Grandpa Kilmer got mixed up in a runaway the first of the week. He was taking home a couple of disc cultivators which they had borrowed from E. T. Graham in the summer. The noise of the disc scared the team causing them to run away, throwing Mr. Kilmer to the ground, the wheel of one of the discs striking him on the head cutting a gash in his scalp and otherwise bruising him: The team ran some distance when they struck a telephone pole and was held captive until Mr. Hooley, who happened along the road, caught them.

Mystic Lodge No. 321, I. O. O. F., held their semi-annual election of officers Tuesday evening, the following being chosen: John Clayburn, noble grand; F. A. Reed, vice grand; U. O. Hart, secretary; L. Franklin, treasurer; board of trustees, W. W. Frank, three years, H. J. Hill, two years, Chas. Potter, one year. They will be installed the first week in January.

Saturday night will practically see the water works completed, and the contractors hope to have the water turned in by that time. This week the laying of the mains has been completed, notwithstanding the delay of a few days. The big tank has been unloaded and the engine placed in position, and the remainder of the work on the building will be completed. The contractors have been doing a good job and no doubt when the test is made everyone will be more than pleased with the plant.

Monday evening a meeting was held at the town hall for the purpose of organizing a fire company, as the new water system will be turned over to the village about the first of December. John Reed acted as chairman and W. W. Frank, secretary. Twelve members were enrolled, as follows: John Reed, D. H. Gipe, W. W. Frank, H. J. Hill, C. O. Hart, J. T. Smith, Chas. Christner, Thomas Smith, F. A. Reed, Dave Williams, Ian Riley and Frank Kelley. The following officers were elected: John Reed, president; D. H. Gipe, vice president; W. W. Frank, secretary; J. T. Smith, assistant secretary; H. J. Hill, treasurer; Chas. Christner, chief; C. O. Hart, assistant chief. Another meeting will be held December 14, at which the annual election of officers will be held. The second Monday in each month will be the regular meeting night, and by-laws have been adopted, subject to the approval of the village board.

There was an unusual circumstance happened at the school building Tuesday morning when S. C. Terry called on the teacher of the intermediate department and requested to see a whip she had in her possession, and after examining it asked if he did not also have a ruler. She replied she did and handed it to him upon his request. When he had both the whip and ruler he walked away, intimating that he would take care of them. The above are the facts in the case, but they have a meaning that menaces our schools. A private citizen has gone to a school teacher at the public school and taken property belonging to her, and the taking of that property serves notice on the scholars that the teacher's authority is at an end. Mr. Terry is a member of the school board but in this act he did not have the least bit of authority from that body to justify the act. Why he selected this teacher to take the whip and ruler from, is not understood at present, as no complaints against her have been filed with the board. This act, if not promptly repudiated, will mean that all discipline in that particular room, and eventually the whole school, will be at an end. Suffice it is to say that the affair will not pass unnoticed, as the board has called a special meeting to consider it, for the coming Saturday, at which time the county superintendent will meet with them and advise them in the matter. Mr. Terry still has the property belonging to the teacher, Miss Collins, and has not returned it. It is to be regretted, for the good of the schools, that this affair happened, but it is the duty of the board to see that teachers receive their orders from that body, and not tolerate any outside interference.

**GENOA.**  
From the Times.  
David, aged 9, son of J. E. Anderson, was thrown from his pony last Thursday and had his left arm broken.

N. W. Preston, who delivered an address at a Bryan rally here during the campaign, has been selected by Congress-man-elect Latta to act as his private secretary.

Supt. Davis of the Indian School gave the pupils a dinner on Thanksgiving Day that will long be remembered by all who gathered around the tables. Scores of turkeys, barrels of cranberries, hundreds of pies and other good things were served.

The village board met Monday evening and accepted the electric light plant from Contractor John Early. The expert electrician who inspected the plant pronounced it one of the best in the state and said it could not be duplicated for less than \$15,000. The plant cost the village about \$10,000.

