

Assignments of R. O. T. C. officers to summer camps were received this week at the Military office.

Captains Morris C. Bigelow and Ira A. Hunt will be on duty at the Ft. Snelling R. O. T. C. camp. Captain Charles A. Hoss will do double duty, being assigned to the Ft. Snelling Military Training Camp at Ft. Des Moines. Captain Hoss was excused from duty last year because of illness. Captains Albert D. Foster, Floyd C. Harding and Lewis W. Eggers will be stationed at the Ft. Des Moines camp. Colonel Jewett and Captain Husken will represent Nebraska R. O. T. C. at the Ft. Leavenworth C. M. T. C.

Bulletin Boards Outside "U" Hall Were Formerly University Gates

The iron framework of the two bulletin boards which now stand on either side of the east entrance to U Hall served from 1891 until 1922 as the Eleventh Street entrances to the University campus.

During the greater part of this period the campus did not extend east of Twelfth Street and was completely enclosed by a high iron fence. When it became necessary in 1917 to extend the campus across Twelfth Street it was seen that it would not be possible to continue the fence.

The fence itself was torn down in 1922. The gates, however, were left until a year later, when they were made into the bulletin boards and placed at the entrance to U Hall.

Although the fence and gates were ornamental and added to the general attractiveness of the campus the real purpose in their erection was quite different. The motive be-

GREEKS TO HAVE BANQUET MAY 13

James Davidson Of Omaha Is Asked To Speak At Inter-Fraternity Affair

WILL AWARD PLAQUES

Mr. James E. Davidson, president of the Nebraska Power Company, of Omaha, and former president of the American Electrical Association, has been asked to act as the chief speaker at the annual Interfraternity banquet to be held Thursday evening, May 13, it was announced yesterday. Wendell E. Berge, chairman of the speakers' committee for the coming banquet is experiencing some difficulty in securing speakers for the Inter-Fraternity affair. Mr. Davidson has not yet accepted the invitation to be the chief speaker of the evening due to a conflict in engagements but the committee hopes to hear from the Omahan within the next few days.

Tickets for the Inter-Fraternity banquet will be distributed early next week and will be sold at one dollar each. Fraternities are requested to close their house tables on that evening and attend the annual festivity en masse. Several fraternities have already taken action to close their tables May 13 and it is expected that the remainder will follow at the meetings next Monday evening.

The program, which includes two orchestras playing during the serving of the banquet, will be shorter than in former years according to William Trumbull, who is in charge of the banquet. There will probably be three speakers at the most, on the toast list. Fraternity scholarship plaques will be awarded following the banquet as in former years.

MAY BREAKFAST PLANS COMPLETED

Will Start Affair at 8:30 With Program Later; Judges For Sing Are Chosen

Plans for the May Morning breakfast to be held on Saturday morning, May 8, at 8:30, were completed at the meeting of the Associated Women's Student Board held Tuesday noon, at Ellen Smith Hall. A program of dances and music will be presented at 9:15 and the inter-sorority sing will begin at 9:45.

The judges for the sing will be Howard Kirkpatrick, Mrs. Carrie B. Raymond, and Mrs. Lillian Helms Polley. The cup given to the sorority winning first place, will be the possession of the sorority for one year. Phi Mu won the cup last year. The sing will probably be held on the Engineer's bridge and the breakfast will be served on the campus between U Hall and the Administration building. The Tassels in Gypsy costumes will serve the breakfast which the committee is planning in box form. The May morning breakfast has been held twice on the campus of the University of Nebraska and corresponds to the inter-fraternity sing which takes place later in the year and is under the auspices of the Kosmet Klub.

Aikman Sends Forest Soils to Greenhouse

A shipment of forest soils for the experimental growth of trees was received at the greenhouse on the University campus recently. Mr. John Aikman, a graduate student in the department of Botany, is making an ecological survey of forests in eastern Nebraska. He spent several days last week in the northeastern part of the state securing these forest soils.

AD CLUB TO HOLD AN OPEN MEETING

Talk on Advertising Will Be Given By Roy Nordby Thursday At Grand Hotel

The University Advertising Club will hold an open meeting Thursday at 6 o'clock at the Grand Hotel for all students interested in advertising.

