

A FRIEND

Speaks through the Boothbay (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

A Washington Correspondent's Ruse That Bore Unexpected Fruit.

There will probably be a surfeit of election stories, but here is one that is too good to be missed. The day that Secretary Carlisle decided to release Morton's coachman, John Shriver, correspondent of the Cincinnati Times-Star, was over in the treasury building talking with Van Senden, Carlisle's private secretary. They mixed their conversation up with politics, and finally Johnny said, "I'll bet you five that Howard will drive Morton up to the statehouse to be inaugurated as successor to Flower." Van Senden covered the bet, and two crisp \$5 bills were put in the hands of R. J. Wynne.

After retiring from the secretary's room Wynne said: "Johnny, what did you make a bet of that kind for? He has got two chances at you. If Howard is sent back, you lose, or if Hill is elected you lose."

"Oh, that is all right," responded Shriver. "I only bet him to find out what Carlisle had decided to do. They have decided to deport him, or Van would not have made the bet. I'll go right over and send it."

Shriver was about to rush for the telegraph office with his exclusive news when Wynne suggested that it would be just as well to ask Immigration Commissioner Stump about it, and there they found that he was preparing a telegram, to be signed by Secretary Carlisle, ordering the release of Howard. It seems that Van Senden had not been taken into the confidence of the secretary upon a recent decision, and it was on the cards to deport Howard when he had last been informed. Now it remains to be seen whether Howard will really perform this duty, upon which Shriver has risked his money, when Governor Morton rides up to be inaugurated. It is claimed that influence will be brought to bear which will enable the versatile Shriver to win his novel wager. Wynne says he will hold the stakes until after the governor is inaugurated. — Washington Star.

A French scientist expressed his opinion that all mountains will vanish off the face of the earth in the course of time. He declared that if the actual natural forces at work upon our globe retain their present intensity all inequalities of surface will be leveled in 4,500,000 years.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

In Agony

15 Years With Salt Rheum

Hood's Sarsaparilla Gave a Perfect Cure.

"C. I. Hood & Co., Lowell, Mass.:"

"Hood's Sarsaparilla is an excellent medicine. I had eczema in my left leg for fifteen years. Part of the time my leg was one mass of scabs, and about every week corruption would gather under the skin and the scabs would slough off."

The Itching and Burning

sensation made me suffer indescribable agonies. I spent a great deal of money for different remedies but I did not get relief. About a year ago, leading physicians advised me to take Hood's Sarsaparilla. I did so and have taken five bot-

People going east should remember that the North Western (Elkhorn) line offers a morning and afternoon train for Chicago and the time is equal to the best. The morning train and connections enable passengers to reach many points in central and northern Iowa in one day. The general equipment and tracks of this line is unequalled. Try the Northwest line.
