 Have the "Evans" do your washing.

"Deacon" Kindler, captain of last year's base ball team, writes that he will spend the summer playing base ball with a Kansas team.
 The regular spring meeting of the board of regents will occur tomorrow, at which plans for the coming biennium will be discussed and perfected.
 The Y. W. C. A. is prospering. Forty one new members have been added within the last two months and the membership committee is still actively at work.
 A philatelic society is being organized in the city and any student wishing to join can do so by sending his name of H. R. Finnigan, of 430 South Twelfth street.
 A reprint form Volume II, No 1. of the Journal of Applied Microscopy has been issued entitled "The Management of a Botanical Laboratory," by Denn Charles E. Bessey.
 Acting Commandant Weeks has issued definite orders that the battalion will wear white ducks after the first of May, and that compulsory encampment will be held at Ashland from May 26 to May 30, inclusive.
 The base ball squad had a black board practice in the armory Tuesday evening. "Snapper", Kennedy gave the boys many practical hints on batting, base running and general conduct on the base ball field.
 "Science" for April 7, contains the annual address of President H. B. Ward before the Nebraska Academy of Sciences, delivered December 25, 1898, on "The Fresh Water Biological Stations of the World."
 The summer session will open June 9, the day after commencement, and close July 20. Work in at least ten subjects—English, English literature, history, Latin, modern languages, botany, physics, chemistry and pedagogy will be given. It is expected that a very large number of students, especially teachers, will be present.
 The general faculty has decided that hereafter the semester shall be the unit in offering courses of instruction. Heretofore most of the work has been given in September and few courses opened in February. This new departure will give eventually more prominence to the mid-winter commencement than it has before enjoyed.
 The standard weights and measures furnished to each state in the union by the United States, together with heavy oak cases for the same, have been added to the collection of the state museum. Along with this beautiful and costly set are two balances of great precision, with heavy marble topped tables for the support of the same.
 The following debaters have been assigned to the following states: Craft, Hawxby and Wilson to Kansas; Weaver, Bolwbach and McNaughton to Colorado; Talbot, Stull and Nims to Missouri. Word was received last week that Nebraska is to take the affirmative in the debate with Kansas. Colorado has requested that Nebraska send the pictures of her representatives in the debate.
 The shield from the chapel rostrum has disappeared, and it is supposed to have been taken last Saturday while the college settlement entertainment was in preparation or progress. As the matter now stands, the college settlement board will be required to pay for it. If any one knows of its whereabouts, it is requested that it be returned, so that funds intended for charitable purposes need not be applied to making good the loss.
 The zoological library has just received a copy of the Microscopy of Drinking Water, by G. C. Whipple, director of the Mount Prospect laboratory of the Brooklyn water works, and the leading limnobiologist of the country. He refers many times to the work done by Professor Ward and his students on the biology of lakes and lake fauna, and says that the Plankton pump recently devised at the zoological laboratory seems to be a decided improvement over the Plankton net.
 An amusing episode connected with the junior-senior hat controversy, is related by several seniors with much satisfactory. A certain junior had "faked" a senior hat and had been given until 2 o'clock Wednesday to return it to the owner in the library. As the time drew near the confident senior took his seat in the reading room surrounded by a coterie of admirers and waited the coming of his hat. At 2 exactly the said junior appeared and delivered the hat in perfect order, much to the amusement of the onlookers.
 Among the new features of Y. M. C. A. work during the next year will be committeeman's conferences, which will be held at stated times during the year. The first conference will be held Saturday, April 22, at 4:30 o'clock in the Y. M. C. A. rooms. The following topics will be discussed: "Organization and Development of a Committee," by C. J. Allen; "Bible Study," by J. L. Sheldon; "General Helpfulness," by L. J. Marsh; "The Committeeman," by J. S. Moore. Papers will be read on the above subjects and a general discussion will follow. One of the features of this conference is that supper will be served in the Y. M. C. A. rooms.
 Have the "Evans" do your washing.