Mr. Roy Nordby, advertising manager of Rudge & Guenzel, will be the principal speaker. Marion Woodard, former president of the Advertising Club, will also speak. Music will be an added feature of the program. Tickets for the meeting and dinner may be secured from Prof. E. T. Grether or from members of the Advertising Club.

WEATHER FORECAST

Wednesday: Generally fair. Weather Conditions

An area of high pressure and clear cool weather overlies the eastern half of the country this morning, following light rain yesterday in the Atlantic states. Temperatures have risen from the Mississippi River to the Rocky Mountains under the influence of low pressure over the upper Missouri valley and the northern Rockies but the weather continues mostly clear. Rain has fallen in Louisiana, Texas, New Mexico, Arizona, and the north Pacific states.

THOMAS A. BLAIR, Meteorologist.

NEW OFFICER COMING HERE

Captain Skinner of Fort Benning to Arrive About June 1

Captain Russel Skinner, who has been in training at Fort Benning, has been ordered to Nebraska and will arrive here about June 1, according to information received by Colonel Jewett this week.

Captain Morris H. Forbes, who has also been stationed at Fort Benning in the Officers Infantry School, has been ordered to the Presidio. Captain Forbes was an instructor in Military Tactics at Nebraska last year.

VESPERS HEAR A MOTHER TALK

Mrs. Roy Green, '15, Speaks At Weekly Service On "The Viewpoint of a Mother"

MOTHER'S DAY OBSERVED

Vesper services held Tuesday evening at Ellen Smith Hall were in observance of Mother's Day. Mrs. Roy Green, '15, spoke on "The Viewpoint of the Mother."

"What Motherhood means comes only from personal experience; one must grow in the understanding of love, learn to know what fear is, and a thousand other details must be understood, and only when one is a Mother is this comprehension possible," Mrs. Green declared.

"Motherhood teaches one a lot," she continued, "We find we can get angry—angry at others and angry at the daughters and sons, yet the great love is there just the same. Mothers have a different sense of value than do those who are not Mothers. We find that there is just one American group in all the world—that is our family. Around this family are built all the hopes and ambitions of a life time. Every thought of the Mother is for this family, she is often apt to forget that there is any one else, that there is a vast and thronging world just outside the door of her home."

"Many mothers lose their personality," said Mrs. Green, as she pointed out that they are but a mechanical factor in the daily routine of this life long job of Mothers.

Girls Trained for Careers Today

"Mothers are not trained for Motherhood today, but they are being trained for careers. Many mothers are continuing their careers and in some cases the scheme works fine, but there are very few people," Mrs. Green suggested, "who are able to step into the home and take the place of Mother."

"The biggest pay for the Mother is the accomplishment of the desires she has had for her child. Every mother in her heart has planned for her child the sort of character she wishes him to have. Your Mother wants you to be the very best kind of a person and her ambitions are the very highest, her ideals the noblest for you. The only way you can repay your Mother is to look after your children in a worthwhile manner," Mrs. Green concluded.

Grace Modlin lead the service and the special Mother's Day music was furnished by Thelma King and Neva Robbins.

AD CLUB TO HOLD AN OPEN MEETING

Talk on Advertising Will Be Given By Roy Nordby Thursday At Grand Hotel

The University Advertising Club will hold an open meeting Thursday at 6 o'clock at the Grand Hotel for all students interested in advertising.

Mr. Roy Nordby, advertising manager of Rudge & Guenzel, will be the principal speaker. Marion Woodard, former president of the Advertising Club, will also speak. BIZAD COLLEGE MAKES CHANGES

Divide College Into Departments of Business Organization and Economics

ADD ADVANCED COURSES

Various changes have been made in the curriculum of the College of Business Administration for the coming year (1926-27). The most radical change is the division of the college into two departments, the college having formerly only one department. The two departments are the department of Business Organization and Management with Prof. Oscar Ross Martin as chairman and the department of Economics with Prof. George O. Virtue as chairman. Among the new courses added in both these departments are courses in second-year accounting, the course in the Principles of Accounting serving as an introduction to this new course; courses in Business Statistics, in Business Finance and in Advanced Money and Banking have also been added. A course in Agricultural Credit has also been listed but will not be offered next year. In the department of Economics four new courses in graduate work will be given.

A slight change in requirements has also been made. Students having three years of foreign language in the high school may take history or literature instead of a foreign language. Those students who have had only two years of foreign language and that in a single language, will be required to have either six hours of the same language of ten hours of another language. For the philosophy requirements of six hours, three of these hours must be in psychology.

