

Mrs. J. H. McMurtry gave a reception Thursday afternoon which was characterized by elegance and refinement in every detail. The handsome house with its beautiful furnishings made an effective setting for the lovely flowers and elaborate toilettes. Mrs. McMurtry received her guests in an exquisite toilette of black chantilly lace over white taffeta. Many smart costumes were worn by the assisting ladies and the guests. The decorations were very satisfying. In the drawing room a jardiniere filled with long stemmed American beauties was reflected in the mirror. In the sitting room great bunches of chrysanthemums called forth exclamations of delight. The dining room was a room of beauty. The table was laid with a cloth having a deep border of Mexican drawn work. Down either side of the table was a band of wide pink satin ribbon. A mirror in the centre held a large bowl of pink roses and maiden hair ferns and the delicate fronds of asparagus ferns filled the interstices in the lace like decorations of the chandelier. Mrs. John B. Wright, wearing a gown of real lace over white taffeta and a white aigrette in her hair, served pink ice cream and Mrs. S. H. Burnham, in a gown of old rose crepe de chine, poured coffee. They were assisted by Mrs. Mansfield and Misses Burnham, Cochrane, Harper, and Foster. The punch room upstairs was in green and white. A brass candelabrum bearing five green candles in a row stood in the centre of the table and on one side was a bowl of white chrysanthemums, on the other a large hand-painted china punch bowl, from which a refreshing beverage was served by Miss Edna Harley, assisted by Misses Helen Nance, Frances Gere, Edith Foster, Myrtle Wells, and Mrs. F. M. Fling. Mrs. McMurtry was assisted in the reception hall by Mrs. F. M. Hall and Mrs. G. M. Lambertson, and in the drawing room by Mesdames W. J. Lamb, W. A. Green, C. H. Rudge, W. L. Dayton, A. Putnam, and Miss Saunders. A trio of young ladies played lovely music.

A staff of eminent physicians and surgeons from the British Medical Institute have, at the urgent solicitation of a large number of patients upon their care in this country, established a permanent branch of the Institute in this city in the Sheldon block, corner of 11th and N streets.

These eminent gentlemen have decided to give their services entirely free for three months (medicines excepted) to all invalids who call upon them for treatment between now and Dec. 6. These services consist not only for consultation, examination and advice, but also of all minor surgical operations.

The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted, and under no conditions will any charge whatever be made for any services rendered for three months to all who call before December 6th.

The doctors treat all kinds of disease and deformities and guarantee a cure in every case they undertake. At the first interview a thorough examination is made, and if incurable, you are frankly and kindly told so; also advised against spending your money for useless treatment.

Male and female weakness, catarrh and catarrhal deafness, also rupture, goitre, cancer, all skin diseases, and all diseases of the rectum, are positively cured by their new treatment.

The chief associate surgeon of the Institute is in personal charge.
