ABOUT OUR NEIGHBORS AND FRIENDS CLIPPED FROM OUR EXCHANGES

#### ALBION.

From the News.  
A very pretty wedding took place Friday morning at seven o'clock at the Episcopal church when Miss Fannie S. Goe of this city was united in marriage to Mr. Charles Duncan of Omaha. The words of the ceremony were spoken by Rev. Arthur Cash of Geneva, formerly rector here. The wedding march was played by Miss Lottie Becher of Columbus, a friend of the bride. The bride was very tastefully attired in her going away gown. Only the relatives and a few friends were in attendance at the wedding. Immediately after the service at the church a delightful three-course breakfast was served at the house.

#### LEIGH.

From the World.  
While crossing a bridge near Dodge last Saturday evening with a threshing engine, the bridge gave way and John Head of North Bend, went through with the engine. Head was struck in the abdomen by the steering crank of the engine and almost disemboweled. He was pinned under the engine for about an hour and a half and suffered terrible agony while the men worked frantically to save him.

Madison people were shocked to learn of a double tragedy which occurred in that city last Thursday night shortly after six o'clock. Charles Knapp, a man thirty years of age, shot his young wife in the side and then turned the weapon upon himself and sent a bullet crashing through his own skull. Mr. and Mrs. Knapp had just returned from South Dakota where they made the trip from that place to Madison in an automobile. Upon their arrival at home Mrs. Knapp began preparations for the evening meal. She had gone to a neighbors for some milk and as she entered the yard on her return home the tragedy occurred. The couple had been married but three years and their only child, a babe of two years, was the only witness to the tragedy.

From the News.  
Mrs. Knapp may recover from her wounds but her husband's condition is critical. Both Mr. and Mrs. Knapp are connected with prominent families in Madison.

#### GENOA.

From the Times.  
Henry J. Smith who left Genoa several weeks ago, writes to a friend here that he is now a member of Uncle Sam's navy. He enlisted two weeks ago in San Francisco.

A Polk county man recently invited a few of his friends to enjoy a keg of beer at his home. To cool the beer he put it into the well. When he came to raise it he found that the sack in which it was tied had broken, the keg had struck the top of the casing below the split, and the beer had leaked out into the well. Now everybody in that neighborhood stops to get a drink out of that well.

Mrs. Hart, widow of Charles Hart, who lives alone in the east part of town, is undoubtedly a fit subject for the state hospital for insane. About two years ago she was discharged from the Lincoln asylum where she had been confined for a year. Lately her old affliction has returned, and she wanders about in the vicinity of her home at all hours, sometimes in a nude condition. Tuesday Mrs. Olson, a neighbor, baked her some cinnamon rolls, and young Ross Irish volunteered to deliver them when Ross knocked on the screen door of Mrs. Hart's home she responded with a dipperful of hot water. Ross saw the old lady draw back her arm to land the water and made a sudden get away, but was not quite swift enough to prevent some of the water striking the back of his neck. Ross says that the water was warm.

Have you a farm to sell, or exchange? It costs only a cent a word per day to run an advertisement in the Omaha Bee. It will reach over 40,000 subscribers and is almost sure to find a buyer. Write today.

#### MONROE.

From the Republic.  
John T. Evans is getting along nicely and there is every prospect of his complete recovery from his illness. John is the prince of good fellows, and his many friends will be pleased to hear this good news.

E. P. Kelley of Rosebud, S. D. arrived Wednesday for a short visit with relatives and acquaintances. Ed is now out of the Indian service and has been investing in land, which is making him a nice income.

Mrs. Pearl Rockhold who has been visiting her parents Mr. and Mrs. J. M. Gillespie went to Columbus Saturday where she went through an operation at St. Mary's hospital. At this writing she is getting along nicely.

L. Kern of Newman Grove has rented the old Munter building, east of Reed Bros, and will put in a stock of general merchandise, opening up sometime next week. This will make three stores for Monroe, the same as was here before.

Miss Maude Jackson expects to leave for Springfield, S. D. Sunday to accept a position in a bank at that place. Miss Emma Hill of Springfield will take her place in the bank here where Miss Jackson has been employed for some time.

Monday night, during the heavy storm lightning struck Geo. Weber's house and did considerable damage. The bolt came at the chimney, splitting the bottom of the cellar, and for a while they thought the charge had killed their little son, but he soon recovered from the effects of it. But it was a close call anyway.

Monday of his week Dr. W. W. Frank sold his practice, business and office fixtures to Dr. E. V. Bates of Belgrade, and gave possession Monday. Dr. Bates comes to Monroe well recommended, and will make this his home. Dr. Frank had not decided as yet what he will do, but expects to remain in Monroe for a short time.