**SILVER CREEK.**  
From the Sand.  
Mr. and Mrs. Elmer E. Davis and son Charley of Schuyler came up Thanksgiving eve, for a visit. Mr. Davis is a brother of the editor of Sand and in years gone by has been a newspaper man himself.

While returning from Columbus, A. Evans' team took fright when one of the tugs became unhooked and upset the buggy. Mr. Evans was dragged over the dashboard and bruised some but Mrs. Evans was not hurt.

Thomas M. Pethick, probably the oldest citizen of Silver Creek, died last Sunday morning. Mr. Pethick came to Silver Creek in 1887 and started in the drug business, and has continued it ever since. He was a good pharmacist, honest and conscientious in all his dealings, and has always held the respect of his fellow-men—the best that any man can do. He was a soldier in the civil war. He was enlisted in Co. A, 42d Illinois Inf in August 1861 and served 4 years, 3 months and 7 days, always faithful to his country and holding a record of patriotism that was his greatest pride in the day of his death.

**FLATTE CENTER.**  
From the Signal.  
Miss Anna Gass came up from Columbus Wednesday evening to be a guest of Mrs. C. M. Gruenther for a few days.

Cards have been received announcing the coming marriage of Prof. C. O. Carey to an Oklahoma City lady. Mr. Carey was principal of our public schools a few years ago.

Uncle Dan Wilson, whose illness was reported a few weeks ago and who is taking treatment at St. Mary's hospital in Columbus, is still confined to his bed with little hope for complete recovery.

Mrs. J. J. Egan has received word from Deer Lodge, Montana, that her brother, James O'Keefe, had been elected sheriff of that county at the recent election, by a handsome majority. Mr. O'Keefe formerly resided here and has many warm friends at this place who will be pleased to learn of his election.

Miss Tessie Egan met with quite a serious accident last Friday. She was in the act of lifting a boiler of hot water from the stove when one of the handles came off, and the contents of boiler was spilled on her feet, scalding them so badly that the services of a physician was called to draw them. She is progressing towards recovery in a satisfactory manner.

John Kipp, who has been afflicted with inflammatory rheumatism for nearly three weeks, was considerably improved the fore part of last week—enough so that he was able to get out doors. But on Friday he was again worse, and Henry Stone conveyed him in his auto to St. Mary's hospital at Columbus, where he is confined to his bed, in a worse condition than when he left here.

**HUMPHREY.**  
From the Democrat.  
Miss Mamie Schroeder who was visiting friends and relatives in town for several days, returned to her home in Columbus last Friday.

Miss John Binder of Omaha and her little son took their departure Wednesday after a week's visit here at the home of the lady's sister, Mrs. Geo. Palmster. The two ladies went to Creston to visit another sister, and from there Mrs. Binder plans to go to Humphrey, Columbus and Tilden before going home.—Howells Journal.

A few nights ago somebody maliciously threw bricks through the windows of the German Baptist church in the south part of town, breaking a number of the lights. The Democrat is authorized to offer a liberal reward for information leading to the guilty party or parties. Anybody who would thus destroy church property deserves a term of years behind the bars, and this is what will happen if it is found out who did this dastardly work.

The following to the Democrat editor from A. T. Peters of the department of animal pathology of the State University may be of interest to Democrat readers: "Knowing that you are interested in the tuberculosis campaign, we wish to state that we are now in a position to test herds of cattle free of charge. We have been fortunate enough to secure some assistance from the government, the Bureau of Animal Industry having stationed two veterinarians with the department of Animal Pathology to cooperate with us in this work. Therefore any dairymen or farmer wishing to have his dairy or breeding stock tested should send in his name and address to the Department of Animal Pathology, Nebraska Agricultural Experiment Station, Lincoln, Neb., and state how many head he wants tested. Hoping that you can give this in your valuable paper and thereby draw attention to the importance of this work."

**CENTRAL CITY.**  
From the Nonpareil.  
Mrs. Mary Porter was ninety-four years old last Thursday and in celebration of that event a party was given in her honor that day at the home of her son, Wm. Porter in this city.

