### PLATTE CENTER

From the Signal.  
The bans of marriage were announced last Sunday at St. Joseph's church between Henry Krings, of Cedar Rapids, and Anna Stracke, of this place.

Mrs. K. A. Kehoe returned from an extended visit in Canada last Monday evening. She reports the weather extremely cold and stormy during her stay in Canada.

Henry Dyke marketed eight hogs in Platte Center Monday that brought him a little over \$241.60—\$30.20 cents apiece. That's going some, when it takes a good-cow to bring as much money as a hog—and cows are not on the cheap list either.

D. E. Donohue attended the horse sale at Columbus last Thursday, and purchased a fine matched team, paying, so we are informed, \$450 for them. He started to lead them home behind his buggy and before he was out of the city one of them fell on the slippery street and broke its hip. The animal was left in the care of veterinary surgeons, but it is doubtful if it recovers.

George and John Webster started for Oklahoma Monday to assist Dick Bruns and Andrew Kamm pack up their effects and move back to Nebraska. Bruns and Kamm went to Oklahoma two years ago, but have evidently not made a success of farming down there, else they would not return to Nebraska so soon. We understand that Kamm has rented the Cronin farm and Bruns has rented a farm north of Monroe.

The hearts of Mr. and Mrs. Henry Schumacher were gladdened Thursday night when their son Henry arrived for an extended visit, after the expiration of his four year term in the U. S. Navy. Henry Schumacher, jr., is the youngest child in the family and his home-coming occasioned genuine joy among his many relatives and friends at this place. He left here some four years ago to join the navy, and the thorough training received as one of Uncle Sam's blue jackets developed him into a magnificent specimen of physical manhood, and withal he bears the manners and character of a perfect gentleman. In his travels to all zones and parts of the world he has acquired valuable experience of great educational value. He took a course in electricity while in the service of the government and was doing duty as electrician on the battleship Virginia when his time expired. Mr. Schumacher has the privilege to re-enlist within four months without losing his pay during his vacation of four months, and with increased pay upon a re-enlistment. He is yet undecided as to his re-enlistment and if he does again enter the service he will endeavor to secure recognition as a wireless operator on one of the coast stations.

### MONROE

From the Republican.  
H. L. Smith was transacting business in Columbus Monday.

Geo. Weber is sojourning in Oklahoma with his brother-in-law Dick Bruns.

Mrs. Thomazin expects to leave soon for a visit with her daughter in Illinois.

Tuesday evening the Modern Woodmen installed their officers for the present year, after the ceremonies were finished, all hands sat down to an oyster supper, which was very much appreciated and enjoyed.

Robert B. Sutton was stricken with paralysis about 8 p. m. Dec. 26, 1909, and was called away by death Jan. 8, 1910, a little less than two weeks later. Every thing that skill or loving hands could do was done in a vain effort to save him, but the sands in the Hour Glass of life refused to flow. The reaper stood ready to cut the ripened grain. He was conscious only a part of the time and during those times spoke of his approaching death. Mr. Sutton was born in Glosada, Orange County, New York, July 4, 1837. He was married to Sarah A. Chapman Dec. 4, 1859, having passed fifty years of wedded life together Dec. 4, 1909. One son William M. was born to this union who died at the age of 32 years. He moved with his family to Nebraska in Jan. 1869, and has since resided in or about Monroe. He enlisted as a private in Company B, 126 New York, August 4, 1862 at the age of 24. He participated in the battles of Harper's Ferry and Gettysburg. Was wounded in the battle of Gettysburg, Pennsylvania, July 2, 1863 and was taken prisoner at this battle, being confined in Libby prison until June 1864. He was discharged on account of wounds Feb. 27, 1865. He passed away at his home at Monroe at 11.05, a. m., Saturday Jan. 8, 1910, aged 72 years 6 months and 4 days. He leaves besides his wife an adopted daughter, Mrs. May Terry of Monroe, and three grand-children Robert B. Sutton jr., of David City, Mrs. Jessie Hunsaker of Polk and William M. Sutton, jr., of Monroe, besides a large circle of friends to mourn his loss.

Mr. and Mrs. George Stickle and lit-

tle granddaughter were involved in a runaway accident Saturday evening which terminated very shortly and seriously. They were going home from town and as they were crossing the Northwestern tracks, their team took fright at an approaching train and jumped off the crossing which is graded quite high, throwing them out and injuring her quite badly. Mr. Stickle and the baby were not hurt, aside from the rather severe shaking up.

Thursday F. N. Pierce sold his farm over towards the Loup at public sale. He divided it into two tracts, one of 155 acres on which his house was located to Theo. Borowiak for the sum of \$68.10 an acre and the 80 with the barn for \$93 per acre to Sam Tarnick. These were considered to be very good prices.

John Williamson has been appointed dairyman at the Indian school and moved with his family on to the reservation the first of the week.