A fire alarm at about 1 a. m. Monday morning was caused by the burning of a barn owned by J. W. Evans in the west part of town. The barn and contents consisting of several tons of baled hay, a buggy and harness were a total loss. The fire was supposed to be caused by lightning, a severe thunder storm having just passed over. The fire department did good work and gave promise of efficient service in the future. The fire laddies deserve praise.

#### HUMPHRY.

From the Democrat.  
Jos. Schaff returned home Sunday evening from Columbus where he had been in the hospital for the past two weeks.

Samuel Prang, an old settler of the Tracey valley neighborhood, died at his home east of town last Thursday night at the age of 84 years, three months and twenty-three days. The cause of his death was heart failure due to old age. Mr. Prang was born in East Prussia in 1825 and with his wife and family came to this country in the spring of 1877, settling on what is now known as the Hollatz farm east of town. He afterwards moved to his present farm in Tracey valley where he spent the remaining years of his life.

Conrad Heesacker met with a serious accident Saturday morning while over-seeing some repairs to the roof of the Herber building which he owns. While walking backward, helping Martin Onkes, who was doing the repair work, carry some boards across the roof, he tripped against the fire wall, which extends above the roof, and fell backward to the ground a distance of about twelve feet, lighting on his head and shoulders. Unconscious, Mr. Heesacker was carried to Dr. Oatley's office for treatment, and upon examination it was found that his left arm and shoulder were broken and he was otherwise severely bruised and shaken up. Mr. Heesacker is recovering nicely, but it will be several weeks before he will be able to be around again.

#### PLATTE CENTER.

From the Signal.  
When Will Schelp left here a week ago last Sunday evening a great many of our people suspected that something was about to happen, and their suspicions were confirmed when later in the week cards were received which read thus: "Mr. William P. Schelp, Miss Augusta E. Nelson, married July twenty seventh, nineteen hundred and nine, Chamberlain, South Dakota. At home after August twentieth, Platte Center, Nebraska." This worthy couple need no introduction in Platte Center, both having been residents here many years. Mr. Schelp has been an employee of the Platte County bank for some time, and is now assistant cashier. Miss Nelson has lived here from childhood and has been a successful school teacher in various districts in the county, including the village of Platte Center. May they always be happy.

"Is marriage a failure?" is not the question that is worrying the boarders at the Clover hotel in Platte Center, but "is marriage contagious, epidemic or infectious?" Less than a year ago there was quarantined at this hostelry a bunch of congenial bachelors, who were apparently contented and happy, until one of the number took a wife unto himself one day, and since that day four more have followed his lead, and now the number left is exceedingly low, and they dodge every time they hear the rattle of a skirt. Paddy Riley saw the lines drawing closer and closer around him until he could stand it no longer, and this week fled to his mother's roof for safety. Denny Roberts pretends to think that there won't be "much of a shower," besides he has long been considered immune, but recently some bad symptoms have developed even in him. And doubtless the end is not yet.

## HOSE HOSE HOSE

We carry a complete stock of all kinds of Rubber Garden Hose, ranging in price from 9 cents to 20 cents per foot.

Do not fail to examine our Magic Endless Hose, we will cut this hose any length up to 500 feet in one piece, without couplings or splices.

Just the thing, if your present hose is not long enough to reach where required. So get a piece of "Magic" the desired length. No extra charge for cutting or couplings.

We also have a complete line of Lawn Sprinklers, Hose, Nozzles, etc. Try a section of our one-half in. Hose—more quality for less money.

**A. Dussell & Son**  
Eleventh Street

Telephone No. 1. - Columbus, Neb.

### WANTED

The right party can secure an excellent position, salary or commission for Columbus and vicinity. State age, former occupation and give reference. Address LOCK BOX 438, Lincoln, Neb.

### PROUD OF THE RECORD MADE.

Reputation of the Austro-American Doctors now Firmly Established in Omaha and Vicinity.

Their Unvarying Success Founded Upon Ability, Knowledge and Honesty. Chief of Staff Coming to our City.

It is a source of great satisfaction to those upon whom disease has laid a heavy hand to know that if there is the least possibility of being permanently cured, the staff of the Austro-American Doctors, by careful examination and scientific analysis of the blood, urine and secretions, can positively determine that fact. Pursuing the intelligent and improved methods which their thorough education, continued study and hospital experience points out as the only successful course to follow, their practice is laid upon a solid foundation. Theory and experimentation has never entered their treatment of chronic diseases. They positively know and intelligently act. This is why they have performed cures that astonished not only patients and their friends but have set the regular practitioner to thinking. There is nothing miraculous or supernatural connected with the wonderful cures they have made. This may sound somewhat strange to those who do not look below the surface. Thorough knowledge and common sense are the weapons with which they conquer disease. First, they accurately determine the disease; second, scientific examination locates it; knowledge and experience points out the infallible remedy.

