THE
BEST
QUALITIES

THERE NEVER has been a time when we have not been able to place on sale the best that is manufactured in all lines of Dry Goods. The prices on all goods are as low as quoted by any merchant doing a legitimate business. Any mistake or unsatisfactory purchase is always made satisfactory to the purchaser and at all times courteous treatment may be depended upon.

IT HAS ALWAYS been the aim of this firm to at all times consider the interests of all patrons in return for the liberal patronage that we have received. We wish to thank you for your trade of past years and hope that in the future we may still count you a friend and patron.

NEXT WEEK we can offer you some excellent bargains. Bargains that are bargains. Bargains which mean money in your pocket.

PROMPT
DELIVERY

THOUGH lines are broken there are still some excellent values to be gotten and in order to secure the best you must not delay. A good thing is always picked up quick and the one who comes first will be first served.

the program) often fill the afternoon, and the club prefers to advance slowly, rather than spoil their enjoyment by undue hurry; and as to the program no one expects it to be infallible.

The regular meeting of the Woman's club will be held in the club room, 1125 N street, on Monday afternoon, January 3d at three o'clock. The program will be given by the Art department and will be as follows:

Violin solo—Silence Dales. Piano accompaniment by Mrs. Dales.

Report of committee for pictures in the Lincoln public schools—Mrs. A. S. Raymond.

Mysticism and Symbolism in the Religious Art of Italy—Mrs. B. F. Bailey.

Description of the Holy Grail series of paintings by E. A. Abbey in the Boston public library—Miss Mary M. A. Stevens.

Memories of a Recent Tour in Italy—Mrs. D. Newman.

Vocal duet—Mrs. Helen Miner and Mr. A. A. Scott. Piano accompaniment by Mrs. Scott.

The state federations of Pennsylvania and New Jersey are giving considerable attention to the subject of forestry. The Forestry and Palisades Protection Com-

mittee of New Jersey have established a travelling library of forestry and recommended that schools, public libraries and reading circles be provided with suitable literature on the subject. Nebraska has not many trees to preserve, but more interest might be taken in Arbor Day and the planting of new ones, as well as better care taken of the trees already in existence. Some interest has been taken in this subject by the Village Improvement Association in connection with its work among the school children.

All local club meetings have been omitted during the holidays and but few will occur next week. The meeting of the Woman's club will be held on Monday and the department of parliamentary practice will take up "Undebatable Motions" on Tuesday.
