REGENTS RATIFY PLAN TO CHANGE SUMMER SCHOOL

Proposal for One Nine-Week Term Is Approved by Authorities

ADVANTAGES ARE MANY
Director Moritz States New Idea Is More Suitable To Facilities

Approval by the Board of Regents to the proposal to change the length of summer school from two six-week terms to a single term of nine weeks, was given Saturday at the meeting of the members of the board. The proposed change emanated from the University Senate about a month ago, and was waiting official sanction of the Board of Regents.

The opening date for summer school will be June 12, with registration on June 10 and 11. The nine weeks term will be completed August 5 with final examinations.

Several Factors Enter In
The change has been talked of for some time, due to several factors. Nebraska will be following the lead of some other schools as in the summer of 1927 the universities of Illinois, Michigan, Missouri, Northwestern, Oklahoma, Indiana and Wisconsin had one-term sessions of longer than six weeks. One of the important reasons for the change was that it is no longer necessary for two summer terms to supply teachers to schools in the state. A "saturation point" has been reached, according to Director R. D. Moritz, and the number of positions is less than the number of teachers available.

Begin Too Early
With two six weeks terms, summer school must necessarily begin a week and in some cases two weeks in advance of the closing of some schools in the spring. This was evidenced in the fact that 107 students registered during the second and third weeks of the first summer term in 1927. Ordinarily, Continued on Page 2.

STOCK JUDGING TEAM GOES TO KANSAS CITY

Six Ag College Seniors Are Sent to Compete in Royal Show

University of Nebraska livestock judging team competed at the American Royal Stock show in Kansas City yesterday. Warren Hies, Clarence Bartlett, Victor Sanders, William Hurman, Clarence LaRue, and Harold Fulscher made up the Nebraska student delegation. The six judges are senior students in the College of Agriculture. The five men who were to compete at Kansas City were to have been selected by Prof. W. W. Derrick, coach, shortly before the contest opened. The sixth man acted as alternate on the team.

Beginning Monday, livestock owned by the University will be in competition at the American Royal show. The exhibit going from Lincoln consisted of seven head of fat cattle, twenty-nine head of sheep, and forty-eight of hogs. Most of this same stock will go to Chicago to be shown at the International Livestock exposition.

NOTABLES VIEW PANTHER GAME

Gov. and Mrs. George Dern of Utah, and Gov. and Mrs. Theodore Christianson of Minnesota, guests of Gov. and Mrs. Adam McMillen in Lincoln this week-end, were spectators at the Pitt-Nebraska battle Saturday.

The two visiting governors are en route to New Orleans where they will attend the annual convention of governors of the United States. Governor and Mrs. McMillen joined the official party for New Orleans, Saturday night.

'Powerhouse' Consumes Most Fuel of Any Machine, Aver Cafeteria Waiters

That the Cornhusker "powerhouse" consumes more fuel than any other machine on earth the employees of the Temple cafeteria will testify. Because of the late practice hours the varsity football players attend their evening meals at the Temple cafeteria for some time.

Just about twice or three times the amount of food that an ordinary student takes would satisfy Coach Bear's troupe of 200-pound, more or less, bruisers. More bread, more potatoes, more of this and more of that was the war cry of the Nebraska team at the dinner table.

Governor of Utah, Former Husker, Cherishes Victory at West Point

George H. Dern Tells of Days He Captained Grid Team in Interview With Nebraskan Reporter

(By Bill McCleary)
"I certainly hope that Nebraska wins the Army game," asserted George H. Dern, governor of Utah, and former Nebraska football star, Saturday morning in Governor McMillen's office at the state house. Governor Dern's statement was made in answer to a question as to the probable outcome of the Army-Nebraska game to be played at West Point next Saturday.

Governor Dern captained the Cornhusker football team that won the Missouri Valley championship in 1894. At that time there were only four schools in the conference, Iowa, Kansas, Missouri and Nebraska.

Pointed for Kansas
"Missouri wasn't considered our hardest game then," explained Governor Dern. "We centered our attention on Kansas." He mentioned that in 1894 Missouri defeated Nebraska, although Nebraska's team was much stronger. When the Cornhusker team was going to Columbia the train on which they were riding was wrecked. The team finally reached their destination at 3 o'clock the following morning, getting only three hours' sleep before they were routed out to prepare for the Missouri game.

