The following was presented by Supervisor Smith:
Mr. Adam Smith,
Columbus, Neb. Dear Sir: Your letter of November 19th, enclosing copy of record of the board of supervisors of your county, received. You submit the proposition as to whether or not there will be any question of the legality of the action of the board in recognizing the election of Mr. J. F. Carrig as register of deeds of your county.

The question as it is put is difficult to answer. The question of the legality of any election can be raised, but whether it can be successfully maintained is quite a different proposition. I suppose the latter is what you mean. I would be inclined to think, and advise, that after what has been done it would be consistent for your beard to recognize the alection of Mr. would be consistent for your board to recognize the election of Mr. Carrig as Togal and valid, whilf the course might in some appropriate proceeding to test the question declare otherwise. I am returning you herewith capy of the record of the proceedings of the board.
