

J. H. Worley has so far recovered as to be able to go to the home of his brother in Syracuse. He will be on hand next term.

Miss Lottie Allen, daughter of Rev. Allen, who engineers the Dormitory, is rapidly recovering from a long and dangerous illness.

Prof. Aughey lectured at Sioux City Nov. 29th on "The Bad Lands." On the 26th he lectured at Crete on "The Ice Age in Nebraska."

Chancellor Fairfield gave the people of the city a temperance lecture on the evening of Nov. 23d. We heard several persons express the opinion that it was the best temperance lecture they ever heard.

Endorsement of the French Government

It is a matter of pride to Rochester, N. Y., as well as to the firm directly interested, that a cable dispatch was received stating that the French government had adopted the tobacco and cigarettes manufactured by Wm. S. Kimball & Co., of that city. We should explain, perhaps, that all tobacco sold in France up to this time, has been manufactured by the government. Of late, the demand for other makes has arisen, and the government, to meet it, allowed English and American manufacturers to enter goods for competitive test with a view to the adoption of the best. The fact that Wm. S. Kimball & Co. have come out far ahead of all other manufacturers in both countries is unmistakable proof that their goods are the best the world produces. Their tobacco and cigarettes will henceforth be on sale in Paris as freely as in New York, but *no other* make, except the French, will be found there. In other words, the French government, on the report of its experts, declares the Vanity Fair tobacco and cigarettes of Wm. S. Kimball & Co. the best in the world!
