Memphis.-What may happen this week as a result of the investigation of the night rider depredations in the north-western section of this state is a matter of conjecture. Monday, with the convening of the circuit court for Obion county in special session at Union City formally to investigate the death of Quinten Rankin, who was killed by a night rider band in the vicinity of Reelfoot lake Monday night last, that section will be under complete military domination. Five companies of the Tennessee National Guard will be at the disposal of Col. Tatom. To aid the militia the adjoining counties have been drawn on for posses of picked men.

In the Reelfoot lake district the lake itself is the source of contention. It was asserted by those living in the vicinity that it was their right to ply their vocation as fishermen in its waters without molestation, while the owners of the land upon which the lake is located took an opposite view. In the courts the latter, the Western Tennessee Land company, of which Captain Rankin and Colonel R. Z. Taylor of Trenton as the organizers, are largely interested, were upheld.

Then followed night-rider warnings, threatening death to those who opposed the wishes of the band. It was upon the first visit in many months to the lake region that Captain Rankin was killed. Of a number of men arrested, ten are being held, and it is promised that when the grand jury is the heating plant. convened sufficient evidence will be furnished to secure the indictment of every member of the night-riders organization. The sessions of the court will be under military protection.

Governors of several states of the south have approved of a suggestion of Governor Patterson, that a conference of the executives be held and plans devised whereby they can act in concert in an effort to destroy the night-rider

organizations. Camp Nemo, Reelfoot Lake, Tenn Fourty-four more prisoners, including two women, were brought in Sunday as the result of the murder at Walnut Log last week of Captain Rankin by masked night riders. In addition, seven others, including one woman, were arrested by the troops but paroled. Among those seized are William Pratt, hotel keeper at Sambarg: J. D. F. Carpenter, Union City attorney, who, Colonel Taylor charged, wrote letters to Taylor and Rankin which were instrumental in carrying them on the fatal trip to Walnut Log: William Brewer, a 60-year-old farmer, his wife and son.

MORE CHOLERA IN MANILA. Slight Increase in New Cases Is Re

Manila-Seven new cases of cholera were reported in this city for the day ending Sunday night. The slight increase in the spread of the disease is ascribed by the athorities to the many gatherings of the people on Saturday night and Sunday and the feasts that accompanied these assemblies. The situation is not considered to be grave and the health department feels as though it has the epidemic well under control.

The Vinsonhaler Case.

One case submitted to the full bench of the supreme court and Commissioners Dufflie, Calkins and Epperson is Mrs. O'Laughlin sued Pawnee City of a character to make county judges for two thousand two hundred sixty and former county judges sit up and dollars for a fall on a defective sidetake notice. It is one brought by Douglas county against ex-County Judge Duncan M. Vinsonhaler wherein it is sought to charge Mr. Vinsonhaler with financia: responsibility for about \$16,000 worth of uncollected braska Telephone Company, 18th and fees. Included in this claim is an item for all marriages performed by the county judge, on the theory that it is his duty to perform such ceremony and that whether or not he collected together with hog sheds and a number of barn yard buildings, which with the any fee he is responsible for \$3 for

contents, belonged to the renter, Otto each one in which he officiated. The statute of limitations embraces ten years for county judges and upon the decision in this case rests the responsibility of all county judges who have held office within that period and who have made their settlements along the old lines of accounting for all fees collected but not for marriages performed or fees collected.

As to the marriage fees, it was contended by attorneys for the defendant that for thirty years or more it had been customary to regard this as a prerecaisite of the office and that it rested with the judge whether or not he charged any fee. In fact many judges, from friendship or other reasons, have wedded couples free of charge. The contention was that the pudge was not bound to marry a couple or to colect a fee if he did: that it was a long-continued construction of a statute by officers whose duty it was to construe that law, and that by reason of this long-continued construction that construction now

has the force and effect of law. Judge Vinsonhaler accounted for all fees he received as an officer during his six years as judge, but in this case the effort is being made to make him the insurer of all fees on the theory that as the law provides that all fees should be collected in advance, it was his duty to have collected them, and not having done so he is liable.

sued an order re-opening the case in William Malchow, sr., oldest living which the Union Stock Yards company of South Omaha petitions for the privilege of increasing its switching rates for further testimony. A hearing has been set for November 5. As the members of the commission

understand it, the Stock Yards company performs considerable service for the packing companies for which it receives no compensation. It is to get this matter straightened out that the further hearing has been ordered. The two questions upon which the commission wants more definite information are these:

"The extent and value of the property of the applicant devoted exclusively to the service of the various industries, especially packing coin-

panies and car companies. "The extent and value of the service in switching cars between the storage tracks, icing tracks repair tracks and docks of the various companies furnished by the petitioner herein."

Delayed Blanks Arrive.

The railway commission has received the long delayed blanks on which railroad companies are to report their business for the year ending August 1, but the railway commission did not furnish blanks to the roads. The commission was waiting chants. When searched at the county for a new form of report to be received from the state railway commission. From two weeks to one month will be required for the roads to fill out the blanks and return them to the commission.

Among the annual reports of corporations that have been filed with the railway commission is a report of the Nebraska telephone company, whose principal office is in Omaha. The company reports \$1,820,474.49 earnings from operation for the year ending June 30. The operating expenses were \$1,321,291.25. An explanation is filed in regard to \$77,928.31 paid to the American Bell telephone company for rental. It is explained that this is for the use of telephone instruments and for the keeping of the same in repair and replacing instruments and other services.

In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

PERUNA A TONIC OF GREAT USEFULNESS

HON. R. S. THARIN.

Hon. R. S. Tharin, Attorney at Law and counsel for Anti-Trust League, writes from Pennsylvania Ave., N. W. Washington, D. C., as follows:

"Having used Peruna for catarrhal disorders, I am able to testify to ite great remedial excellence and do not hesitate to give it my emphatic endorsement and earnest recommendation to all persons affected by that disorder. 25 is also a tonic of great usefulness."

Mr. T. Barnecott, West Aylmer Ontario, Can., writes: "Last winter 1 was ill with pneumonia after having la grippe. I took Peruna for two months, when I became quite well. I also induced a young lady, who was all run down and confined to the house, to take Peruna, and after taking Peruna for three months she is able to follow her trade of tailoring. I can recommend Peruna for all such who are ill and require a tonic."
