

THE JEWEL, OR THE SHRINE?

Christ left us an heritage, rich and rare,
The jewel of our faith, with tenderest care
To be guarded. Year by year,
The temple we builded to embody it here
More stately has grown; more brilliant with
light,
Perfume of flowers, symbols dear to the
sight.
What need of the three moral graces? With
green
Our alters we drape, that's for Hope and
has been
Since the dove to the ark brought a tiny
green spray,
Or the first blades of spring forshadowed the
May.

There is Faith, all white embroidered in
gold,
Or bring out the red for the one that of old
Was greatest of these. O Love divine
In thy brilliant hues, the martyrs shine.
But the graces, themselves, do we wear
them yet,
Or is it merely the colors we do not forget?
With music entrancing our senses we lull,
From the words of the preacher, sweet ex-
tracts we cull,
But the spirit Christ left us seems to be lost,
Is it scattered by symbols, or crushed 'neath
the cross?

Not the plain wooden cross of Cavalry's
height,
Our symbol of faith, but gleaming bright,
A brazen standard to which we bow,
As the gorgeous processional passes now.
Are these riches to honor One above?
Or to pleasure ourselves, whom most we
love?
Do we worship, O Lord, the jewel that is
thine,
Or only man's work, the beautiful shrine?

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

We have purchased (because it is just the thing we have needed) the Columbian Cyclopedic Library, consisting of the Columbian encyclopedia, which is also an unabridged dictionary thirty-two volumes of convenient size neatly bound, four volumes of the annual cyclopedic review, four volumes of current history for 1896, one Columbian atlas and the neat convenient revolving oak case with glass doors. From the evidence obtained we find that some part of this work is placed in the best private and public library in this country an abroad, for the reason that they cover a field relative to the past, present and future progress and achievements of the human race not attempted by others. The plan is original, and the work throughout is carefully and ably written.

Current history contains 220 pages, is issued two months after the close of each quarter, this length of time being taken to reduce all information received to be an absolutely reliable and authentic basis. If these are kept on file, this magazine will prove a permanent and invaluable record of all important movements in political, social, religious, literary, educational, scientific and industrial affairs.

The magazine will be indispensable to all people who have encyclopedias, as it will be needed to keep these works up to date. To those who do not own encyclopedias it will be doubly valuable as their source of information is more limited. About March of each year the four volumes of current history are bound into one volume, known as the Annual Cyclopedic Review. There are now four of these bound volumes covering years 1892-3-4 and 5. The work has for endorsers and subscribers in this city and state such people as Mr. Gere, editor-in-chief of the Lincoln State Journal, Hon. Joe Bartley, state treasurer, Hon. W. J. Bryan, Mr. Miller, editor of the Northwestern Journal of Education, Hon. H. K. Corbett, state superintendent of public instruction, Dr. R. E. Giffen.

Every reading person has felt the need of brief summaries of current topics and events. The daily, weekly and monthly periodicals and papers may furnish data sufficient, but the labor of collecting and digesting it is frequently out of proportion to the result obtained. A most satisfactory summary may be found in the quarterly journal has been of invaluable service to the library covering a field that no other attempts.

Subscription price, \$1.50 a year in advance; bound volumes, cloth, \$2.50; half morocco, \$2.50; library sheep, \$2.50; embossed sheep, \$3.50; three-fourths perston, \$4. Complete library from \$36. to \$108; cases from \$6. to \$44.

The complete library is sold on monthly payments to suit purchaser. City subscriptions will be received at the Courier office for a limited time only, or at Mr. H. W. Brown's book store, direct all other correspondence to C. S. Borum, general agent Lincoln Neb.
