

PUBLIC UTILITIES MEN HOLD MEETING

Ohio University Dean and Lincoln Company Heads Confer on Student Topics

Dean C. O. Ruggles of the College of Business Administration of Ohio State University spent part of Friday, February 10, in Lincoln in connection with an investigation which is making throughout the United States of public utility education; that is, of the training of young men for employment with public utility companies. The scope of the investigation covers gas and electric companies, traction companies, telephone and telegraph companies and other public utilities except railroads.

Better Cooperation Needed

The purpose of this investigation is to secure better cooperation between the universities and the public utility companies with that end in view. A conference was held in the library of the College of Business Administration at 4 o'clock at which were present Dean LeRossignol and a number of the faculty of the College of Business Administration, Dean Foster of the College of Law, Dean Ferguson and Professor Hollister of the College of Engineering, Professor Kneier of the Department of Political Science, Professor T. T. Smith of the Department of Physics, Mr. Thorne Browne, director of the National Electric Light Association, Mr. J. M. Agee, General Manager, Mr. H. G. McCulla, Commercial Engineer, and Mr. C. W. Motter, Publicity Director of the Lincoln Telephone and Telegraph Company, and Mr. W. R. McGachin of the Public Service Company.

Dean Ruggles Gives Address

Dean Ruggles gave an address on the importance of university training for business, especially for employment with public utilities, which was followed by an interesting discussion. Later in the evening a dinner was given in honor of Dean Ruggles at the University Club, after which a number of those present spent the rest of the evening at the home of Professor Virtue, who is an old friend of Professor Ruggles, both having been graduate students at Harvard University at the same time.

STANFORD STUDENTS NOW TRAVEL IN REAL STYLE

Palo Alto, Calif.—(IP)—Roller skates and bicycles are threatening to take from the flivver its prestige as the campus conveyance at Stanford university. Coeds have taken to both forms of locomotion to and from classes.

BIZAD CLASS WILL TOUR

Institution Management Class Will Get Actual Training

On Wednesday the Institution Management in Marketing and Organization are to visit the Grainger Wholesale Company where Mr. Grainger will talk to the members. They will also visit the lunch room and the kitchen in the new Burlington station. On next Monday the class will visit the Lincoln Fixture Company. Mr. John L. Christie, general salesman of the Mayer China Factory, Berver Falls, Pennsylvania, will talk to the girls and will show them many samples of china.

Medical Ball at South Dakota University Has Skeleton Decorations

Vermillion, S. D., Feb. 13.—Opening with a "Musculotubari March," continuing with the "Subclavian" shuffle, the "Digastic" drag, "Clavicular" crawl, and winding up with the "St. Vitus" dance, the Medical ball at the University of South Dakota was danced off to the tune of an "Illio-tibil" orchestra dressed in surgical costumes.

GRAMLICH MAKES REPORT

Ag Department Chairman Says Feeders Restock

"The high prices of feeder cattle has made the breeders and feeders anxious to restock their farms and get back into the game," declared H. T. Gramlich, chairman animal husbandry department at the College of Agriculture, in reporting from the thirteenth annual show and sale of the American Polled Hereford Association held last week at Des Moines, Iowa.

The Grand champion bull, shown by Ex. U. S. Postmaster Burselon, was sold to a Texas Ranch for the fancy figure of \$1,250. The animal was twenty months old. A sixteen months old bull was sold to the Spidell Ranch, Roundup, Montana, for \$1,125, and all the bulls sold at the sale averaged over \$400, the highest average sale this association has had for eight years.

The American Polled Hereford association has its own show and sale each year and is national in character, as there were representatives from fourteen states, coming from Indiana and Ohio to Nevada; and from North Dakota to Texas.

Ex-governor Packard, of Arizona, was one of those who traveled a long distance to attend the sale and buy stock for their own ranches and farms.

ART CLUB ELECTS OFFICERS

Baker Named President for Ensuing Year; Others Chosen

Election of officers for the second semester took place Friday evening, at a regular meeting of the Art Club, an organization composed of students in the College of Fine Arts. Those elected were: Garland C. Baker, '30, Lincoln, president; Florence H. Buol, '28, Randolph, first vice-president; Pauline E. Ferguson, '28, Lincoln, second vice-president; Norma A. Mason, '28, Lincoln; third vice-president; Sylvia M. Stansky, '29, Lincoln, secretary; Clarissa N. Bucklin, '28, Lincoln, treasurer; Elizabeth A. Ferguson, '30, Lincoln, reporter.

NEBRASKA MAN APPOINTED

Charles H. Purcell Chosen Engineer For California Highways

Charles H. Purcell, a graduate of the College of Engineering in 1906, has been appointed state highway engineer for California, according to word received by Dean O. J. Ferguson. Mr. Purcell served as bridge engineer in Oregon during the construction of the famous Columbia highway, and for the last seven years has been connected with the United States Bureau of Public Roads as district engineer for Oregon, Washington, Idaho, and Montana.

