is an arbitrary word used to designate the only bow (ring) which cannot be pulled off the watch.

Here's the idea

The bow has a groove on each end. A collar runs down inside the pendant (stem) and fits into the grooves, firmly locking the bow to the pendant, so that it cannot be pulled or twisted off.

It positively prevents the loss of the watch by theft, and avoids injury to it from dropping.

IT CAN ONLY BE HAD with Jas. Boss Filled or other watch cases bearing this trade mark—

All watch dealers sell them without extra cost. A watch case opener will be sent free to any one by the manufacturers.
