The New Round Oak Base Burner

A bright, cheery home full of warmth and comfort is a fine thing to keep your boys and girls with you—makes your home attractive.

Put in a ROUND OAK base burner and the neighbors passing by will look in at its cheerful glow and the happy faces gathered around and will envy you.

The ROUND OAK base burner is perfection, new improvements in fine construction render this stove the greatest heat radiator and fuel saver of its kind. As a double heater it will exceed all base burners with this feature. It has the largest circulating flue ever placed in a base burner. It is three times the usual size.

Ask for the descriptive booklet, the "Reasons Why" are interesting. The "world do move" and the ROUND OAK base burner in appearance, fine workmanship, efficiency and economy is superior to all others.

The greatest heater for amount of fuel consumed ever known in this type of stove.

**PARTY OF PERFORMANCE.**

Republican Organization Fosters All Policies Tending to Make the Country Great and Prosperous.

The Republican is a party of action. It rests upon what it has done, and not upon what it possibly may do in the future. It has fostered everything that has tended to make the country great and prosperous. It has moved with the people. It has kept abreast of the times. It has ever stood ready to modify an old policy or to adopt a new one when the business interests of the country have needed the modification or the change. It has protected American industries. It has protected American labor by stringent immigration laws. It protected the credit and business stability of the country by prompt declaring in favor of a gold standard, and writing it in the statutes. When the time came it promptly seized upon the time and the opportunity to begin the speedy construction of the great isthmian canal. It has never hesitated to assume a responsibility. When the cruelties in Cuba threatened the interests of America the Republican party resolved to put an end to those cruelties. When trusts sprang up it enacted a law to curb and control those trusts. When

commerce was at the mercy of the railroads, it provided for a commission to regulate them. When shippers were oppressed by transportation companies it promptly enacted a rate law. It has met every emergency in war or peace, met it in a wise, prudent and statesmanlike manner. It is progressive when progressiveness means upbuilding. It is conservative when conservatism means the maintenance of peace, order and prosperity. It has been prompt without undue haste. Peace and prosperity at home—honor and respect abroad has been, is now, and always will be its motto.—Republican National Platform.

Seeking a Happy Medium.

"What do you intend to give to our campaign fund?" asked the political expert. "It's hard to decide," answered Mr. Dustin Stax. "The amount must, of course, be big enough to help the cause and at the same time small enough not to start a scandal."

Valuable Citizen.

"That large man thinks himself a pretty important personage in this place, doesn't he?" asked the stranger. "Important?" exclaimed the native. "Why, if you tell him we're having fine weather here, he swells up as if he thought he made it."

**ORGANIZED LABOR SUPPORTS TAFT.**

Majority of the Real Leaders and Workers Will Vote for Their Real Friends.

No Longer Any Doubt But That Taft Will Get the Majority of Labor Votes Despite the Unscrupulous Fight Made by Gompers in Behalf of the Democratic Bosses.

Leaders of organized labor are opposed to Samuel Gompers in his efforts to deliver the labor vote to Bryan, and there is every indication that Taft will get the votes of most laboring men. At least three of the most influential vice-presidents of the American Federation of Labor evidently disagree with Gompers.

One of the men who called on President Roosevelt recently gave assurance that John Mitchell is not for Bryan, as intimated in a telegram alleged to be from him published in the last two days. He declared on authority, said to be that of Mr. Mitchell himself, that the noted labor leader did not write any telegram putting himself in the Bryan column. The telegram is said to be a fabrication.

James Duncan, first vice-president of the American Federation of Labor, next in authority to Gompers and a man of great influence in the organization, has written a letter to Willis Moore, chief of the weather bureau, pointedly antagonizing the attitude of Mr. Gompers and asserting that each individual should be allowed to vote without pressure from any one.

Daniel Keefe, sixth vice-president of the federation and president of the Longshoremen's union, is out for Taft and working hard for him. Keefe advises labor people to vote for Taft. Thus three of the six vice-presidents under Mr. Gompers are either supporting Taft or are opposing any plan that will place the organization as a body against the Republican nominee. Mr. Keefe said recently:

"Bryan has not been endorsed for president by the executive council of the American Federation of Labor. Neither has any one the right to criticize a union man for voting for any other candidate for president. In fact I will vote for Taft."

Taft's True Attitude Understood.

The Labor World of Pittsburgh says: "Every day it is becoming more and more apparent that the more the 'labor' record of Judge Taft is discussed the more does the fact shine forth that he is a real friend of labor. The truth has always been recognized by the intelligent and fair-minded trade union leaders and officials, many of whom have the courage to stand boldly out and declare themselves to this effect despite the fact that undue pressure is being exercised to subdue such declaration."