As state engineer for California, Mr. H. Purcell, will have direct charge of mapping \$47,000,000 worth of state highway construction and maintenance work for the coming biennium.

MUSEUM OBTAINS FOSSILS

Unique Specimens Are Considered Valuable Acquisition

Two unique and very rare specimens of fossil echinoid were recently purchased from Washington University, St. Louis, Missouri, for the University museum. These specimens are sea urchins which are almost completely preserved in the rock, although they are flattened. One specimen is flattened from the side and the other from the top.

Rare echinoids (Melonechinus) such as these have been found complete at only one place in the world so far. Between 1840 and 1850 a small ledge of rock containing these perfectly preserved specimens was uncovered by blasting in opening up some new streets in St. Louis.

A number of the specimens were distributed to museums at the time, but some have been stored away during the intervening years, and these came into the possession of Washington University some years ago.

Only recently they were unpacked and a few of them have been made available to other institutions. They are considered a rare acquisition to the Morrill collections.

A rare fossil dorsal fin spine from a Mississippian shark was also purchased from Washington University.

STUDENTS ATTEND PARTY

Sixty Attend Pilgrim Fellowship Annual Function

The annual mid-winter party of the Student Pilgrim Fellowship, an organization of Congregational students, was held at the Pilgrim House Friday evening. A supper, served to sixty guests, preceded the evening's program, which consisted of readings, vocal solos, and valentine games.

Officers elected for the ensuing year are: President, Harold Rice, '30, Neligh; vice-president, Wayne Kinsey, '30, Naponee; secretary, Mabel Johnson, '31, Stanton; treasurer, Helen Suchy, '29, Omaha; social chairman, Dorothy Mohrman, '31, Lincoln; publicity, Asa Smith, '31, Lincoln; study classes, Kathryn Doyle, '31, Theford.

MUSEUM COLLECTS 500 IMPLEMENTS IN USE BY PREHISTORIC EUROPEANS

Madison, Wis., Feb. 13.—Some 500 paleolithic implements used by prehistoric European peoples form a new collection recently purchased by the Wisconsin State historical museum, and described by Director Charles E. Brown as being particularly valuable. "Implements in this collection," says Mr. Brown, "illustrate practically all prehistoric European horizons. Many were taken from rock shelters and caves in France.

"We are particularly fortunate in obtaining nearly 100 specimens taken from the Aurignac, Salutren, and Aurignacian sites in Algiers. These are among the first paleolithic implements obtained from such newly-discovered sites in North Africa." Many of the specimens were collected by Alonzo W. Pond, formerly assistant director of Logan museum at Beloit college, and now a graduate student at the University of Chicago. Mr. Pond gained considerable fame by his explorations abroad.

The collection includes scrapers, graters, axes, perforators, grindstones, hammer stones, discs, knife blades, and other stone implements besides some bone and shell ones. They will be on display soon.

R. J. POOL ADDRESSES STUDENTS AT SO. DAK.

Vermillion, S. D., Feb. 13.—Picturing Norway as a beautiful and peaceful country reposing under the Midnight Sun, Professor Raymond J. Pool addressed the students of the University of South Dakota at a special convocation Friday morning. Mr. Pool illustrated his lecture with colored stereoscopic slides of native Norwegian landscape.

Mr. Pool, who is the professor of botany at the University of Nebraska, made his talk particularly interesting by relating his experiences and observations which he made when visiting the "Land of Sunlit Nights" three years ago. He interwove his description of the country with the historical background of its people and the geological causes of its scenic beauty.

The pictures taken by Mr. Pool and used to illustrate his talk include snapshots of the famous Norwegian fiords, beautiful cascades and mountain ranges, picturesque hamlets, towering crags, and narrow valleys.

TASSELLS ELECT OFFICERS

Blanche Farrans Named President; Others Are Chosen

At a recent meeting of the Tassels, university women's pep organization, the following officers were elected to serve in 1928-29: president, Blanche Farrans, '30, Lincoln; vice-president, Esther Heyne, '29, Wisner; secretary, Geraldine Heikes, '29, Dakota City; treasurer, La Vanche Peterson, '29, Cherokee, Ia., and reporter, Kathryn Arensberg, '30, Goodland, Kas.

Home Ec Department Has Crowded Classes

Most of the sections in home economics courses are running to capacity this semester. In one course, Home Economics 81, it was necessary to divide the class into two sections. This is a course that is offered on the city campus, and is planned for students in the colleges of Arts and Science, Teachers, Business Administration, and such, and who wish a point of view regarding home making problems.

