Items of Interest Taken From Here and There Over the State.

THE MIDWEST LIFE. It costs for life insurance just as it does for other things, for groceries or clothing. Because a man is not dead at the end of the first, third or tenth year does not signify that the company is ahead the premiums paid it. Some have died during these years and it has taken a part of the premiums paid by those still living to pay the death claims. No one who, dies in the first few years his policy is in force has paid the company anything like the amount it pays his beneficiaries. That will be apparent to all on reflection. Life insurance companies are great equalizers. They collect small sums from many and pay large sums to the beneficiaries of the dead, or to the policyholders themselves in case of endowment policies.

The Midwest Life issues all the standard forms of life and endowment policies at reasonable rates. The Midwest Life is an old line Nebraska comto prevent the further payment of the pany. Home Office 1007 "O" street. Lincoln. Write for an agency.

James Teely slept his last sleep on No. 113 swept down on him and while the whistle awakened the man, he could not get up in time. The train broke his skull.

VARIOUS IRREGULARITIES IN OB-TAINING NATURALIZATION.

Act of Last Legislature for Resurvey of Lines in Dundy County Must Walt.

Because of various irregularities in obtaining naturalization papers, sixteen Nebraska residents of different nationalities will probably have to go through the process of being made citizens a second time. Papers have been completed in the office of United States Attorney A. W. Lane for filing in the federal court attacking the validity of their certificates. Most of those whose citizenship is thus called into question live at Omaha and South Omaha, but others are scattered over the state. The list includes Germans, Bohemians, Scandinavians, Italians, an Irishman or two and others of miscellaneous nativity.

The suits to have the decrees of naturalization set aside will be commenced in the districts where the persons respectively live. Only two of the number will be filed in the Lircoln division. In some cases it will be alleged that the individual was naturalized illegally before he had been in this country five years. Another ground will be that some of them were more than 18 years old on arriving in this country and did not make a formal declaration of their intention to become citizens, which is required of all except those coming here as minors. In one or two instances the claim will be made that the certificate is defective because witnesses for the person naturalized were not themselves citizens.

**Dundy Survey Must Wait.** 

Notwithstanding a petition from Dundy county landowners the state land commissioner will not carry out the provisions of the act of the last legislature for a resurvey of a north and south line through Dundy county until the government is given an opportunity to comply with an act of congress introduced by Congressman Norris. By a little more delay the county of Dundy may get a more extensive resurvey from the general government and the state may be ble to save the f by the legislature for a lesser resur-

The act of congress calls for a resurvey of the disputed line and also a resurvey of several townships in Dundy county. Congressman Norris thought he was doing a favor to the people of Dundy county when he got this act passed and he is much surprised now to find that many residents of the townships interested have signed a petition to proceed with the proposed state resurvey of the north and south line. He thinks the people interested do not fully understand the situation or they would not have signed the petition to proceed with the proposed state resurvey of only one line. The legislature appropriated \$525 to resurvey one line. This amount will not be sufficient to pay for the work.

About Bank Assessments.

In reply to a recent inquiry Henry Seymour, secretary of the state board

"State, national and savings banks, domestic and foreign, are assessed upon the value of their capital stock, and taxes are levied upon a per cent basis, the same as all other property in this state is taxed. The value of from which is deducted the real estate and other tangible property of the bank, which is assessed separately. The names of the stockholders and the amount owned by each are listed by the bank, but the tax is levied against and paid by the bank. Trust companies are assessed the same as banks. Building and loan associations are assessed only on their real estate, but the shares of the stock in the same are held to be credits and are assessed to the owners and the members of the association. Deposits in savings banks as well as all other banks are listed and assessed to the depositors. The rate of taxation varies in the several taxing districts of the state because of difference in the amount of the levy for local taxation."

Irrigation Exposition Coming. A good share of the United States Land and Irrigation exposition, which is to be held in Chicago November 20 to December 4, will be on exhibition at the National Corn

Pure Food Prosecutions.

exposition which opens in Omaha December 6.