The United Mine Workers of America, the strongest organization numerically in the country, will not be bound by the political program of the American Federation of Labor, to support Bryan and the Democratic platform. In an official circular issued by T. L. Lewis, international president of the union, to the 300,000 members, he says the membership has intelligence enough to know how to vote without any advice from him and he will do nothing to influence their political preferences in any way.

"Pablic Beggar" Story Confirmed.

A campaign sensation was sprung at Wheeling, West Virginia, at a Republican rally when Honorable M. M. Garland of Pittsburgh, former president of the Amalgamated Association, declared he was present when William Jennings Bryan stigmatized union labor leaders as "beggars" and laborulous as "sausages" in 1893, when the Ways and Means Committee of the National House of Representatives was considering the original Wilson tariff bill.

William R. Farley, of Alabama, for the last ten years a member of the executive board of the United Mine Workers, has come out with the statement that it was the duty of laboring men to vote for Taft and Sherman. His stand is a practical repudiation of the leadership of Samuel Gompers, and additional evidence that the attempt of Gompers to "deliver" the labor vote to Bryan is a dismal failure.

Among the well-known trade unionists of Pennsylvania is George W. Boyd of the Structural Ironworkers' Union. He is fearless in the declaration of his opinion and is always guided by what he absolutely believes to be the truth. He is a believer in W. H. Taft as a friend of labor.

Prominent Chicagoan Defies Gompers

In the Piano, Organ and Musical Instrument Workers' Official Journal Charles Dold, the editor, who was formerly president of the Chicago Federation of Labor, bitterly assails Samuel Gompers for his effort to deliver the union labor vote in this campaign. He criticizes in particular a circular issued by the executive council of the American Federation of Labor, asking the wage-earners to contribute to the Democratic campaign fund. Two quotations from the editorial are sufficient to show what is thought of Gompers' effort:

"We have searched diligently for some act or deed of the Democratic party justifying labor's support, but have been unable to find one."

"The most deplorable working condition in the United States, the lowest wages, the greatest illiteracy, are all to be found there under the Democratic regime of the 'Solid South.' And the 'Solid South' controls the Democratic party."

On behalf of the International Brotherhood of Painters, Decorators and Paper Hangers a statement has been issued, saying "a man is known by the company he keeps, and Mr. Bryan has publicly chosen to associate himself

with men with whose unsavory past he is quite familiar."

The Alton (Ill.) Glassblowers' union, the largest union in the American Bottle Blowers' association, has repudiated interference by Samuel Gompers, who advised the union to endorse Bryan for President, and summarily laid on the table the communication from President Gompers at their business meeting.

The president of Highland lodge, Amalgamated Iron and Steel Workers, of Terre Haute, Ind., said his organization cannot join in partisan politics, and that it also turned down an appeal from Gompers sent from American federation headquarters for a contribution to the Democratic campaign fund.

Minnesota and Iowa for Taft.

Bryan is not to receive the solid labor vote of Minnesota. Contrary to the repeated predictions and efforts of Democratic labor leaders there appears to be a big split in the ranks of organized labor, and Taft will receive his due share of votes from the union men. Fifteen of the most prominent union men in Minneapolis have signed a circular letter declaring they take exception to the methods used by the Bryan element of the organizations, and many believe the labor men of the State will exercise their individual wills when voting and will cast their ballots for the Republican nominee.

There is every reason to believe that a movement has set in among the laboring classes of Iowa, the workers in the large industrial communities, towards Taft and the Republican ticket. Not only are the labor leaders who early in the campaign were advocating the election of Bryan less active in the support of the Democratic ticket, but many men less prominent but no less influential in the councils of the various labor organizations are openly counseling a more rigid scrutiny of party promises and records.

August A. Bahltz, secretary of the Central Labor Union of Lexington, Ky., urges his fellows to vote the Republican ticket in order to insure a continuation of prosperity.

Function of Next Administration. (Judge Taft at St. Louis, October 6.)

"The function of the next administration is not to be spectacular in the enactment of great statutes laying down new codes of morals, or asserting a new standard of business integrity, but its work lies in the details of furnishing men and machinery to aid the hand of the Executive in making the supervision of the transactions so close, so careful, so constant, that the business men engaged in it may know promptly when they are transgressing the line of lawful business limitations and may be brought up standing whenever this occurs and may be prosecuted where the violations of law are flagrant and defiant, and promptly restrained and penalized."

Some of the Democratic newspapers recognize the situation well enough to begin already to pick out Cabinet officers for President Taft, but that is something that President Taft can do much better himself.—Philadelphia Press.
