How easy it is for a member in the association to borrow money on his stock, with which he can discount a bill of goods. It puts him in a position to buy his merchandise **FOR CASH**. When he sells his goods, if he desires, he may repay the money to the Building Association. Try placing \$4.00 or \$5.00 a week in either "S" of the Columbus Land, Loan and Building Association. MANY YEARS AGO.

Files of the Journal April 15, 1874.

Messrs. Morse and North have been making preparations for the livery business. Mr. North has been to Hamburg, Iowa, and has purchased some good horses, and on his return back a good "rig." Good horses and good rigs will command patronage.

A few days ago a young man of Boone county was out hunting prairie chickens and accidentally discharged his gun tearing away the index finger of his left hand at the middle joint. He rode to Columbus, a distance of forty miles, where Dr. Bonsteel performed the amputation.

The Hook and Ladder truck has been finished by Schroeder and Hoppen, and it presents a fine appearance. Next week we shall give a list of the donors whose money has been paid on the truck. There will be \$50 or \$60 behind, and it is desired that this amount be donated before the report is published. The company has been to a good deal of expense, more than, as individuals, they ought to bear. We commend the action of the boys in getting their truck constructed at home. We are always in favor of patronizing home industry. We learn that the lowest "foreign" estimate offered for its construction was \$650, while it was put up here for \$435, and as good a job as could have been gotten anywhere else—perhaps better.

Notice to Farmers.

We are now ready to place contracts for sweet corn, white and yellow dent and flint field corn, cucumber, musk and water melon, pumpkin and squash to be grown for seed purposes. Write or call and see us for prices, stating number of acres of each kind you wish to grow, and we will name prices promptly.

Condon & Walker's Book Store Burn.

Shortly before four o'clock this (Wednesday) morning fire was discovered in Condon & Walker's book store and alarm turned in by the night operator at the Bell telephone office. When discovered the flames were bursting through a cupola on the building, probably the result of exploding fireworks stored in the rear room. How the fire started is uncertain, but when the department arrived the rear and attic of the building was in flames and bursting through the roof. The efforts of the firemen were directed toward confining the fire to the building, as a strong north wind was blowing and the buildings on Twelfth street would have been in danger had it gotten beyond their control. Three lines of hose were laid and with the work of the Hook and Ladder company the flames were not allowed to spread. The interior of the building, and especially the rear part, was badly damaged and the loss on the stock from fire and water will be from \$500 to \$1,000, covered by insurance. The building, which is owned by the Fitzpatrick estate, and known as the old Fitzpatrick hall, was insured for \$400, which will about cover the loss.

In one way Condon & Walker were fortunate, as their expensive soda fountain and other fixtures were damaged but little. As soon as the insurance adjusters finish their work, which will be three or four days, the firm will resume business and the building be repaired again.

This is the second fire in that block within a month, and both have been hard to control, but in both instances the efficient work of the department has been responsible for their being confined to the buildings in which they started.

The Farmer's Meeting.

At the farmer's meeting held at fireman's hall Saturday, April 11, it was decided that Platte county should be represented at the Omaha National Corn Exposition. John Grossnicklaus, E. G. Bartels, Albert Stenger, Henry Blaser, and Ed. Loscke were appointed a committee to take charge of the matter.

The Nebraska corn commission wants to get the names of all the parties who will undertake to raise corn for the exposition, and will send definite information and instructions to all such parties.

Every farmer who intends to raise corn for the show is hereby asked to send his name to Albert Stenger, and it will be put on the commission's mailing list. This Omaha exposition is not a local affair, but as its name implies is national in character, and includes the whole corn belt of the United States. It is certainly of great importance to every man living in Platte county that we should be well represented and that our county should make a creditable exhibit. We want every farmer to take an interest in this matter. An acre or two of specially prepared ground is all that is required—use first class seed corn and give it extra good cultivation. If you have not time yourself, get your boys interested and let them show what they can do.

Some \$40,000 will be distributed in premiums. Now let us see that we get our share of these premiums.

ALBERT STENGER, Sec'y.

Our Folk County Friends.

Mrs. E. May Henderson and Mrs. T. Rutter are absent at Omaha, attending a meeting of the State Missionary society.

Mr. and Mrs. C. M. Pulver have been putting in several days visiting their children, Mr. and Mrs. W. H. Wendland, teachers at Clay Center.

Our friend John E. Holt is among the good delegates that will represent the tribe of Ben Hur, at their supreme meeting at Crawfordville, Ind., in May.

The Misses Daisy and Nellie Kunkell have come up from Omaha where they are teaching, and are spending the vacation with their parents, Mr. and Mrs. D. H. Kunkell.

Mr. and Mrs. J. H. Jarmin, left Osceola on the Ryan line of stages for Silver Creek on Sunday. Their objective point was Columbus, and from there Mrs. Jarmin was going to Primrose to visit her parents.

These teachers have been elected for the ensuing school year for the Osceola High school, Prof. Emil Boostrom, principal; Mrs. A. M. Bell, assistant; Miss Beatie Yink, Miss Ora Markwell, Miss Beatie Joseph, Mrs. H. M. Marquis and Miss Bertha Taylor are the other teachers.

There is to be doing all along the line in Folk county this week, the last before Easter, corn shows, potatoe shows and general education all along the lines of such doings and pleatings and the auditorium is engaged for every night in the week and sometimes in the day time.

As a result as charged, A. G. Glover of Arlington, Nebr. is in the care and custody of Sheriff Ehlers at the Folk county jail. It is alleged that Glover had obtained sixty-five dollars. Mr. Glover was representing an Arlington sock food concern. Baranum said that the American people liked to be humbugged, they were not all Americans that Glover came to over, but the other nationalities took their medicine that Glover dispensed, and not in infinitesimal doses either. Folk county people generally were willing to bite, on the territory to sell sock food.
