ESTABLISHED IN 1886

HOME OF NEBRASKA'S GOVERNOR

(Photo by Mrs. H. C. Victor.)

The executive mansion at Fifteenth and H streets, south of the capitol, by common consent is one of the most imposing residence structures in Nebraska's capital city. It was bought by the state during the administration of Governor Poynter, and in turn has been the abode of Governors Dietrich and Savage. It is a credit to the state and to the judgment of the legislature which authorized its purchase.
