

Cadets Like Cheese.

Wednesday evening just before drill some of the cadets carried off some slabs of cheese, a piece of paraffine and some small cans of oil. A complaint was lodged with the Chancellor and referred to Capt. Guilfoyle. Friday night there was no little excitement when the Commandant asked all connected with the affair to step forward. Two well known young men stepped forward in a brave manlike way, resolved to "take their medicine." The Commandant called the batallion to order a second time and invited the pilferers to step out but no one moved. The Commandant expressed himself as dissatisfied as quite a number were said to be concerned in the affair. It is predicted that if any are found out it will go hard with them.

The elocution department rendered a holiday program at the chapel last Thursday evening, under the direction of Mrs. Manning. The audience was large and appreciative. The first number, a vocal solo entitled Winter Lullaby, by Nellie Griggs, was beautifully rendered and well received. Mand Reed recited Bret Harte's thrilling but pathetic Christmas story of mountain life, Jovita, in a very realistic manner. June Smales held the attention of the audience while singing Manola, a vocal solo. Rena Alderman's recitation of Christmas Eve at the Corner Grocery, touched the hearts of all. It was a pathetic piece and was effectually delivered. The violin solo by Silence Dales brought forth an encore to which she responded with another choice selection. The acting in the farce "A Chafing Dish Party" which concluded the program was good and was generally appreciated.