Cards were received in this city the last of the week announcing the marriage on January 18 of Dr. Henry Walton and Miss Helen Alford Smith of Baltimore. The groom is the son of Mr. and Mrs. W. E. Walton, formerly of this city and well known to many of our readers, all of whom join the Leader in extending congratulations.

A Nemaha county farmer who keeps his eyes open tells the Auburn Republican that he has found a substitute for high priced corn. He says: "The cheapest way to make pork is to raise rutabagas and feed them in connection with a little clover to the hogs. Three bushels of corn with this feed will take the hog through the winter all right. It makes good pork, too, and at a low price."

### ALBION

From the News.  
The Primrose Record says they had a "waist and arm social" at the preacher's house. We don't know what the modern interpretation of that may be, but that combination wasn't considered proper for public entertainments when we were young.

Quite a delegation from St. Edward and vicinity appeared before the board of commissioners at their session last week and presented their views with regard to changing of the main road between St. Edward and Woodville. The matter was fully discussed and taken under advisement by the board.

Mr. and Mrs. George Stickle and lit-

### SCHUYLER

From the Sun.  
Last Friday at the preliminary trial Walter Ralston and Harry Brown were bound over to appear in district court at the February term to answer the charge of holding up and robbing Frank Verba two weeks ago at the Shell creek bridge north of town. Neither of them has yet furnished bond which was placed at \$1,000, and both are in jail.

Mr. Eugene Corson spent Sunday night in Schuyler, being on his way from Silver Creek to Rogers with his live stock. Mr. Corson will be remembered by many as an old resident of Colfax county, having left here some eleven years ago. He thought the weather too dangerous to ship his live stock and the distance was not too far to drive them overland. He is going to reside on the Wheeler farm near Rogers. Mr. Corson lived in Colfax county when the nearest railroad was Iowa City, Iowa, his father moving here with the family in 1857. Mr. Eugene Corson's father, R. W. Corson, was the first county treasurer of Colfax county and helped to organize the original county.

The first official act of Sheriff Kunkle was to go to Lincoln and bring Gerald Kubik back to Schuyler for forgery. About three years ago Kubik, who is a young man, asked for the loan of \$150 from the bank of F. Fonda. He was told he could have it if his mother signed the note. He was given a note to take to his mother to sign and later returned with his mother's name. A year later when the note was presented for payment Mrs. Kubik claimed to have not signed it, so the bank swore out a warrant for him which has been in the hands of the sheriff for a long time but he seemed unable to locate young Kubik. When Sheriff Kunkle took the office Jan. 6th he begins a search for young Kubik and located him in Lincoln. He wired the authorities there to arrest and hold him. The sheriff went down and returned Monday evening with the prisoner who is now in the county jail.

### BELLWOOD

From the Gazette.  
A new farmers elevator is now talked of for Bellwood. A meeting was held Saturday afternoon, at which time a committee was appointed to secure the services of an organizer.

The American apple at its best has long been recognized as one of the most healthful and appetizing of fruits. It now has a new claim to public favor. An Iowa physician, a prominent member of the National Medical society, alleges that apple eating cures the desire for strong drink.

When a western Nebraska editor was told of a lady in his town who kneaded bread with her gloves on, he came back in this truthful wise: "This indeed may be somewhat peculiar, but there are others. The editor of this paper needs bread with his pants on, and unless some of the delinquent subscribers to this Old Rag of freedom pay up before long, he will need bread without a blamed thing on—and Nebraska is no Garden of Eden in the winter time, either."

Boys with hats on the back of their heads and long hair hanging down over their foreheads and cigarettes and very smutty stories in their mouths are cheaper than old worn out work horses. Nobody wants them at any price. Men don't employ them and sensible girls won't marry them. They are not worth their keeping to anybody and it is not likely they will be able to keep themselves. If anybody should happen to read this who answers to the above description, let him take a look at himself and jump in a well and say: "Here goes nothing."

### Not Mechanical.

A song and dance comedian was working in a cheap vaudeville house where a performance was given hourly. The tired performer had made nine appearances and had fallen asleep on his trunk when the manager poked him in the ribs and said: "Hey, you—wake up! It's time for you to go on again." "Say," retorted the performer, "I can't go on again. What do you take me for—a film?"—Metropolitan Magazine.

# Annual January Sale of OVERCOATS

# GREISEN BROS.

### A STARTLING STATEMENT.

New York Medical Authorities Claim Dyspepsia to be a Pre-Disposing Cause of Consumption.

The post mortem statistics of the big New York hospitals shows that some cases of consumption are due, at least indirectly, to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain. The weakened, irritable stomach being unable to digest food, the body does not receive the required nourishment, and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field in which the germs of disease may lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing towards the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia may be completely eradicated if properly treated. We sell a remedy that we positively guarantee will completely relieve indigestion or dyspepsia, or the medicine used during the trial will cost the user nothing.

This remedy has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and our offer should be proof positive that Rexall Dyspepsia Tablets are a dependable remedy.

Inasmuch as the medicine will cost you nothing if it does not benefit you,

### COLUMBUS

## MEAT MARKET