"We had our own way with Missouri for about the first ten minutes," related the former captain, "showing that we had the strongest team." After that, however, the lack of sleep made its effect upon the Nebraska team and the game was lost to the Tigers.

Mrs. Dern played right guard for Nebraska, and told of a play against Missouri in 1894 that he Continued on Page 3.

RADIO BROADCAST IS BOOST TO BAND FUND

R. O. T. C. Reaps Good Return From Program Over KFAB

"Send the Band to the Army Game" campaign was given a boost Friday night when the R. O. T. C. Band broadcasted through the courtesy of KFAB, the station of the Nebraska Buick company. When the final returns were received a total of \$596.00 had been contributed.

The band went on the air at 10 o'clock and from that time until 11:30 o'clock the listening public was entertained by a medley of Nebraska songs. During the evening many requests were received asking the band to play the "Cornhusker" and "There is No Place Like Nebraska."

Contributions Vary
Answers to the appeal sent out by "Gloomy Gus," announcer at KFAB, began to come in at 10:30 o'clock and continued until noon today. The contributions ranged from one dollar to thirty-five dollars and were received from five states. Ninety contributors made up the total received by the band. The most distant of the persons contributing was E. A. Wyman, whose home is in San Angelo, Continued on Page 3.

UNIVERSITY CAMPUS GETS POLICE GUARD

University campus will be patrolled for twenty-four hours a day by officers under the jurisdiction of the city police department, according to the decision reached at a recent conference between city and university officials. The officers of the law will be employed by the city and paid by the University.

Edward H. Klusman, 3629 South Nineteenth street, has been employed as the day officer, while the night patrolman has not yet been chosen. The duties of the campus patrolman will be much the same as that of other patrolmen of the city. They will make regular rounds of the campus, and call police headquarters hourly to make reports.

Temple Waiters, Two or Three Glasses with each meal is not too much for the Cornhuskers. They are also served cocoa malt during the practice sessions.

Make Plenty Noise
In the matters of deserts the football men prefer, or as President Coolidge would say, choose ice cream. They do not especially care for cake, which appears that at least on the football team the cake-eaters are not demoralizing American youth.

The noise the Cornhusker football players make, by their loud and boisterous voices would make Captain Kidd and his buccannereers sound like children. That is a part of football, to scowl at the opposing team like pirates on a Spanish galleon.

Before the Syracuse game it was noted, however, that the team was quieter and less boisterous. According to observers there was more of an attitude of determination of an attitude of determination. Then they beat Syracuse and Missouri, and how!

Worley Gets Teaching Fellowship at Harvard

Leonard Worley, who took his master's degree at the University of Nebraska last spring, has an Austin teaching fellowship at Harvard university.

Worley is assisting in freshman zoology courses there and doing research work, according to Prof. R. H. Wolcott, chairman of the zoology department of the University of Nebraska.

GRID CAPTAIN, '94

George H. Dern, governor of Utah and former Cornhusker grid star, was among the spectators of the Nebraska-Pittsburgh game Saturday afternoon. He was captain of the championship team of 1894.

DEBATING VETERANS WILL VISIT CAMPUS

Sydney-Nebraska Contest Is Set for November 27 At Coliseum

Debaters of the University of Sydney, Australia, now on an extensive tour of the western states, will meet an all-star team selected from the class in intercollegiate debating of the University of Nebraska. The contest will be held in the Coliseum, since Grant Memorial hall last year was too small to accommodate the large audience that gathered to hear the first international debate of Nebraska with students of Cambridge university, England.

Interest is running high in the schools of eastern Nebraska since the subject of this second international debate is parliamentary government which is the topic of the league debates in Nebraska this season. For the debate on Tuesday, November 27, the wording will be as follows: "The parliamentary system of government is superior to the presidential form."

Innovation Will Be Tried
Recent innovations in debating at the University of Nebraska will again be tried in the contest with Sydney. The voting will be by the audience on personal opinion of the merits of the subject discussed. Last year the voting after the debate with Cambridge ran very close, the visitors from England having some slight advantage of about fifty votes. Ballots this year will be taken both before and after the speaking. Comparative effect. Continued on Page 3.