Many old settlers remember Frank Thompson who resided here about twenty years ago. He was well known over this section as an auctioneer and being fully six feet six inches in height he attracted attention wherever he went. The following account of his death which is taken from the Palouse (Wash.) Republic, will therefore be read with interest: Thursday evening of last week occurred the death of Frank Thompson, at the home of his son, William Thompson, on the south hill, of pneumonia and heart failure. Mr. Thompson was aged 79 years, 3 months and 11 days. He has been failing for the past six months and for the past five weeks was confined to his bed, death, however, coming unexpectedly. Mr. Thompson was one of the best known men in this city, where he has made his home for the last 19 years, coming to Palouse from Nebraska. "Dad," as he was familiarly known among his many friends, was a member of the Major Anderson post of the G. A. R. and for years has been the color bearer of that post.

**CURES CATARRH**

Pollock & Co. the Druggists Will Furnish the Medicine Free in Every Case Where They Fail to Cure Catarrh.

Neglect or pessimism we believe is the greatest enemy the public have to contend with when applied to the loss or recovery of health. Practically every case of consumption might have been cured if hope had been maintained and proper treatment had been resorted to at the first symptom of the disease. Until the advanced stage is reached, consumption is curable. Catarrh is responsible, we believe, for every case of consumption. It is about catarrh we want to talk to you today, incidentally consumption, since the two are so closely allied.

We have a medicine made from the prescription of one of the most successful catarrh specialists known. This medicine has a record of 98 per cent of cures, and we believe it is positively without an equal. We are so satisfied that we are right, that we will supply the medicine free in every instance where it is used according to directions for a reasonable length of time and fails to cure and give satisfaction in every particular. We want everyone in Columbus to try this medicine at our risk. There are no conditions of formality attached to our offer. We put the user under no obligation to us whatever.

The medicine we want you to try is Rosall Mucuo-Tone. It is a catarrh remedy that goes direct to the seat of trouble. It is carried by the blood to every part of the system. It seeks out and destroys the germs or parasites which cause Catarrh. It purifies and enriches the blood, tones up the mucous cells, soothes and heals the tissues that were ravaged by the catarrhal parasite, and brings about a condition of health and strength that prevents the germs of consumption from ever getting a start. Besides, this Rosall Mucuo-Tone is a wonderful appetizer, digestive aid and flesh builder. Its good effects are felt from the very first dose. It is one of the largest and most satisfactory selling medicines that we have ever had anything to do with. We know so much of the great good that it has done that we personally back it up with our reputation and money, which fact should be ample guarantee to satisfy anybody.

Rosall Mucuo-Tone comes in two sizes, 50c and \$1.00. We urge you to try it. Pollock & Co. the druggists on the corner.

WILL BE RALPH HEREAFTER.

**A Youngster's Outspokenness That Taught Grandpa a Lesson.**

There is a very well-known man in Brooklyn who is particularly proud of his grandson, a bright boy of four years and a few months. But, like all fond grandpas, he believed teasing amusing to the child as well as to himself—and he recently received the shock he deserved. The little lad was playing industriously with a doll when the proud grandpa said: "My! playing with a doll—why your name must be Susie—not Ralph." No word from the boy, who kept right on playing with the doll. "Susie," said the grandpa, just rushing to his fate, "do you like dolls?" The boy moved perceptibly, but clung to the doll. "Dear little Susie—you used to be a boy." The boy lifted his head indignantly and with deep pathos, said: "Grandpa, I hate to tell you so, but you're a fool."

Great was the consternation of the mother, who tragically ordered the boy to his room, while she called attention to the tears that rolled down her cheeks at such a fearful offense. Finally she told the little fellow that he might be forgiven if he begged his grandpa's pardon. But the boy believed his grandpa the offender and said so. His mother sternly read him a lesson against profanity, and especially about disrespect to grandparents. The little fellow was touched, and going over to his grandpa said, compromisingly: "I am sorry I called you a fool—but if I cannot call you a fool can I call you a lemon?" Hereafter grandpa will call Ralph by his right name.—Brooklyn Eagle.