Their record in Omaha is corroborated by those claims and is an open book that may be read by all. Some of the greatest cures they have performed they have never mentioned because parties object to the use of their names and the wishes of such are always respected.

There are thousands in Omaha and surrounding country who have reason to bless the day they gave their confidence into the keeping of the Austro-American Doctors. Not a single one of these thousands can say that they are not entirely satisfied with the treatment they have received both in a business way and professionally. This is a record of which the Austro-American Doctors should be proud, and although their straight-forward methods may have deprived them of many dollars, they are more satisfied with the success attained.

Mr. G. W. Phelps, 1902 N. 25th St., Omaha, an old pioneer of Colfax county having lived at Schuyler, Nebraska, a number of years, is one of the hundreds who has reason to thank the Austro-American Doctors for his return to health. In a letter for publication he says: "I was suffering from progressive paralysis when I read your advertisement in the paper and being unable to work at my trade as a carpenter, I decided to go up to your institute and see what you could do for me. After treating with you three weeks, I commenced work again and have never lost a day since on account of my ill health. All my friends knew that I could hardly raise my hands to my head and when they see me working every day, they can hardly realize that any one could receive so much benefit. For two years before I commenced treatment I was unable to do hardly any work and was in poor health as one would be who was paralyzed as I was."

G. W. Phelps, Aug. 1st, '09.  
Dr. Theodore Milen, the chief of staff will make our city a visit so that all who may be suffering from any chronic disease, such as stomach, liver, kidney and bladder troubles, asthma, gall stones, catarrh, diseases of the blood and skin, disease of men and diseases of women, may call on him and get the benefit of this new system that is curing so many of the people around Omaha and vicinity.

All those who are sick and suffering should try and take advantage of this wonderful opportunity as it is perhaps the only visit the doctor will ever make our city, he coming here this time by special request and can only spend two days. Dr. Milen will be at the Thurston hotel Aug. 18 and 19, where he will meet all the patients wishing to see him.

The Austro-American Doctors have their institute for the State of Nebraska permanently located in the Ramage Bldg., 428 429, 15th and Harney Streets, opposite the Orpheum Theatre.

A Wayside Observation.  
"What I want you to immediately do," said the woman with a determined look, "is to unceremoniously pick up that ax and before eating this lunch to carefully split some wood." "Alas!" exclaimed Plodding Pete, "how unreasonable some women are! They think wood is as easily split as an infinitive."

Woes of London Police.  
Every observing Londoner must have noticed the haggard appearance of the police. Your modern London policeman has no time for steak and midnight soporifics. The shaded area knows his bulky form no more; alas! there is no bulky form to know.—London Sketch.

A Coincidence.  
On the notice board of a church near Manchester the other day the following announcements appeared together: A potato pie supper will be held on Saturday evening. Subject for Sunday evening, "A Night of Agony."—Manchester Guardian.

Be Natural.  
Sidney Smith said, by way of advice: "Whatever you are by nature, keep to it; never desert your own line of talent. Be what nature intended you for and you will succeed; be anything else and you will be a thousand times worse than nothing."

intruding.  
It was hardly dawn and the window was open. The intruder had clambered up the front porch, and the interior of the room looked inviting. He could see that it was the abode of some person of wealth. There were costly ornaments about the room, any one of which would bring handsome returns at a pawnbroker's. A gold clock ticked on the mantel, and a silver service glistened on the table.  
On a couch lay a man, sleeping heavily. His face was red and his hairless crown glistened in the first faint glow of day.  
"This is fine," muttered the intruder. "Here's a baldheaded man first thing. The season is opening in great shape."  
And the first fly crawled over the window sill, and the season of torture had begun.

Saw Battle in Crowds.  
England's airship invasion scare has recalled to a writer in the London Chronicle an aerial specter which appeared long before the flying machine had shown any signs of flying. At Christmas time, 1642, the people of Keniton, in Northamptonshire, were alarmed by the apparition of the real combat which had recently taken place at Edgehill. This ghostly fight was said to have been fought several nights and witnessed not only by the yokels, but even by special representatives of the king, who recognized among the fighters many of their friends who had perished.

One of the World's Great Rivers.  
The Nelson river may be described as one of the greatest rivers of the world as regards the actual volume of water discharged into the Hudson bay. Its total length is approximately 400 miles, and the drainage area is tremendous. Its tributaries cover the whole of Manitoba, the greater portion of Alberta, Saskatchewan, North Dakota and Ontario west of the Great Lakes, where they also enter Montana and Minnesota.