GROUP WINNERS IN TOURNEY ARE NAMED

Five Co-Ed Teams Will Enter Final Meet for Championship

Kappa Kappa Gamma, Delta Zeta team 1, Delta Zeta team 2, Delta Delta Delta, and Phi Mu sororities are the group winners in the round robin Nebraska ball tournament that has been conducted for the past few weeks by the women's intramural board.

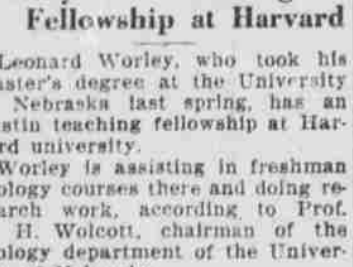

These five teams have defeated fourteen other groups and are now ready to enter the Nebraska ball elimination tournament which will determine the championship team of the season.

Semi-Finals Are Tuesday
Semi-final games begin Tuesday, November 20, when Delta Zeta team 1 plays Delta Zeta team 2, at 6:45 o'clock. Thursday evening at 6:45 o'clock Delta Delta Delta plays Phi Mu and at 7:15 o'clock Kappa Kappa Gamma plays Delta Zeta. Final games will be played Tuesday, November 27.

All of the Nebraska ball games have been marked by enthusiastic play and close scores. Each group has entered a large team and in each group there has been close competition for final victories. A total of three hundred girls have played in the tournament since it was started a few weeks ago.

Tuesday, November 20, at 7:15 o'clock Kappa Alpha Theta plays Alpha Phi and on Thursday at 6:45 o'clock, Sigma Delta Tau meets Theta Phi Alpha.

Australian Debating Team

H. G. Goddard, W. S. Sheldon, and Normal C. L. Nelson, members of the Sydney, Australia, debating team who will meet the Nebraska team at the Coliseum, Tuesday, November 27.

GIGANTIC RALLY IS PLANNED FOR TEAM SEND-OFF

Cornhusker Spirit Will Roll Under Way Wednesday Afternoon

BAND WILL LEAD PARADE
Thousands Are Expected to Throng Streets During Downtown March

Nebraska's Cornhusker spirit will roll under way Wednesday afternoon with a gigantic send-off rally planned for the undefeated Huskers prior to their journey eastward to meet the strong Army eleven.

The rally will form in front of Social Sciences at 4 o'clock, Wednesday afternoon and march to the Burlington depot where the fighting Cornhuskers entrain for the east.

The university band, who it is hoped, will accompany the team east, will lead the parade together with the Corn Cobs and Tassels followed by the student body.

Spirit Is Needed
Thousands are expected to join the march through the downtown streets to the depot to give a Nebraska team one of the greatest send-offs in history.

The game with the Army is the biggest on the 1928 schedule and probably one of the biggest in Husker history. If the Cornhuskers can topple Coach "Biff" Jones' aggregation at West Point, their bid for national honors will mount skyward.

The Cornhusker spirit, which has meant so much to Nebraska victories, must accompany the team on their journey and it is hoped that all who do not have classes at that hour will gather in front of Social Sciences to send the team off to victory.

FOOTBALL TRAIN WILL PULL OUT WEDNESDAY

Special, Scheduled to Leave Lincoln at 4:30 O'clock In Afternoon

Football Special, carrying invading Cornhuskers and supporters into the Empire state, will leave Lincoln Wednesday afternoon at 4:30 o'clock from the Burlington station, arriving in Chicago Thursday morning, and reaching West Point late Friday morning.

Thursday afternoon, from 1 to 4 o'clock, the Scarlet warriors will work out on the Albion college field, at Albion, Mich. Leaving Albion at 4:15 o'clock, the train will arrive at West Point Friday morning, at 10:10 o'clock.

The trip homeward will start Sunday afternoon at 4:15 o'clock. The first break in the journey will be made in Chicago, when the team works out on Stagg field in the afternoon. The last lap will start at 5:30 o'clock and will end at 7:30 o'clock Tuesday, November 27, when the team arrives in Lincoln.

