

rollment of students up to date is ahead of last years.

Chas. D. Chandler has gone to Philadelphia to take a course in the Hahneman medical college.

Miss Gertrude Laws, '86, is assisting the registrar in her annual task of frightening new students.

Prof. Barbour has gone to Chicago to purchase some interesting collections at the fair for the museum.

The Civil Engineering Department starts out this year with flattering prospects, 23 having registered.

Miss Josephine Treeman gave a tea party last Saturday afternoon in honor of the Delta Gamma fraternity.

Among those who will post this year are Geo. H. Whaley, '93; R. E. Johnson, C. C. Marley, H. A. Senter.

Morgan M. Maghee has returned from Philadelphia, where he has been holding a very lucrative position.

Mr. J. T. Westermann '96 did not return to the University of Nebraska but has gone east to study medicine.

The Sigma Chi Fraternity gave a very enjoyable party to their lady friends at their rooms last Friday evening.

Two bulletins, one on chinch bugs and one on grasshoppers, are being compiled by the Entomological Department.

Fred C. Cooley and A. F. Montmorency spent three months on the B. & M. surveying parties in northern Wyoming and Montana.

To accommodate students the preparatory chemical laboratory is now kept open from 8 a. m. to 6 p. m., with the exception of the lunch hour.

There are three hundred and seventy-four

students enrolled in the German department. Prof. Fossler says that it is a regular Teutonic invasion.

Clair Metcalf, E. C. Elliott and Jack Farwell took advantage of the "Chicago Day" excursion rates last Saturday and went to take in the fair.

Chancellor Canfield delivered the oration at the Centennial celebration of Williams College, Williamstown, Mass. President Cleveland and many prominent men of the country were in attendance.

B. C. Yates, who has been employed in the engineering department of the B. & M. in northern Wyoming, has returned from a visit to the fair and the east.

Prof. Ward, our new zoologist, is said to be a football enthusiast. It is to be hoped that he will attempt to impart some of his enthusiasm to those of his students who are lax in this regard.

Chas. B. Newcomer of the class of '87, who was last year professor of Greek and Latin at Cotner, has accepted the chair of modern languages in a boys' preparatory school near Leland Stanford.

Kappa Kappa Gamma initiated Miss Lottie Whedon and Miss Alice Maitland on Saturday. The new members will sustain the previous high standard of the society. To say this is praise enough.

Mr. Robt. Hiltner has been appointed chemist for the Standard Cattle Co. at Ames, Nebraska. The people of the state evidently know where expert chemists can be obtained. The University of Nebraska has lots more of them.

Owing to the absence of part of the annual staff from the University the Juniors held a meeting and elected Mr. Oberlies and Mr. Cheney business managers, Messrs. Form and Houghton and Miss Boose associate editors.
