GLOTHING BUYING

IS NOW HERE.

We are anxious that all parents of boys should see our grand display. Here you will find all the novelties in vesture suits and blouse suits for little fellows, age three to ten years. These we have in hundreds of strictly new designs of checks, plaids and mixtures, besides plain colors of blue, black; red and brown. Some of the vesture suits have vests made of the same material as suits, others have fancy plaid vests, and still others come with silk vests, either single or double breasted. There are hundreds of combinations as to make and trimming of these little coats, viz: sailor collars, plain or fancy; small collars, satin faced; small collars, braided edges; small collars, fancy trimmed. They also come in double and single breasted effect. No matter how many styles we may show you, each particular style is in some marked effect differen from all others, and every garment is in itself strictly a work of art. Our prices for stylish made clothing for little fellows are perhaps 20 to 33 per cent lower than our nearest followers.
