BUY YOUR COMMENCEMENT FLOWERS OF HIM.

From Prof. H. B. McCollum, Supt. City Schools, Central City, Neb.

In making a recent purchase of a cyclopedia for use in our public schools, I did a good deal of work in the way of examining and comparing cyclopedias. In comparing JOHNSON'S UNIVERSAL CYCLOPEDIA with the last edition of *Appleton's*, which I have in my own library, I find it (JOHNSON'S) later than *Appleton's* by at least ten years, and, especially on live scientific subjects, sometimes more than that. I also compared it with the *International* to some extent, and the result was I purchased JOHNSON'S. The more I see of it, the better I like it. For school use especially, I consider it preferable to any I have seen, including *Appleton's*, *Chamber's*, *Library of Universal Knowledge*, *International*, and *Britannica*.

MESSRS. A. J. JOHNSON & COMPANY, Publishers;

BUFFALO, N. Y. December 21, 1888.

Gentlemen:—The next few years will witness a great change in educational ideas. The possibilities of self-culture are to be emphasized, and the means of aid and direction increased. After a careful examination of "Johnson's Universal Cyclopedia," I am convinced that while it is excellently adapted to the needs of professional and business men, it is eminently useful to the earnest, thorough self-educator. This work, with its corps of contributors, offers accurate articles on the widest range of subjects. To the value of trustworthy information is added the inspiration of personality associated with great names. I heartily commend *this* cyclopedia to all, and especially to those who are pursuing self-set courses in the great university of life.

(Bishop) JOHN H. VINCENT, Chancellor Chautauqua University.

Horstford's
Acid Phosphate,

Prepared according to the directions of Prof. E. N. HOSFORD,

ESPECIALLY RECOMMENDED FOR

Dyspepsia, Nervousness, Exhaustion, Headache, Tired Brain.

And all Diseases arising from Indigestion and Nerve Exhaustion.

This is not compound "patent medicine," but a preparation of the phosphates and phosphoric acid in the form required by the system.

It aids digestion without injury; and is a beneficial food and tonic for the brain and nerves.

It makes a delicious drink with water and sugar only, and agrees with such stimulants as are necessary to take. Descriptive pamphlet free. **CAUTION:** Be sure the word "Horstford's" is printed on the label. All other others are spurious. Never sold in bulk.

Rumford Chemical Works,

Providence, R. I.
