Have you any idea of the number of people who pass on the south side of O street between Eleventh and Twelfth each day. And out of the total number how many stop at the handsome store of E. Hallett and admire the jewelry of every description displayed in his window? "Of course," said Mr. Hallett, to a COURIER scribe, "it is impossible for the people to have any idea of the amount of watches, diamonds, rings, pins, earrings, chains, and silverware of all kinds that we carry. We have some very late novelties in scarf pins for the gentlemen and will at all times have the very latest in that line. We also have a fine line of canes and if anyone wants to make a gentleman a present of a nice gold headed cane with his name engraved upon it is about as nice a present as he could wish for.

Mr. Hallett then remarked that he had the finest line of diamonds in the city and would be pleased to show them to anyone who might wish to see.

If you have never been in Mr. Hallett's place at 1143 O street you have missed seeing the finest jewelry store in the state.

Hood's Sarsaparilla is the remedy for such a condition, and also for that weakness which prevails at the change of season, climate or life.

Hood's Pills are purely vegetable, carefully prepared from the best ingredients. 25c.