Special Rate Is \$70.80
The special rate of fare and one third for the round trip is good only to West Point. Arrangements may be made, however, to reach New York over the West Shore railroad. Those wishing to do so may go to New York Friday morning.

A train will leave Newark at 3 o'clock Sunday afternoon, and will make connections with the special leaving West Point at 4:15 o'clock.

The round trip fare, if two hundred or more persons go on the special train, will be \$70.80.

The rates for chartered pullman cars are:
Twenty-five people to the car, \$90.85 each, fare and Pullman.
Thirty people to the car, \$88.55 each, fare and Pullman.
Forty people to the car, \$85.70 each, fare and Pullman.
Forty-eight people to the car, \$84.88 each, fare and Pullman.

Alumna Is Editor of Michigan Publication

The geography department has received an advance copy of "The Bay Window," publication issued by the Muskegon, Mich., junior college, which lists Miss Ruth McDill, University of Nebraska graduate of 1925, as one of the editors.

Unusual Sounds Are Attributed To Rehearsals

(By A Mere Man)

If you ever get a break by landing a date at any hold-out for Nebraska co-eds, and upon entering the front gate for that date, hear a couple of girls singing soft harmony, don't get the impression that they are having open house. Two guesses and you win; they're just rehearsing for King Kosmet's Royal Revue Thanksgiving morning.

When the Kosmet Klub issued a call for talent, all the girls who had performed for the actives on pledge nights, and believed their talent worth more than the scant admiration accorded them by their slaters, shyly entered their bits in the Kosmet Revue. As a result, the Klub has offers of imitations of certain sorority mothers, and long debates on the subjects, "How High Is Up?" and "Why I Came to College."

Real Ability Found
However, real ability, the kind that makes four out of every five girls want, has been uncovered, and King Kosmet will offer an assembly of the vaudeville and dramatic stars of the campus. (Blues singers, the ones that make you glad you came to college, and dancers, tap and toe, displaying the rare ability that a man will cut classes and go to Omaha to see.)

Dim lights in the chapter room late at night, muffled voices, interspersed with laughter, do not reveal the fact that a few of the co-eds are being initiated into one of the campus secret societies, but the fact that they are hard at work to be ready to put their act on the boards, letter-perfect, Thanksgiving morning.

We're hoping it's cold weather Thanksgiving morning, because there is going to be ample opportunity to get hot. Red Krause and Continued on Page 3.

'HOLIDAY' NUMBER IS NEXT AWGWAN TITLE

December Issue Humorous Magazine Will Feature Yuletide Motif

Surprise Is In Store
In keeping with the Christmas and New Year season which is fast approaching, the December issue of the Awgwan, University of Nebraska humorous publication, will be called the "Holiday" number, Kenneth G. Anderson, editor of the magazine announced Saturday.

This issue will be released on the campus, December 10.

The readers of the Awgwan are in for a big surprise when the "Holiday" number appears as unprecedented novelties and features in both make-up and contents will be included. The exact nature of the new ideas which the Awgwan staff will carry out in the December issue will be withheld until the magazine is released for publication.

Deadline Is November 25
The editor has issued a call for short jokes, poems, or other short features using the Christmas or New Year's motif as a background. Many cartoons of this nature will be needed and should be turned into the editor as soon as possible. The deadline for all copy and cartoons has been set for November 25.

Charles W. Wahlquist, business manager, announced Saturday that an extensive advertising campaign will be carried on as the cost of publication for the "Holiday" issue will exceed the usual amount. Anyone desiring to work on the business staff of the Awgwan is requested to consult Wahlquist in his office in the basement of University hall immediately.

KEZER GOES TO NATIONAL MEET

Munro Kezer, '29, leaves today for Evanston, Ill., where he will be the delegate from the Nebraska chapter of Sigma Delta Chi, professional journalist's fraternity, at the annual national convention being held on the campus of Northwestern university, November 19, 20, 21.

Karl Bickel, president of the United Press, will be the headliner on the program for the convention. Awarding of the Murphy trophy, which is to be given for the first time this year to the chapter showing the best professional record among its members for the past five years, will be another feature of the program.

Several chapters of Sigma Delta Chi at midwestern colleges are planning to send their entire chapter to the convention at Chicago.