W. C. T. U. OFFERS PRIZE FOR ESSAYS

'Effect of Alcoholism' Is Topic; Any Women Student Eligible; Ten Must Enter

A prize of \$50 for the best essay on the "Effect of Alcoholism in the World" is being offered by a group of women in the city W. C. T. U. The essays are due by March 1, and may be turned in to Miss Appleby at the Y. W. C. A. The essays must be at least 4,000 words long and there must be ten papers entered in the contest or no prize will be offered. For this reason, anyone who wishes to enter is asked to notify Miss Appleby or Dorothy Maxon, who is president of the campus organization of W. C. T. U. Any woman student in the University is eligible for competition.

MISS THORIN LEAVES HERE

Instructor of Danish Gymnastics Goes to Columbia

Miss Kerstin Thorin of the department of physical education for women has been appointed to teach at Columbia University during the coming summer term.

Miss Thorin, a graduate of the Royal Gymnastic Central Institute and the University of Sweden, Stockholm, is instructor in Danish gymnastics at Nebraska, and was formerly an instructor at the University of Illinois and Northwestern University. She participated in gymnastic demonstrations at the Olympic Games in Antwerp, 1920 and in the United States, 1923.

METHODISTS GIVE PARTY

More Than Three Hundred Present At All-Church Affair

More than three hundred students attended the All-Methodist "Heart" party given under the auspices of the Wesley Foundation at the Grace Methodist Episcopal church, Friday evening.

A program, consisting of a kit, several readings and musical numbers, together with a one-act "stunt," comprised the evening's entertainment. A selection by the Grace Epworth league chorus, under the direction of Dr. W. W. Robinson, pastor of the church, was one of the features.

W. C. Fawell, Methodist student pastor, presented a book, "Young People's Recreation," to the Lincoln Heights Epworth league as an award for the largest representation at this occasion, there being thirty-five young people present out of a membership of forty-nine.

Announcement of the next All-Methodist party, which will be held in the nature of a hard-time affair, at St. Paul's M. E. church, March 3, was made at this time.

Mickey Will Talk On 'River Control'

(Continued from Page 1)

capitol. Flood control has proved to be an important and difficult problem to the national legislative bodies, and they are endeavoring to find a practical solution in order to save lives and property from this great menace. The lecture will be given at a meeting of the Nebraska student chapter of the American Society of Civil Engineers. The members of this body invite the public to the lecture, which will be of general interest because of its national importance.

GRADUATES GET POSITIONS

Home Economics Alumni Are Placed in Large Hospitals

Girls who specialized in Institution Management and were graduated from the Home Economics department of the University of Nebraska last June are holding several positions in different hospitals.

Miss Martha Nesladek has been student dietitian for the past six months at the Micheal Reese Hospital in Chicago. She is now spending a few weeks at her home in Omaha before she goes to the Lebanon Hospital in New York City as dietitian.

Miss Della Caster has been a student dietitian in the Micheal Reese Hospital. She is now visiting with her parents in Saint Louis before she leaves to accept another position. Miss Thora Baer is in the Lincoln General Hospital in Lincoln.

Miss Lucille Paddelford goes to the Micheal Reese Hospital to accept one of the positions vacated by Miss Caster or Miss Nesladek.

acy, were visitors at the pharmacy building last week. After serving in Base Hospital 49, University of Nebraska unit in France, as a pharmacist, during the war, Mr. Gruetz has been the owner and proprietor of a drug store at Wausa. Just recently he was appointed by Governor Adam McMullen to serve a three-year term on the Nebraska Board of Pharmacy Examiners.

As a member of this board, Mr. Gruetz will assist in the giving of examinations, twice a year, to graduates of pharmacy. The last examination was given in Lincoln last November and it is possible that the next one will be given in Omaha some time in June.

AG COLLEGE ACQUIRES MORE BLOODED STOCK

The University of Nebraska has purchased a new Hereford sire of Painter & Sons, Roggers, Colorado. The animal husbandry department has had a number of cattle sired by this bull, including several show steers, that have made good records. The bull is seven years old and was bred by Firme Brothers, La Vista, Pass, Colorado. He was sired by Wilton Domino, one of the best breeding sons of old Prince Domino, and out of the cow Princess Aster that sold as a calf at Denver for \$1000.

"They say that True Love never runs 'As smooth and sleek as seals; 'Oh, yes, it does, when Sweethearts walk 'On Goodyear Wingfoot Heels."

EVERYWHERE you look, in college and out, you note the growing tendency toward the easy dignity of rubber heels.

absorb the hammer blows of thousands of steps. They cushion firmly, deeply, resiliently. And they have the trimmest style. You'll see them on the smartest shoes of the best manufacture today, and more people walk on Goodyear Wingfoot Heels than on any other kind.

The noise that hard heels make frequently detracts from an otherwise attractive personality. And the jars and jolts of walking on unyielding heels are a real cause of foot-weariness. Rubber heels—and particularly Goodyear Wingfoot Heels—

Slip into the repair shop and say "new Goodyear Wing-foot Heels, please!" On in a minute!
