

FIELD DAY PROGRAM.

Field Day will be made one of unusual interest this year on account of the medals which will be offered. One, a gold medal, is in the possession of the Athletic association at present and will be presented to the best all around athlete. This will be decided by points, a minimum and maximum being arranged in each event and the number of points scored being determined proportionally. There will probably be medals for each event also.

The Field day will be celebrated sometime in May and some arrangement will be made to enable those who wish to enter to train in the Armory. The following program has been arranged:

1. Mile bicycle race.
2. Foot ball punt.
3. 100 yards dash.
4. 220 yards dash.
5. 440 yards dash.
6. 880 yards dash.
7. Mile run.
8. Class or organization relay race.
9. 120 yard hurdle race.
10. Standing broad jump.
11. Running broad jump.
12. Running high jump.
13. Standing high jump.
14. Pole vault, height.
15. Sixteen pound hammer throw.
16. Sixteen pound shot put.
17. Base ball throw.

Besides this there will be a wrestling and boxing exhibition held in the armory, probably on the 23d of March. There will be three classes for each, heavy weight, middle weight and light weight. The first will include all over 158 pounds, the second all between 133 and 158 pounds, and the third all under 133. The sparring shall be for points. The wrestling shall be catch-as-catch-can and three points shall be necessary for a down. Both events will be contested in pairs, the winners to contest with each other. Medals will probably be obtained for these events.

And leave Company "B" away in the rear.

SIDE TALKS WITH GIRLS.

(WITH APOLOGIES TO RUTH ASHMORE.)

I am glad to help the boys, too, when they write, but these columns are intended for the girls.

RUSH A.

E. P.—In leaving a recitation room, in going up stairs as down, a well bred young lady precedes a gentleman—never waits for him.

A. M. and R.—No, spoon holders are no longer used but if one should be fancied the one you are using now would do very nicely.

H. M.—When a gentleman is where a lady is putting on her cloak he should offer to help her assume it, but he need not be more than hour in so doing, un-the sleeves are very large.

Simplicity.—It is very bad taste to call a woman Mrs. Dr. Smith. It would be quite as suitable to say Mrs. Salesman Jones or Mrs. Broker Bones, though I don't doubt she did.

S. A. E.—1. It is very improper for a man to smoke in the presence of a woman and certainly no gentleman will do this when walking on the street with a woman, even if he is engaged or married to her.

J. V. Z.—(1) My dear girl, do not grieve over the fact that you blush easily. It is a charm peculiar to youth and one that is very fascinating. (2) Judging from the sample you sent, his eyes must be brown.

E. K.—I cannot recommend any hair dye or face bleach unless it be "Howard's Face Bleach." In offering his arm a gentleman simply says, "Will you not take my arm?" But it is not necessary to take it off.

C. E. and others.—My dear girls I feel safe in telling you that any well conducted young lady may safely go about the university unattended at most hours of the day. N.—A "chap" eron is never a man.

Anxiety.—If a stranger slams the library door in your face it is sufficient for you to bow and say "thank you;" if the offender be a friend a simple nod is enough, but one cannot be too particular on ch occasions.

Flo. F.—While it would not be in good taste to refuse him on account of his height, especially one of such military rank, yet it would be quite impracticable to dance with stilts on. Better avoid him, if possible, throughout the evening.

Anxious Junior—After Senior "Scrap."—I should advise cold cream, to be obtained at any drug house. No, even if your tie was red, the maiden had no right to snatch it and cut it up; it was very ill-bred; however, I should overlook it.
