LATE ENACTMENT.

They Are Reinstated by This Decision But Eligibility of Majors Not

The supreme court has declared rold the normal board law which State Oil Inspector Arthur Mullen had introduced in the last legislature. As the court declared the new board invalid it did not pass on the question of the eligibility of T. J. Majors of Peru who was a member of the legislature when he was appointed by Governor Shallenberger. The object of the law was to legislate out of office the old state normal board to give place to a new one that was to be appointed by the governor.

The court overrules the demurrer filed by the new board which alleged that the petition of Attorney General Thompson did not state facts sufficient to constitute a cause of action and that there was a misjoinder of parties. The writ in quo warranto prayed for by the attorney general will be issued declaring the old normal board to be the legally consti-

tuted board. In adhering to the constitutional provision that an act of the legislature must contain but one subject clearly express in the title and that it must name the sections to be amended and repealed, the court finds that the act did not refer in any way to an independent act creating the state normal school at Kearney which says the normal board now in control shall manage that institution. To hold the new act was amendatory of this separate act would be contrary to the constitution and to hold the new act Nebraska Directory constitutional would result in retaining the old board in control of the Kearney school and the new board in control of the Peru school and junior normals.

The opinion says: "The amendatory act contains an attempt to amend and repeal the governing statute of the Kearney normal school by amendment of an independent statute relating to the state normal school at Peru and for that reason contravenes the constitutional provision that no law shall be amended unless the new act contains the section or sections so amended and the section or sections 30

"It was suggested in consultation that the point last above mentioned was not persented on the argument or in the brief of the relator, and therefore should not beconsidered. The answer to the suggestion is that this is an action on behalf of the state brought by the attorney general to lest and determine the question of the validity of the statute in order to further the educational interest of the state, and if for any reason we are convinced/that the statute is unconstitutional we ought to so determine; for if the courts can, under such a pretext, nullify the constitution, we will to uphold."

## Fine Drove of Hogs.

Thomas W. Smith, warden of the state penitentiary, has the finest drove of red hogs in Nebraska at the state institution. The state drove numbers something over 400 of which 106 have been born within the last three weeks and Mr. Smith says he does not intend to lose a pig. In addition to the bogs at the penitentiary Mr. Smith farmed some 500 acres and now has stowed away some 900 bushels of potatoes, his crop, he said, being almost a failure; 350 bushels of turnips, 200 bushels of carrots and 14,000 head

## What Governor Says.

Prosecute the umaha men accused of violating the excise rules. When show, as excursions are already being convictions are had lay the matter beeral. ## A GOOD COUGH MIXTURE

Free from Oplates and Harmful Druge.

An effective remedy that will usually break up a cold in twenty-four hours, is easily made by mixing together in a large bottle two ounces of Glycerine, a half-ounce of Virgin Oil of Pine compound pure and eight ounces of pure Whisky. This mixture will cure any cough that is curable, and is not expensive as it makes enough to last the average family an entire year. Virgin Oil of Pine compound pure is prepared only in the laboratories of the Leach Chemical Co., Cincinnati, O.
