A post office will be established at Woodville, Platte county, in July. Joseph Appar, postmaster.

J. E. Jones has been appointed postmaster at Walker, this county, instead of T. Thomazin, resigned. The department is averse generally to changing the name of a post office for slight causes. The disarrangement of the books of the office and the inconvenience resulting to the miscellaneous mail matter is regarded as sufficient.

Abner Turner and P. B. Bonesteel were up the valley the first of the week, and returned with some fine specimens of oats, wheat and corn from the farm of J. H. Watta. They report crops as all looking well. Mr. Watta's orange hedge is in first rate condition, his apple and cherry trees in excellent trim and the latter bearing fruit.

Albert Cankey, while attempting to cross the Loup river on last Sabbath, came near losing his life. He was not a good swimmer, and when he reached the current and found he could not cross, he started back, but getting tired, sank, filling his mouth with water, and would have perished had not Daniel Smith gone in after him and brought him out.

Word has been received from Mr. W. S. Withers of Atlanta, Ga., that he has completed all his arrangements to establish here an iron foundry and expects to have the first run of iron by the 20th of July. We see no reason why this enterprise will not prove to be a good financial investment to the founder, as it will certainly be an important accession to the business of our city.

LINCOLN, NEB., JUNE 17, 1908.

WM. POESCH, COLUMBUS, NEB.

DEAR SIR:

J. W. DAWSON, INSPECTOR.

Platte county will send a bunch of enthusiastic Bryan shouters to the Denver convention. Among those who have announced their intention to go are Edgar Howard, Chris Gruenther, G. B. Speiss, Sheriff Carrig, Senator Byrnes, Judge Sullivan, Mayor Philipps, Fred Stenger, Louis Held, Max Rothlisner, Barney Byrnes, Fred Pratt and August Boettcher. In Nance county, Jim Tanner and O. E. Green are working to secure enough Democrats to fill a passenger car, and if they succeed Nance county will be without a democrat within its borders during convention week. Up in Boone county an effort is also being made to get together a crowd that will fill two cars, and republicans are helping the democrats by promising to assist in swelling the crowd to the necessary number. The probabilities are that enough visitors will go from Columbus and the towns on the Spalding and Norfolk branches to make up a special train.

A letter received from our old friend J. M. Curtis, with the Northern Pacific railroad at West Duluth, Minnesota, has the following to say of the weather up on the lake: "Speaking of weather reminds me of what Bill Nye said about Duluth. He said the coldest winter he ever saw was one summer in Duluth. He also said that Duluth was the only city where a man could spit four blocks. Both statements are literally true. I don't believe there has been twelve hours of sunshine so far in June, and we have had a fire in the office continually all the time. May was also cold and wet. Of course a letter at this time without a mention of politics would seem rather odd. By the time you get this you will know who the nominees are at Chicago. I presume in Platte county it looks as if Bryan would be chosen at Denver. Don't be deceived, as Ora Shannon would say, you can't find any Bryan men up this way with a Lick telescope."

For many years the Chicago Tribune has made a special effort to chronicle all the Fourth of July accidents throughout the country. Last year the Tribune's report showed that more than 3000 people were killed and injured on the Fourth last year, the number being slightly less than the record of the year previous. What will the harvest be this year? Due precaution should be taken by parents and their children instructed in the handling of fire works, fire-crackers, devil chasers, toy pistols and various other devices for making a noise. Among the victims of last Fourth of July who were killed, or died from injuries received, were seventy-five children.

A linen shower was tendered Miss Mable Glen of Mankato, Minn., who is visiting at the home of her sister, Mrs. B. F. Colton, Tuesday evening. A number of young ladies were present. Many beautiful and useful presents were received. The table was decorated in ferns and cut flowers, and at a late hour refreshments were served. One of the main features of the evening's entertainment was some suggestions on "How to Treat a Husband," which the guests hoped would be of much use to the bride-to-be in the future. Miss Glen will be united in marriage to Mr. Will Raebly of Mankato, Wednesday morning.

Dr. Lawrence Carstenson, of Columbus, who is a son of Mrs. Mary Carstenson living west of this city, left Monday for Kansas City where he was united in marriage on Wednesday afternoon to Miss Grace Freligh of that place. The newly wedded couple came up from Kansas City yesterday and this afternoon were given a reception at his mother's farm home west of Leigh. The groom who is now a practicing veterinarian of Columbus has many friends here who wish him and his estimable bride many years of unalloyed happiness and prosperity.—Leigh World.

The fire boys have been complaining that they were unable to hear the fire whistle of late, which resulted in a small turn-out to fire, and requested the council to buy a new one. In order to satisfy themselves as to whether a new whistle was needed, the council ordered a test Tuesday evening at six o'clock, which was made. At the time the test was made a number of people thought it was a genuine alarm, although it was understood by many that the test was to be made.

The various committees appointed to arrange for the celebration in Columbus on the Fourth of July are hard at work, and there will be an effort made to make the coming anniversary of our national independence the biggest occasion of the kind ever given in this part of the state.