Although the immediate victims of prosecution are eighteen local butchers, the packing interests in Nebraska are attacked directly in prosecutions brought by Deputy Food Commissioner Mains on charges of misbranding lard, cottolene and other substitutes According to a note left to his wife, for lard. The prosecutions are brought under a section of the pure food act. It is believed that the eighteen defendants will obtain an attorney who will attack the constitutionality of the law as i t stands to-

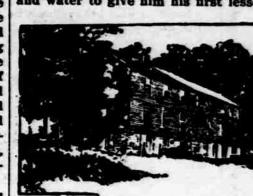

Testing Rights of Clubs. Argument in the Gibson case was heard by the supreme court. The suit involves the right of a club to dispense intoxicating liquors to its members in the face of a ruling by the Lincoln excise board against the practice. As the suit involves all of earth on the Burlington railroad the principles of law bearing on clubs tracks near Johnson. Freight train | that dispense liquors as an incident to such organizations, the decision in the suit may decide the future action of all clubs in Lincoln and other severed his arm from the body and towns or cities where the licensing boards refuse to issue licenses.

HISTORIC KANSAS STRUCTURE

Building Where Bluejacket, Noted Shawnee Chief, Was Schooled, Still Standing.

Kansas City.—There were three denominational missions among the Shawnee Indians, all situated in Johnson county, Kan., the Methodist, the Baptist and the Quaker. The Society of Friends, or Quakers, established their mission in 1834, but the building now in existence was not erected until 1844. It is about one mile east of the town of Merriam, on the farm now owned by Mrs. Emily Loomis. This mission usually schooled about 40 Indian children and the first aid to the heathen is thus described:

"The service to a new pupil was to kidneys, bloated limbs, etc. "The way trim his hair closely; then with soap they have built me up is simply marand water to give him his first lesson velous," says Mrs. Turner, who is a

Where Chief Blue jacket Was Educated.

godliness, which was a very good scrubbing, and a little red precipitate on the scalp, to supplement the use of a fine-tooth comb; then he was furnished with a new suit of clothes and taught how to put them on and off. part of his services with the road was also general manager. He resigned because of a difference of opinion with Louis W. Hill, a son of James J. Hill, and now president of the Great Northern. At that time Louis W. Hill was assistant to the president.

In 1905 Mr. Stevens was made chief engineer of the Panama canal, resigning in 1907 to become vice-president of the New Haven road. He left the New Haven last June.

Solving a Double-Stockinged Mystery Hosiery covers a multitude of shins. No institution that forms part of our daily lives comes closer to us. Therefore, it is only right that the one thing we do not know about it should cause us much mental distress. The question is: Do stockings (and socks) wear out from the inside or in from the outside? We believe the matter is worthy of the attention of a master mind, so we have taken it up. We see on the fashion page that women are going to start wearing two pairs of stockings instead of one, and both at the same time. We are told the effect will be lovely. For instance, a pair of bright green ones underneath, with a pair of gauzy black ones on top, will give a beautiful shimmering Other combinations may be added to suit the taste. All we have to do is to notice which stocking gets the hole first. If it is the inner one, we can deduce that our stockings, and eke our socks, wear out from the inside. If it is the outer one, it is just as 22,000 acres of irrigated Government Land easy to conclude that they wear in in Arkansas Valley. Colorado, will be from the outside.

Novelist's Good Advice. Do instantly whatever is to be done, and take the hours of recreation after | Send for book giving full information. business, and never before it. When a regiment is under march the rear is often thrown into confusion because the front does not move steadily and QUICKEST WITH SAFETY without interruption. It is the same thing with business. If that which is first in hand is not instantly, steadily and regularly dispatched, other things accumulate behind till affairs begin to press all at once, and no human brain can stand the confusion. Pray, mind this: This is the habit of mind which is very apt to beset men of intellect and talent, especially when their own arrangement. But it is like the ivy round the oak, and ends by limiting, if it does not destroy, the power of manly and necessary exertion.—Sir Walter Scott.
