Unless Kansas backs down at the last minute, Captain Kindler and his men will have an opportunity to show the Jayhawkers a thing or two about the national game next Monday afternoon. At Topeka our boys were able to tie the Kansans in a fourteen inning game; we must defeat them Monday. To do this let every student attend the game. Under Deacon Kindler the boys are playing good ball and deserve the students' support. So far, Manager Ryons has not been encouraged as he should be. Let us do our part and attend Monday's game. The game will be worth the price and the management needs the money.

For Sale.
