Miss Winifred Nightingale, daughter of Dr. Nightingale of Chicago, accompanied her father to Lincoln last week and was the guest of Mrs. MacLean. She returned home Friday.

Miss Madge Wiggins of the University School of Domestic Science, has recently been appointed to the scholarship offered by the Oread Institute of Domestic Science at Worcester, Mass., an honor given for high scholarship. This is one of a number of such scholarships given to each state.

The "Colloquium" formed for Latin teachers and graduate students met for the first time Tuesday evening in room 204 of University hall. The meeting was opened by Professor Barber who explained its purpose and Dr. Johnson then gave a brief review of some interesting articles from the various periodicals. The remaining time was taken up by a discussion of Bennett's grammar by Professor Barber.

On the evening of Charter day Alpha Theta Chi initiated Spencer Cortelyou Charles Poynter and Albert Walker.

Harry Smith met with a serious accident Charter day afternoon during the exercises given by the class in physical training. In making a snap jump from the trapeze he alighted in such a way as to break both bones of his leg. He was immediately taken to the home of Dr. Graham where he will remain temporarily.

President Angell, in the Congregationalist of January 27th, estimates that there is one Michigan student in the University of Michigan for every 1,342 inhabitants of the state, and expresses great satisfaction at this state of affairs. Dean Bessey of the University of Nebraska has made a rough estimate in the same way and finds that there are two students for about every 1,342 inhabitants in Nebraska attending the University of Nebraska.

Friday evening last, Dr. and Mrs. Hastings entertained at tea in honor of the University Basket Ball Team. Covers were laid for ten and each guest found at his place a quotation characterizing some one present. After tea the evening was pleasantly spent in progressive crokinole. The winners received each a book, and the unfortunate the "hooby prize." It was a most delightful occasion and one to be long remembered by all who were present.

House roll 171 passed the senate Tuesday by a vote of 25 to 6, and was signed by the governor Wednesday noon. Charter day. This is the bill by which the University receives a one mill levy on the general assessment, instead of a three-eighths mill levy as heretofore. The regents of the University estimate that they will receive during the coming two years the sum of \$308,500, or \$154,250 a year. This will create a fund but \$13,000 larger than annual appropriations during the past two years, as the appropriations from the state for the last biennium were \$282,500, or \$141,250 per annum.

The state legislature is at present considering a bill which carries with it an appropriation of three thousand dollars for the support of the State Historical society. In the past the society has received thirty-five hundred dollars annually and those interested in the work maintain that a reduced sum will not be sufficient to pay the actual running expenses of the society, and that five thousand dollars could be used to great advantage. As a consequence another force of lobbyists has been added to the state house force and it is hoped that an amendment carrying a larger sum can be carried through.

Eight or ten senior canes have been kidnapped during the last fortnight, while others have made their disappearance in different ways, some having eloped while left temporarily alone in their masters' apartments. One unfortunate senior declares that a trust of juniors has been formed for the purpose of assisting fugitive canes in their escape, and he has wreaked vengeance on one of the members of the trust by refusing to liquidate obligations contracted at the latter's book store. It is feared that unless the boys of the senior class organize themselves immediately, the juniors will march to the Oliver on commencement day wearing white hats and carrying silver headed canes.

A friend of Kansas University, Mr. George A. Fowler of Kansas City, has donated \$21,000 with which to rebuild the shops destroyed last year.

Notice has been received at the administrative office of the University that the annual examination for assistants in the United States Department of Agriculture, Office of Experiment Stations, will be held by the civil service commission April 11th, and, as heretofore, will include major and minor examinations in a number of scientific and technical subjects. Full information regarding these examinations may be obtained by addressing the Civil Service Commission, Washington, D. C.

EXCHANGE COLUMN.

If you have BOOKS, BICYCLES, DRILL SUITS, or ANYTHING you want to sell, find a purchaser through this column.

If a STUDENT and you want HELP, find a TUTOR by telling your needs here.

If you are a TUTOR and want STUDENTS, find them by telling your qualifications.

THE LARGEST RATIO OF INCREASE IS IN DIVIDENDS.

THERE is not a better way for young men to provide an income for their non-producing years, safe from the dangers of ordinary business speculation, than a 20-year accumulation policy in the **New York Life**, a policy that can be used as security by young men making their way through college, that provides ample protection and at the same time yields splendid returns as an investment. The younger the age, the less the cost, hence the necessity of prompt action.

HORACE G. WHITMORE, '95, - - - General Agent.

RUY BLAS

will be presented by students and faculty of the Nebraska College of Oratory at the
