

### Local and Personal.

Dr. Wente, Dentist.

Dr. McLeod, Surgeon.

Dr. Angle, Skin Diseases, 1215 O.

Westerfield's egg shampoo is all right.

Don Cameron's Lunch Counter, 114-118 South Eleventh.

Westerfield the barber has a large student trade, 117 north 13th.

Investigate Francis Bros. special inducements.

Attend the one-fifth off sale this week at The Evans-Malone Co., 1230 O street.

The new forced draft and mechanical stacker are in position in the boiler house.

Dr. and Mrs. Roscoe Pound spent their vacation visiting friends in Chicago.

Better see Francis Bros. 121 No. 11th about those special inducements to students.

The new Westinghouse air brake apparatus has been set up in the steam laboratory.

One-fifth off this week on Ladies and Mens Furnishings at The Evans-Malone Co., 1230 O street.

Many university people have been enjoying the fine skating, and moonlight evenings on the pond north of the city.

Blanche Edmiston will leave Thursday for California. She will go by way of Waco, Texas and visit Miss Nell Holbrook.

There will be a meeting of the state ornithologist union Saturday January 13, 1901, at Omaha. About a dozen from the university will attend.

There is no question but Glen Rock Lump is the best and cleanest coal for \$5.75 a ton in the market. Gregory The Coal Man at 1100 is sole agent.

The musical program in chapel Friday was given by Director Kimball and Edith Curry. Mr. Kimball played a selection from Greig on the organ, and Miss Curry gave vocal selections.

W. J. Huntings has been appointed principal of the schools at Ohlawa. He will begin his work at once and return in the spring to graduate with his class.

Dr. Skinner has an article in the December number of the Philosophical Magazine upon The Potential Gradient in the Faraday dark Space of Vacuum discharge Tubes.

Miss Mary L. Fossler has returned from Chicago where she attended the annual business meeting of the American Chemical Society as a delegate from the Nebraska section. She left December 22.

Prof. Nicholson head of the chemistry department has returned to take up his work as the head of the chemistry department after a years leave of absence which he spent in the Rocky Mountains and Mexico as a mining engineer. He has had many varied and interesting experiences and several important sales were made on his recommendation.

This week the students from the farm school will come in to do their required work in the shops. Professor Richards contemplates putting on a night shift and also running all day Sundays to accommodate them.

Dr. Ward spent vacation in Chicago, at the national convention of the society of naturalists. He presented a paper on the work which he has been doing on the state fish commission. While there he met six of his old Harvard classmates.

Up to last Thursday evening eighty-eight new students had registered in the school of agriculture for the winter term. The attendance is expected to reach about one hundred and forty this year, quite an increase over last year's attendance.

A special rate to university students has been made by the Nebraska Art association for the whole season. The rate is 50 cents for the season. The regular single admission is 25 cents. The exhibit is in the Art Gallery 3rd floor of the library building and is something which every student should see.

Dr. A. L. Candy's text on analytical geometry has been received from the publisher's and is now on sale. The classes in conics have been using advance sheets, since the beginning of the year. The instructors express themselves very highly pleased with the work.

An improvement has been added to the chemistry store room in the way of a counter. The counter contains about one hundred drawers which can all be locked by the sliding of a single lever. This counter will save the assistants much time in filling orders for small supplies. The plans for the work were designed by Mr. Hiltner.

The university of Missouri, has sent out circulars announcing that Teaching Fellowship will be offered at the Missouri university to students holding a bachelors degree from colleges of good rank. Any one is interested in graduate work may see this circular on the bulletin board at the university or at the Nebraskan-Hesperian office.

Paul H. Hannus, professor of the Theory and Practice of Education, at Harvard university, has sent out circular letters asking for information about the working of the lective system. The information asked for is desired for the Harvard Pedagogical Seminary. Many students have here received these circulars which ask (1) what courses the student has pursued and (2) what has determined them to chose those courses, for instance was it due to (1) temporary interests due to recommendations of other students, (2) the advice of teachers or parents, (3) the deliberate choice in accordance with tastes, or (4) future professional needs. This information when gathered will probably show the great advantages of an elective system, on allowing the students to take what they desire and what will be beneficial to them.

Perhaps some have noticed the boxes of books in the library labels Iowa State Library." This is a specimen of the circulating library that is under the control of the state. The books are securely packed in the box and are sent to the different small towns, left there for a sufficient length of time and then forwarded to some other town of the circuit. It is proposed to petition our legislature to provide the same kind of library system for Ne-

braska. Several of the representatives have visited the library and examined the system.

Hamlet evidently rode a bicycle. He said, "Watch over my safety while I sleep."—Ex.

STOP DAT A-PUSHIN' DAR BEHINE!  
 Ah'm a moke from Loozeann,  
 An' mah skin's as brack as crows';  
 Mah honey's Mary Ann,  
 An' ah doan care who knows,  
 Say, yeh ought tuh see us glidin',  
 An' a-glidin', an' a-glidin',  
 As upon our I... es a-ridin',  
 Yehs, a-ridin', both a-ridin'!  
 We jes' give deh caps de sack,  
 When thuh win' is at our back!  
 O stop dat a-pushin' dar behine!  
 CHORUS.—To the tune of the waltz in the border.  
 O stop dat pushin' dar behine!  
 O stop dat pushin' dar behine!  
 An' if anybody knows,  
 Happy nigguls! Deeze are doze!  
 O stop dat a-pushin' dar behine!

## The semi-annual clearing sale

The sale in progress here now is for the purpose of disposing of the winter lines. It's not a money-making affair, but a stock-clearing event to make empty shelves for inventory, and to make room for Spring wares.

Price is not a consideration, neither is profit. Stronger evidence of this than the prevailing price quotations isn't possible.

The sale closes on SATURDAY EVENING,  
 JANUARY 12th.

H. Herpolsheimer Co.
