An informally jolly club affair of the week was a picnic by the Nineteenth Century club of Seward Tuesday evening. The members of the club took baskets filled with good things and went to Seward park, a pretty place in the edge of the pretty town and there under the trees spread such a menu as the gods might have enjoyed. The weather was propitious, a little rain to settle the dust, just enough cloud to screen the hot evening sud and a fine breeze, ideal picnic weather. And then to clap the climax the park had just been mowed and the sweet scent of the hay was like the perfumes that graced the feasts of the ancient Romans. A number of invited guests were present among them being Mrs. S. C. Langworthy, president of the History and Art club of Seward, and William Reed Dunroy of Lincoln. After every one had done full justice to the good cookery of the members of the club, the eatables were cleared away and then took place an unique game, nothing less than a hay fight. All entered into the fight and when the battle was over they all had hayseed in their hair. The new officers of the club have been elected as follows: President, Mrs. R. P. Anderson; vice president, Mrs. Harvey Miller; secretary and treasurer, Miss Maude Polley. A corresponding secretary or reporter for the club is to be elected later. The program for the year as mapped out contains modern themes. Much attention will be paid to current events, current literature and the magazines will be used for references more than books. American authors and American happenings will engross the attention of the club.

The city improvement society has issued the following circular to the citizens of Lincoln:

"The City Improvement Society of Lincoln was organized in January, 1897.

This society was organized for the purpose of promoting in Lincoln a higher public spirit and a better social order; to arouse in the citizens an increased enthusiasm for all things uplifting to our city. Its aim is to co-operate with the city authorities, to assist them in enforcing regulations nearly touching the comfort and well being of the citizens, and to promote a better under-

standing and appreciation of our city government.

The members of the City Improvement Society agree to improve and make attractive their own premises, and to assist in keeping clean the streets and alleys of the block in which they reside.

The plan is to district the city, ultimately securing one person in east block who will interest her or himself in securing neatness and order in the immediate neighborhood.

Any one interested in these objects may become a member by the payment of twenty-five cents per year.

Please notice the following ordinances:

KITCHEN WASTE.

1030, § 21. The permitting of slops and garbage to be deposited in manure heaps and thrown in the alley is hereby declared to be a public nuisance, and every occupant of any house, block, or dwelling within said city is hereby required to put all slops, garbage, and kitchen waste into a receptacle on the inside of the alley fence or alley line. And any person who shall violate any of the provisions of this ordinance shall upon conviction be fined in any sum not exceeding \$20 and stand committed until such fine and the costs of prosecution are paid.

REFUSE—PAPERS.

1131, § 21. No person shall throw, cast or put into, drop or leave in any street, alley, lane, public place or any uninclosed public grounds in the city of Lincoln, any stone, missiles, nails, ice, glass, iron or any other metal, or any hay, straw, paper, parings of fruit or vegetables, or any other article or thing, except ashes on unpaved streets or alleys.

PEELINGS.

1134, § 22. No person shall throw, cast, lay or place on any sidewalk in the city of Lincoln, the rind or peel of any orange, banana, apple or other fruit.

WEEDS.

1128, § 16. It shall be unlawful for any owner of any lot or parcel of ground in this city to allow or permit weeds to grow, or remain when grown, on such lot, block or parcel of ground, but all weeds growing on any lot, block, or parcel of ground shall be cut close to the ground and so kept.

A hearty invitation is extended to you personally to become an active member of this society. We need you. Our hope lies in public opinion. Will you do your part in framing a healthy one for Lincoln?

The clubs of Crete met in union or federated session on Friday, June 11.

The secretaries of the following clubs read annual reports: Round Table, Social and Literary club, Sorosis, Mutual Improvement club, Columbian club. The reports were very interesting, showing that the various clubs were covering the field of literature, history and current topics. Those departments of knowledge, the study and understanding of which require laboratories and apparatus not at present accessible to women's clubs, are the only subjects they do not attempt. Probably on account of the college atmosphere at Crete the clubs of that place have made a particularly brilliant record. The discussion of the question, "Resolved that men be admitted to our clubs," followed the reports. Mrs. Nellie Richardson, of Lincoln, was made chairman, and the discussion of the question was lively and earnest. The same arguments were used in opposition to the resolution that men use to express the reasons for their disapproval of woman suffrage, viz: the destruction of the home, the mental inferiority of the male, the reduction of the efficiency of the clubs, etc. The resolution was voted down. After a recess, in which votes were served, the officers for the ensuing year were elected and the president of the Woman's club for the past year, Mrs. F. I. Foss, made her farewell speech. Mrs. Foss has been a most efficient and popular officer. Mistress of parliamentary practice, she has presided at the meetings with the dignity and composure natural to her. Her decisions have been fair, and she retires with distinction. The following officers were elected for the coming year: President, Mrs. A. V. Mathews; vice president, Mrs. Norman Jackson; secretary, Miss Mary Tibball; treasurer Mrs. McCar-
