NEBRASKA NEWS AND NOTES

Items of Greater or Lesser Importance Over the State.

Both are Disgusted.

Republicans and democrats alike cannot help being disgusted with the lying their hide-bound party organs have done during the past campaign.

A paper whose proprietor either holds a federal job or is looking for one, cannot be depended upon to tell the unbiased truth about politics and even sometimes about other things.

Why should your report about daily affairs be colored to suit the selfish interests or desires of the man who happens to have his money invested in newspaper machinery? You have a right to have pure news as well as pure food.

And also, why not pure advertising? The paper goes into the home and is read by your children.

You are trying to keep their minds clean and would raise a row if you found an immoral or impure book in the house.

Why not guard what they read in daily papers as carefully? The Lincoln State Journal columns are the best evidence of its cleanliness.

A whole lot of advertising is found in other dailies that is kept out of the Lincoln Journal.

When you take the Journal you pay only for your own paper as it has no deadbeats; no bad bills. Everybody pays in advance and every paper is stopped when the time is out.

It's a co-operative plan, every item of waste being eliminated and you get the benefit. Lincoln is your capital and The Journal your paper.

She had been suffering with tuberculosis and her attempt to commit suicide was prompted by dependency on account of her sickness. It is understood that Governor Sheldon will appoint four judges of the supreme court before he goes out of office, but whether or not he will announce the names prior to the date of the official canvass of the constitutional amendment providing for such appointments or wait until after the state bar association meets in Lincoln, November 23, is not known.

Miss Emma Paulus, daughter of Peter Paulus, who took his own life last spring during a fit of insanity, probably fatally shot herself at the farm home seven miles west of Fairbury. The young lady had not been "right" for some time prior to her father's death.

Word was received in Fremont of the death at Denver of Mrs. Velona Thomas, widow of W. D. Thomas. She was one of the pioneers of that city and moved to Denver to live with her son, William Thomas, about three years ago. Her remains will be buried in Nebraska.

The county of Kimball has registered \$5,000 high school bonds, issued under the new high school law enacted by the last legislature.

Be True to Your Own Ideals. I would rather live on the most desolate crag—shivering with all the warm wraps of falsehood stripped off—gazing after unfound truth than sit comfortably on more inhabited spots, where others are warm in a faith which is true to them, but which is false to me.—F. W. Robertson.

Natural Growth of New York. After eliminating the immigrant increase to the population of New York City, it is growing annually 65,900 by natural accretion.

London's Population. The population of London, 6,549,000 standing shoulder to shoulder, would form a human wall 1,800 miles long or put on an area of 0.7 square mile or on a square having sides of 0.84 of a mile.

A fairly large movement of corn may be looked for in the course of the next few weeks, according to the statements of Omaha grain men. One commission man returning from the western part of the state declared that there is a great amount of grain lying in wire cribs in the fields and that it will average well as to quality.

The National Corn exposition at Omaha will be a gigantic affair. A calculation of the amount of floor space to be utilized gives a total of 144,000 square feet or an equivalent of a square 1,100 feet and over on each side.

This is equal to four consecutive city blocks. Another comparison will aid in impressing the size of the exhibition on any one. The total floor space of the Transmississippi exposition for exhibits was 500,000 feet and that was for several months and not ten days.

THE STATE CAPITAL

MATTERS OF INTEREST TO ALL CITIZENS.

FOUR JUDGES ARE THE PRIZE

Will Gov. Sheldon Name Two Republicans and Two Democrats as Now the Leading Question.

Governor Sheldon, according to the Lincoln Journal, is supposed to be dividing his time between consideration of the proposed extra session of the legislature and the appointment of four judges of the supreme court.

Twelve times he holds hearings for convicts who desire pardons and performs endless routine work in his office.

The meeting of the supreme court brought to Lincoln a host of attorneys and there was much whispering about the corridors of the state house where the lawyers were gathered.

The approaching meeting of the state bar association which will recommend four men for governor's consideration adds to the interest of the situation.

Whether or not the governor will name two democrats and two republicans is also a matter that interests every applicant for appointment.

Nineteen names are already before the governor for his consideration and the state bar association may add some to this number.

It is said by persons in authority that the three members of the supreme court, if requested to give their opinion, will ask the governor to appoint two democrats and two republicans.

What the bar association will do will not be known till the membership expresses a view. Governor Sheldon has never promised to appoint two judges from the democratic party.

but he promised to give the matter consideration and use his sense of justice. Among the nineteen names already before him are those of J. J. Sullivan and Judge B. F. Good of Wahoo, both democrats.

Judge Sullivan has had long experience on the supreme bench and is believed to have a good show for appointment.

Judge Good has served nine years on the district bench. Both republican and democratic attorneys of his district and all over the state have called on Governor Sheldon in behalf of Judge Good.

Another democrat who is expected to make a strong showing in the way of endorsements is George L. Loomis of Fremont. The republican candidates are numerous.

Judge Frost of Lancaster is being urged by attorneys. Judge Fawcett and Judge Duffie of Omaha are considered strong candidates and Commissioner Root of Cass and Judge S. H. Sedgewick of York, formerly judge of the supreme court, are placed in the leading class.

The Case of Senator Ashton.

Senator Ashton of Hall county, defeated by congress in the Fifth district by twenty votes, called at the state house to examine the official returns. He has not yet decided concerning an election contest before congress.

He objects, however, to the counting of several votes for his opponent when the voter merely wrote the word "Taft" and a cross in the blank between the word "republican" and the circle at the top of the ballot.

He contends that these votes should be counted for republican electors. How much does it cost to run for governor in Nebraska? Those contemplating such a step may consult the sworn statement of Ashton C. Shallenberger, the democratic candidate who won at the recent election. He states that he expended \$752.90.

Shelden to Make Appointments.

So far as known Governor Sheldon has no appointments to make before he retires except four judges of the supreme court and one member of the state board of education and perhaps one or two members of minor boards, such as advisory boards for the home of the friendless and the Millford home.

Union Pacific Restrained

Attorney General Thompson secured a restraining order against the Union Pacific Railroad company to prevent it from issuing any transportation on newspaper advertising contracts or from entering into any more contracts with newspapers whereby transportation is to be exchanged for advertising space.

Quarantine Revoked.
