

THIS week the cadets will practice with blank cartridges.

PALLADIAN boys, what is the matter with you this term?

WE are much indebted to Mr. Cole for his valuable services.

THERE are a great many students who do not attend chapel now.

CHANCELLOR Fairfield gave a reception to ex-Chancellor Benton Tuesday evening.

THE question is asked "who'll stand by his colors who is on the Cadets' side."

THE cadets think there is nothing half so nice as drill when they can get out and shoot.

HON. J B Finch and lady remained in the city several days on their return to New York.

MARRIED:—Mr. Wm. F. Little to Miss Lillie Alexander, a former student of the University.

THE girls are learning the military salute, but they touch the lips instead of the visor of the cap.

YOU can buy a pair of Gentlemen's good summer shoes at A. H. Waitt's, for one silver dollar.

E. G. CLEMENTS says he will take Photographs at bed-rock prices and warrant entire satisfaction.

WE would advise the ladies to examine the new style Kidd Button Boots just received at A. H. Waitt's.

THE Faculty have a rule that all public performances of students shall be submitted to them for criticism.

THE weather of late has been so decidedly warm that the High School girls have commenced to go barefooted.

AMONG the many photos in Prof. Stadter's studio we observed those of Mr. and Mrs. Finch to be represented in life size.

AS this term is shorter than usual the students are required to prepare only two essays and two declamations instead of three.

IT is real nice sometimes to have Prof. stay away from the class so we can go and have a game of croquet instead of recitation

BISHOP E. G. ANDREWS, of Des Moines Iowa, preached in the Methodist church last Sunday morning and lectured in the evening.

Next Friday evening the Union society will have a sociable in their hall. Hurrah! one more jolly time before school closes.

THE freshmen are renowned for their ability for accomplishing difficulties, but the examination in English was too much for most of them.

FROM the eloquent speeches in the Palladian society last Friday evening we predict a glorious future for the temperance work in Nebraska.

THERE seems to be no excitement in the societies over the election of officers for next term. We shall infer from this that no one wants an office.

SOME of the Professors are taking considerable interest in the bowling alley. Perhaps this is all right if they don't become too much engrossed and neglect their classes.

THE closing exercises of the High School will take place on Tuesday afternoon June 4th. There being no graduating class the performances will consist of rhetorical exercises in the several departments.

THE teachers and scholars of the High school took the lead this spring in strawberry and ice-cream festivals. Notwithstanding the comparatively small attendance their festival was a success, and all present enjoyed themselves hugely.

LAST week the cadets were greatly excited over the target practice. Lieut. Dudley lead the "navy blue" and Prof. Bailey the "compulsion" squad. For four days the contest was fierce and at the close the "navy blues" were four ahead.