As regards specialization in this college, electives are now so arranged as to supplement the work in which the student is specializing.

REPEAT STUDENT WORKER CONTEST

"The Nation" Will Again Hold Contest for Best Account of Summer's Work as a Laborer

The student Worker Prize Contest inaugurated last year by "The Nation," will be repeated again this year.

The contest is open to university and college students who will have spent the summer of 1926 at work in some industrial occupation. For the best account of such an experience and interpretation of the industrial situation involved "The Nation" will award a prize of one hundred dollars and a second prize of fifty dollars.

The contest is open to graduates and undergraduate students, men and women who were enrolled in some college or university in the spring of 1926, and actually worked as laborers for at least two months in the summer of 1926.

The contestant must give names, class, and college, names and addresses of employers and dates of employment; also the name of a member of the faculty of the contestant's school who will vouch for his or her eligibility.

Manuscripts must be typewritten and not over four thousand words in length. The winning article will be published in "The Nation." Other articles may be accepted for publication.

Winners will be announced and prizes awarded not later than January 1927.

All manuscripts are to be sent to "The Nation," 20 Vesey Street, New York City, New York, not later than November 1, 1926, when the contest closes.

Art Expresses Spiritual Unity of Historical Periods, Says Fling

That the artist expresses the life of a period, that history deals with periods of spiritual unity and that art expresses that spiritual unity, was emphasized by Prof. F. M. Fling in an informal lecture in the Art Gallery Tuesday evening.

Different periods express themselves in different ways. In Egypt, expression was gained in architecture, in Greece, through statuary pre-eminently, later however, painting was developed. Today some people believe that the artist has exhausted the resources of painting and that one must go beyond painting to other forms, such as colored light, for expression.

Art has a definite relation to other forms of culture. The Greek mathematicians was a mathematics of magnitude, today we are primarily interested in the mathematics of functions and relations. We differ

Collins, Museum Curator, Will Be Forum Speaker

Professor F. G. Collins, curator of the University of Nebraska museum, will speak at the World Forum Luncheon at the Grand Hotel this noon. His topic will be "The Place of a Museum in the University."

Tickets are on sale at the Y. M. C. A. headquarters in the Temple and the Y. W. C. A. offices in Ellen Smith Hall.

INSPECTION TO BE MADE FRIDAY

Student Cadet Officers Will Be in Charge Of Inspection For Rating

PARADE AT 1 O'CLOCK

Student cadet officers will be practically in charge of the Blue Star war department inspection program at the University of Nebraska Friday, May 7, when officers from Washington visit the Nebraska R. O. T. C. for the annual war department examination. The instructors will direct which phases of the work they wish to examine, and it will be up to the cadet captains and majors to wheel their units for the final show-down. The regular army instructors will retire to the background that day while their students display what they have learned. Colonel Jewett, commandant of the unit has perfected plans to this effect.

The inspection will start Friday morning with indoor examination of theoretical work. Juniors will be quizzed on machine guns, field fortifications, military law, and other subjects, while the seniors will stand examination on military history, howitzer weapons, military administration, etc. Three companies of the basic course, to be designated, will be called on to represent the unit in the morning examination of basic theoretical work.

Examine Unit for Theoretical Work

Time will not permit detailed examination of every class member for the theoretical work, and of the representative units picked out, the inspecting officers will judge for the whole regiment.

The regiment will turn out en masse in the afternoon for a parade, review, and inspection by the visiting board. The parade will be scheduled for 1:00.

Cadets will be excused from all classes which may conflict with the inspection. For this one day the military will reign on the campus.

Colonel Jewett has been inspecting the companies at drill periods for the past three weeks in preparation for the Blue Star final tests. Minor points needing correction have been pretty well taken care of in the course of these inspections, and the regiment is expected to be in top-top shape.

A luncheon in honor of the visiting board will be given Friday noon at the Hotel Lincoln by Scabbard and Blade, honorary military society of the advanced course. Chancellor Avery, the regents, executive dean Engberg, and Colonel Dockery of the seventh corps area headquarters have been invited.

Following inspection of the Nebraska unit the board will go to Omaha to inspect the Creighton university unit, which this year was recommended for inspection for the first time since the Creighton corps was established several years ago.

