BROKE!

Well, you need a new pair, or possibly we can fix them up all right for you. Any how, bring them in and see. Without your glasses you can't see right. We will test and fit your eyes with a new pair of either fine French crystal or Brazilian pebble eye-glasses or spectacles, at such reasonable cost that you will be pleased to have them.

Society Programs

How about that program? It costs no more to have it printed neatly and attractively than to have a poorly gotten up affair that every member is ashamed to place in a visitor's hand. Your society will be judged quite largely by the style of its printed stationery. I can make it right.