PITT AND NEBRASKA BATTLE TO 0-0 TIE

Mighty Cornhusker Eleven Is Held Scoreless in Greatest Intersectional Game of Week Here Saturday

WET FIELD CAUSES PLAYERS MUCH DISTRESS
Scarlet Backfield Is Forced to Resort to Defensive Tactics; Punting of Rowley and Sloan Are Features

(By Jack Elliott)

In the country's greatest intersectional battle of the week, Nebraska's mighty Cornhusker eleven and the Pitt Panthers fought to a scoreless tie on Memorial stadium field Saturday afternoon before a crowd of 25,000 football fans. Stadium field was a sea of mud which caused Nebraska's driving backfield to resort to defensive tactics all afternoon. Punting by Rowley and Clair Sloan was the feature exhibit of the Scarlet and Cream.

"Pug" Parkinson, Pitt's smashing fullback was the shining star of the afternoon. The Panther back accounted for a total of one hundred yards during the first three quarters and his smashing and driving runs through the Nebraska line was outstanding throughout the game. Assisting Parkinson in the Pitt backfield were Uansa and Williams, two more backs who accounted for the yardage rolled up during the afternoon.

Without a doubt, Nebraska was up against the greatest line that it has tackled all season. Time and time again the Cornhusker "powerhouse" hit the Pitt line but to no avail. The Blue and Gold from the "smoky city" held like a stone wall and so the Nebraska team resorted to punting and playing a defensive game.

Rowley Thrills Fans
When the game turned into a punting duel Rowley was sent in to handle the punting department and the sophomore back gave the shivering fans in the stadium the biggest Nebraska thrill of the game when he sent the oval skidding off his toe for repeated long drives down the field.

Captain Blue Howell, Nebraska's driving fullback and who usually accounts for the greater end of the Husker scoring, was unable to get started on the slushy field. His drives, shortened by the wet field, were stopped almost completely by the stone wall line formation of Coach Jock Sutherland's Pitt Panthers.

The Panther eleven, after the line had exhibited its power to the Nebraska fans. Continued on Page 4.

'SWEETHEART' WILL BE SELECTED NEXT WEEK

Choice of Kosmet Queen Is Popular Feature of Coming Election

That Nebraska's "Sweetheart" is to be elected next week, was announced last night by Lynn Twine, president of the Kosmet Klub. Nebraska men will elect their favorite co-ed to this University honor.

According to word issued by members of the Klub, the "Sweetheart" of Nebraska is to be accorded new honors never before awarded to a Nebraska co-ed. She will be accepted into King Kosmet's Royal Kourt Thanksgiving morning as the Princess of Kosmet Klub, to be the Queen of Kosmet next year, until another princess is elected by the Nebraska men.

Turkey Program Rehearsed
This idea has been worked out by members of the Klub with the result that it will be an annual tradition in Kosmet Klub activities. There are no restrictions for eligibility for this honor, except that the co-ed elected must be duly enrolled in the University and in good scholastic standing.

The various acts and skits accepted for the Thanksgiving revue are being rehearsed under the personal direction of Kosmet Klub members and will be ready for production by November 29. A program of variety, including musical, dramatic and feature numbers will then be offered to Nebraska students.

Extension Branch Gives Courses in Immigration

Three courses in Immigration problems are being offered by the extension division, under instruction of Samuel B. Elson, director of adult immigrant education in the state department of public instruction, Omaha.

The general themes of the courses, all dealing with immigration, are the adult educational movement, the immigrant, and problems in teaching.

Shoemaker Will Talk At Morrill Program

Frank H. Shoemaker of the College of Medicine, will talk at the regular Sunday meeting today in Morrill hall at 4 o'clock on "A Trip through the Pueblos."

Mr. Shoemaker has visited these Indians on several occasions with groups studying the conditions. The talk will be illustrated by film showing the life of the Indians and the making of their pottery.

The lecture will be preceded by a children's program at 2:45 o'clock, the theme of which will be Pueblo Indian life and art.

Public Will View Moon At Observatory Tuesday

University observatory will be open to the public from 7 to 10 o'clock Tuesday evening, November 20. Professor G. D. Swesey will give a lecture at 8 o'clock on "Ether Waves." The moon will be the object of observation for the evening.