Art Expresses Spiritual Unity of Historical Periods, Says Fling

That the artist expresses the life of a period, that history deals with periods of spiritual unity and that art expresses that spiritual unity, was emphasized by Prof. F. M. Fling in an informal lecture in the Art Gallery Tuesday evening.

Different periods express themselves in different ways. In Egypt, expression was gained in architecture, in Greece, through statuary pre-eminently, later however, painting was developed. Today some people believe that the artist has exhausted the resources of painting and that one must go beyond painting to other forms, such as colored light, for expression.

Art has a definite relation to other forms of culture. The Greek mathematicians was a mathematics of magnitude, today we are primarily interested in the mathematics of functions and relations. We differ

WINNERS OF ELECTION ARE ANNOUNCED

New Publication Board Members Are Hoagland, Jorgenson and Trout

LARGE VOTE WAS POLLED

Sixteen Members Of Student Council Are Selected; School of Journalism Represented

A large vote was polled yesterday for elections of members of the Publication Board and for the Student Council, although not quite as large as last year. This year is the first time that the School of Journalism has had representation on the Student Council. The complete results are:

Student Publication Board	
SENIOR MEMBER	
Robert Hoagland	193
Karl Nelson	130
JUNIOR MEMBER	
Henry Jorgenson	177
Donald Campbell (written in)	67
Scattered votes	15
SOPHOMORE MEMBER	
John Trout	194
Charles Dox	63

Student Council	
College of Arts and Sciences	
Men	
Nieland Van Arsdale	147
Ralph Bergsten	144
Women	
Ruth Palmer	178
Elice Holovtchiner (written in)	20
Scattered votes	25

College of Agriculture	
Men	
James Jensen	69
Women	
Alice Johnson	18
Scattered votes	3

Juniors-At-Large	
Men	
Erwin Domer	455
Lincoln Frost	268
James Gillilan	255
Women	
Evelyn Wilson	130
Elsa Kerkow	47

School of Fine Arts	
Ernestine McNeill	34
Alyce Wiess	11
College of Engineering	
Harry Cook	56
James Howe	37
Eugene Spellman	10
Scattered votes	25

Teacher's College	
Ruth French	75
Scattered votes	18
College of Pharmacy	
H-go Kuhl	38
Scattered votes	10

College of Law	
Stedman French	34
Merritt Benson	11
College of Dentistry	
Byron Wieth	28
John Brauer	12

College of Business Administration	
Walter Cronk	95
Scattered votes	25
School of Journalism	
Arthur Sweet	35
Dwight Wallace	13

Robert Hoagland, who was the successful candidate for senior member of the Publication Board is a Kosmet Klub member, a Corn Cob, and of the Acacia fraternity. He comes from North Platte. Henry Jorgenson, the junior member, is a Delta Upsilon, a Corn Cob, was a Green Goblin and on the Freshman Council. John Trout, a Sigma Nu, won the sophomore position. He is a member of the Iron Sphinx.

The activities of the newly-elected Juniors-at-large follow: Erwin Domer, a baseball letter man, Delta Sigma Pi, Corn Cob, "N" club and Pi Kappa Phi. Lincoln Frost, Debate team, Y. M. C. A. board, and Pi Kappa Alpha. Evelyn Wilson, Alpha Omicron Pi, Teachers College, Elsa Kerkow, Pi Beta Phi, Arts and Sciences College.

James Jensen, the Agriculture College representative is Associate Editor of the Cornhusker Countryman, a member of the Corn Cobs, Iron Sphinx, Vikings, Ag Club. Alice Johnson was the successful woman candidate from the Ag College.

Ernestine McNeill will represent the School of Fine Arts. She is treasurer of Sigma Lambda, a member of the Art Club, Alpha Xi Delta, and a former Mystic Fish.

Stedman French, an Alpha Tau Omega, Phi Delta Phi, Iron Sphinx, and a member of the Interfraternity Council, won the contest for the Law College. Hugo Kuhl, Kappa Psi, Iron Sphinx and Pharmaceutical Society is the new representative for the Pharmacy College.

Arthur Sweet was elected to fill the newly created position on the Council for the School of Journalism. He is News Editor of the Daily Nebraskan, Secretary of the Sophomore class, member of Phi Kappa Psi, Iron Sphinx, and Pershing Rifles.

Byron Wieth is a Xi Psi Psi and former Green Goblin. He will represent the College of Dentistry. Val-
