#### MANY YEARS AGO.

Files of The Journal Jan. 6, 1875.

On Monday morning there were observable here two very bright moon sets about five degrees east and west of the sun. These were the brightest ever witnessed.

We learn that W. E. Anstahl proposes to build a flouring mill at Osceola, to be run by steam and wind power, if he can obtain sufficient encouragement from the citizens of Polk county. We also learn that the citizens have pledged themselves for \$1,000, \$2,500 being asked of them. The mill is to cost \$18,000.

M. Johnson, Rep., of Bishop Hill, Ill., arrived here last Tuesday to distribute donations of corn meal and beans under the instructions of the good people of his township; one-third was to go to Platte county and two thirds to Polk county. Mr. Johnson is evidently a gentleman of intelligence and refinement and the trust confided to him will be properly disposed of.

A letter was shown us from the post-master at Pine Bluff, Wis., to the post-master at Sturgis Prairie, stating that it was rumored at the former place that Indiana had killed somebody near the latter place. How such a rumor could possibly originate, we know not. This county is comparatively thickly settled, there are but few Indians now in this region, and those that are here are perfectly peaceable and well-intentioned.

The first annual at home by the social committee of the Y. M. C. A. at their building New Years night, and was attended by almost six hundred guests. The affair was in charge of the social committee, the chairman being Dr. N. Matzen. The lobby and main floor were in charge of Messrs. Bert J. Galley and L. A. Carnahan, and they were assisted in the receiving line by Mr. and Mrs. J. D. Stires, Dr. and Mrs. W. S. Evans and Mr. and Mrs. J. T. Boyd. The punch bowl was presided over by the Misses Bucher, Gray, Lubker, Galley, Ebole and Woolsey, and the music was rendered by Miss Pohl and Messrs. Clark and Boettcher. The dormitory floor was in charge of Frank E. Walls and the program consisted of vocal solos by Mrs. M. G. Bower and Miss Weeks, instrumental solos by Miss Fricka, and reading from Riley by Mrs. D. Burr Jones. For the music on this floor the Foster Bros. Piano company furnished a very fine instrument. The gymnasium was under the supervision of Messrs. O. N. Olsen and O. H. Walters, and consisted of some very good work on the horizontal bars by Messrs. Ernest Gassman and F. C. Lammie. In addition to this there was a rope climbing contest, potato race, wheel-barrow race and a pic eating contest by the younger boys. Both the program in the gymnasium and on the dormitory floor were given twice in order that it might have an opportunity of enjoying them. In the basement Messrs. Lee Rolin and Ed Regatz were the obliging gentlemen who were responsible for that portion of the building. Swimming exhibitions in the pool were given during the evening by a number of the association swimmers. In the contests and match games in the gymnasium, E. G. Brown won the billiard match with L. W. Weaver second. In the pool game Schmocker and Wilson won two out of three fifty point games from Slater and Babcock, and Graf and Schofield won from Friedhof and Dickinson. In the match bowling game the clerks won from the High school by a score of 2169 to 1940, the highest individual score being 494.

The Columbus ladies who went to Norfolk last Thursday to attend the house party given by Mrs. G. A. Young of that city over New Years, were Mesdames E. H. Chambers, C. D. Evans, C. A. Allenburger, F. J. Hart, H. A. Clarke and H. B. Robinson. The following afternoon the visiting ladies were entertained at a musical and the same evening the hostess gave a dance in honor of her guests. All of the guests, except Mesdames Pollock and Evans, returned home Saturday, and Messrs. Pollock and Evans went to Norfolk Saturday, where they were guests of Dr. and Mrs. Young over Sunday. The following in the Norfolk News tells of a clever joke played on the party by one of the ladies on the way to Norfolk: Mrs. M. B. Robinson of Columbus played the stellar role in a clever farce which completely "took in" a half dozen Columbus ladies enroute to Norfolk New Year's eve. Mrs. Robinson telephoned the ladies, who had planned coming to a house party, given by Mrs. Young at the hospital, that she was unable at the last moment to come. Her friends came without her. At the station the Platte county sheriff placed an insane woman on the train. She was heavily veiled and quite demented. The sheriff placed the patient in custody of the conductor, asked him to see that she did not get off the train before reaching Norfolk, and to place her in a cab. At each station the woman made a bee-line for the door and tried to leave the train. The house party ladies were frightened at her. At the destination in Norfolk the conductor placed the patient in a cab bound for the hospital. The other six ladies got into the same cab, by chance. At the door of the hospital the woman threw off her veil and gave her friends the laugh.

Monday of this week fires were started under the boilers at the new electric light plant, and Tuesday the engines are by far the largest in the city and their combined capacity is 600 horse power. They are automatic in many ways and their oiling devices required twenty-five gallons of lubricating oil to fill them the first time. The work of cutting over from the old to the new plant will be started this week, and as soon as everything is running smoothly the new plant will be given the load. There are quite a number of power users connected up already, the largest being the new Hord elevator. In a short time the Columbus Cream Company will also get their power from the plant, when their new motors are installed. This installation will require about seventy-five horse power, the same as the Hord elevator.

The extreme cold weather of Tuesday prevented many from attending the opening session of the Farmers' Institute, which is being held in the Y. M. C. A. building. The program for the afternoon, with the exception of Miss Kaufman's talk on "When to Cook and How to Cook," was postponed until later. The evening session was given up on account of the weather. Those in charge of the building saw to it that everything was arranged for the comfort and convenience of those in attendance, and they were also given free use of the building.
