## "Colonial" Furniture.

Authentic reproductions of historic old colonial pieces, notable in beauty of lines, excellence of construction and finish—a pleasing change from the over-ornamented, chaotic style so common in every store.

We illustrate two patterns and invite your critical inspection of our roll-end mahogany beds with pieces to match. Mahogany card, parlor and work tables; Priscilla

Mullan chairs, Quaker chairs, rush bottom, fancy and dining chairs, music cabinets, buffets parlor chairs.

None of the "old feeling" has been lost in reproducing this table. Further enrichment than the rare figured San Domingo mahogany would be out of place. Satin or polish finish; several sizes, \$15.00 to \$30.00.

An old southern home furnished the original of which this is a copy. The graceful lines of this mahogany frame, the solid color of the silk upholstery makes a severe, yet elegant, parlor furnishing; and there's a curve in the back, a shape in the seat that gives to one a satisfying restfulness so seldom found in beautiful parlor furniture.
